Mr. Siegert moved to amend by inserting the words and figures:

## "DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

### BUREAU OF CHARITIES.

Item 160. Toward reorganizing and rebuilding the Philadelphia General Hospital, one million (1,000,000) dollars."

Which was not agreed to.

Mr. Connelly, as a question of personal privilege, requested the printing of the following:

Which was agreed to.

There is no disposition on the part of Councils to in any way delay the appropriation for the Philadelphia Hospital. One of the pledges in the last municipal campaign was that a million dollars would be appropriated in the first loan bill for the general improvement of the Philadelphia Hos-

pital; this loan bill, however, was declared invalid by the Supreme Court, and, therefore, when a new loan was being formulated the Mayor did not desire any item in that bill for the Philadelphia General Hospital. When he found that it could not be stricken out, he then wanted the item cut to \$500,000, which was not agreed to.

The present situation is that the million dollars is borrowed specifically for the general improvement of the Philadelphia General Hospital and cannot be used for any other purpose. When the present loan bill was being formulated not even tentative plans or suggestions were available; consequently the language used was broad enough to cover anything that might be necessary for remodeling, reorganizing or rebuilding the hospital.

The medical fraternity of Philadelphia are interested in this matter, and they should be consulted and express their views as to what ought to be done. This matter was originally taken up with a committee representing the various medical societies, and it would be extremely unfortunate at this time to allow the question to be made a political football by the Administration or others to attempt to hamper the carrying out of this work by contemplated legal proceedings as suggested in the newspapers.

There are about fifty-four hundred inmates in this institution, and provision will have to be made for the transferring of the greater portion of this number before the improvement can go on. At the present time no provision has been made for transferring any of these inmates, and in addition thereto the question of whether the institution is to be remodeled on the old lines or a new scheme of improvement substituted has not been determined.

The use of the old walls would save the City hundreds of thousands of dollars, and even this question has not been considered by the authorities, and, therefore, it would be foolish on the part of Councils to appropriate this money at this time, when it is apparent that if borrowed it would only lie in the City Treasury for a long period until the general scheme of improvement is intelligently worked out.

The Chairman of the Finance Committee and the Chair-

man of the Sub-committee on Wednesday of this week had a conference with Director Ziegler, of the Department of Public Health and Charities, and in that interview the Director admitted that at the present time he had no scheme of improvement worked out, and did not know what provision would be made for the transferring of the inmates during the time of building.

JOHN P. CONNELLY.

NAYS—None.

A majority of the members elected having voted in the affirmative,

It was agreed to,

And the bill passed.

Also, moved to proceed to second reading of Common Council bill (Appendix No. 12) entitled "An Ordinance authorizing the Directors of the Departments of Wharves, Docks and Ferries and Public Safety, respectively, to sell the boats "Eunomia," "Inspector" and "Visitor."

Which was agreed to.

The first and only section was again read.

Also, moved to amend by adding the following:

"SECT. 2. The Director of the Department of Wharves, Docks and Ferries be authorized to offer at public sale

and dispose of to the highest bidder the City Ice Boat 'John Weaver': *Provided*, That the said highest bid shall not be less than four hundred thousand (400,000) dollars, and shall be subject to confirmation by Councils: *And provided further*, That any money received from the sale of said boat shall be subject to appropriation during the year 1915."

Mr. Conn raised the point of order that the question of selling the ice boat "John Weaver" had never been presented to Councils or considered by a committee.

The President decided that under the Act of May 23, 1874, all bills must be referred to a committee, returned therefrom and printed for the use of the members, consequently decided the point well taken and that the amendment was contrary to law.

The question being on agreeing to the section,

It was agreed to.

Mr. Siegert presented the following:

"Although the ordinance in its present form may be found to be impractical in that it contains specific terms, instead of general terms, which an ordinance to authorize a loan should contain, and although I feel that the question of specifying the routes should be left for future legislation, nevertheless, as the ordinance provides for the Subway from League Island to Olney avenue, for which I stand unalterably and which the citizens of the Forty-second Ward demand, I therefore vote in the affirmative on ordinance as amended.

"WILLIAM P. SIEGERT."

The President *pro tem.* presented the following:

*Philadelphia, June 29, 1915.*

MR. WILLIAM H. FELTON,

Chief Clerk of Common Council.

DEAR SIR:—Absence from the City will prevent me from attending the sessions of Common Council on Wednesday, June 30th and July 1st. I have appointed Robert Smith President *pro tem.* for both of these meetings.

Yours truly,

GEORGE McCURDY,

*President.*

Also, presented a communication from the Director of the Department of Public Safety, requesting legislation to prohibit the hauling of loose hay through the streets of the City during busy hours.

Which was read, and referred to the Committee on Police and Fire.

Also, presented a communication from the Philadelphia Chamber of Commerce, urging legislation for the placing of the Convention Hall at Twenty-fourth and Chestnut streets.

Which was read, and referred to the Committee on Finance.

Also, presented a communication from the Jitney Auto Service and individual jitney drivers, protesting against the pending ordinance for the regulation of the jitneys.

Which was read, and referred to the Committee on Law.

The Secretary to the Mayor was introduced, when he presented a message from the Mayor, again requesting action on the bill authorizing the substitution of gas lamps for gasoline lamps throughout the City. (*Appendix No. 333.*)

Which was read, and referred to the Committee on Finance.

Also, presented a further message from the Mayor, forwarding copy of letter from the Director of the Department of Public Works requesting legislation to authorize the opening of certain portions of Broad street. (*Appendix No. 334.*)

Which was read, and referred to the Committee on Highways.

Also, presented a further message from the Mayor, returning, with his approval, Common Council bill (*Appendix No. 276*) entitled "An Ordinance to authorize certain transfers in the annual appropriations to the Departments of Public Safety, Public Works, Public Health and Charities, Supplies, City Commissioners, Clerk of Quarter Sessions, Coroner, and City Treasurer, for the year

1915," except for the following item: "Coroner: Item 5. Filing cases, racks, lockers, etc., one thousand five hundred (1,500) dollars." I approve the above item in the sum of one thousand four hundred and forty-five (1,445) dollars, and withhold my approval from the balance thereof. Thereby reducing the amount transferred from Item 15 (d), general repairs to Morgue, Bureau of City Property, Department of Public Works, from five hundred (500) dollars to four hundred and forty-five (445) dollars. (*Appendix No. 335.*)

The message was read.

The question being, Shall this item stand notwithstanding the objection of the Mayor?

Mr. Connelly moved that the message and item be referred to the Committee on Finance.

Which was agreed to.

Also, presented a further message from the Mayor, requesting the recall, for purposes of amendment, of Common Council bill (*Appendix No. 278*) entitled "An Ordinance to authorize a transfer in the appropriation to the Department of Public Works under ordinance approved January 31, 1905, for the improvement of the Parkway." (*Appendix No. 336.*)

The message was read.

The President *pro tem.* (by request) presented a bill entitled "An Ordinance to purchase the square bounded by Eighteenth, Nineteenth, Vine and Wood streets as a site for the Convention Hall."

Which was referred to the Committee on Finance.

Mr. Deutsch read in place a bill entitled "An Ordinance to revise the curb line and grade on the south side of Walnut street, from a point about 92 feet east of the east curb of West Washington Square, to Sixth street."

Which was referred to the Committee on Surveys.

Also, read in place a bill entitled "An Ordinance to repave Sixth, Seventh, Panama and Delancey streets, surrounding the McCall School, in the Fifth Ward."

Which was referred to the Committee on Highways.

## APPENDIX No. 1.

OFFICE OF THE MAYOR.

*Philadelphia, January 7, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—During the last three months I have repeatedly called the attention of your Honorable Bodies to the importance of passing as promptly as possible the appropriation ordinances making available the proceeds of the \$11,300,000 loan ordinance which I understand will be passed finally this afternoon. The following language is quoted from the last message that I sent you on this subject, under date of December 10th:

“These appropriation ordinances should be drafted in their final form as quickly as possible by the Finance Committee and introduced at an early meeting of Councils, so they may be in position for final passage immediately upon the approval of the loan ordinance. The introduction and report from the Finance Committee of the appropriation ordinances need not wait for final passage of the loan ordinance. This matter has been carefully considered by the City Solicitor, and he has given me a definite opinion to this effect.”

All of the information necessary for the preparation of these appropriation ordinances has long since been supplied to the Finance Committee by the several Departments, and they have stood ready, as I previously informed you, to supplement this information in any way upon re-

quest of the Committee; yet, upon the receipt this week of the Appendix to the Journal of the last meeting of Common Council, I find that no loan appropriation ordinances have yet been reported to that body. This is a most unfortunate delay, and I trust you will instruct your Finance Committee to report these ordinances at to-day's session.

As I have pointed out to your Honorable Bodies in former messages upon this subject, promptness in the passage of these ordinances means early placing under contract of great public improvements and the early employment of large numbers of men now out of work.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## APPENDIX No. 2.

### OFFICE OF THE MAYOR.

*Philadelphia, January 7, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I received two letters, of which copies are attached, under date of January 6th, from the Director of the Department of Public Safety, calling attention to essential appropriations that were omitted from the annual appropriation ordinance. These include, among others, items for incidental expenses incurred in the investigation, arrest and conviction of criminals, and for the renewal of the equipment of the motorcycle squad. Because of the insufficient appropriation for the first of these purposes last year, money had to be advanced by police officers and detectives, and an ordinance reimbursing the amounts was passed by your Honorable Bodies in the closing month of the year. You will agree with me that the City should,

by ordinance, supply the needed funds, and that the burden of advancing the funds should not fall upon employees of the Department of Public Safety.

I hope the Director's reasonable recommendations may receive your early and favorable attention.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

---

DEPARTMENT OF PUBLIC SAFETY.

*Philadelphia, January 6, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of Philadelphia.

DEAR SIR:—There are a few items which it is imperative that Councils take action on immediately and provide funds for, viz.:

If an appropriation of ten thousand (10,000) dollars is made at once, we will be able to exchange our present motorcycles and secure fifty-five new ones by taking advantage of a rebate which we can secure of approximately \$75 for each machine. If we fail to take advantage of the opportunity offered, a few months' more use will prevent our being able to secure anything in the way of rebate. Then, too, the advantage of securing new machines is shown by the fact that a year's guarantee accompanies the new ones.

In Item 21, Fire Marshal's office, only \$200 was provided. This item provides for the keep of horses, automobiles, transportation, etc., and requires not less than \$2,000.

No appropriation of any kind was made to the item to repair the automobile of the Superintendent of Police. I need not tell you how important it is that this particular automobile be always kept in good condition.

I will thank you if you will call these matters to the attention of Councils.

Yours very truly,

(Signed) GEORGE D. PORTER,

*Director.*

---

DEPARTMENT OF PUBLIC SAFETY.

*Philadelphia, January 6, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of Philadelphia.

DEAR SIR:—In the annual appropriation to the Bureau of Police, for the year 1915, Councils failed to provide a fund for the following items:

“For the detection, arrest and conviction of offenders, foreign telegraph service, investigation and procuring evidence in the alleged violation of the law and for the pursuit of criminals, at the discretion of the Director of the Department of Public Safety, and for carfare of officers: *Provided*, The Director may draw in advance of the actual expenditure of money, the sum of warrant to be one thousand (1,000) dollars, said money to provide emergency cash fund for the above work, twelve thousand (12,000) dollars.”

I cannot tell you how imperative it is that a fund of this kind be provided immediately; otherwise the important work now carried on by the detectives and special officers will be fruitless.

Last year a period of five months elapsed before the detectives and special officers were able to secure the moneys which they advanced for purposes above mentioned. This fund should be provided in advance, as good work cannot be had where the men in the service are called upon to advance moneys from their already meager salaries.

I would appreciate it if you will communicate with Councils, urging the necessity for an immediate appropriation.

Yours very truly,

(Signed) GEORGE D. PORTER,

*Director.*

APPENDIX No. 3.

OFFICE OF THE MAYOR.

*Philadelphia, January 7, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I notice that your Honorable Bodies have again failed to provide a salary for an Assistant Director of Public Safety. I am informed that some members of the Finance Committee have waived this question aside by simply saying, "the position is not needed." This seems to me a strange position to take with reference to an important office that has existed under previous administrations, especially when it is considered that under the last administration not only an Assistant Director, but even an Assistant Superintendent of Police, was employed. The services of the latter official were dispensed with as soon as I entered office.

An Assistant Director is certainly as much needed, and even more, in the Department of Public Safety as in any other Department. One of the mere clerical burdens falling upon the Director, that of signing his name scores of thousands of times, should be avoided. This function has hitherto been performed by an Assistant Director, thus permitting his superior to give increased attention to the important administrative questions of his great Department.

I hope your Honorable Bodies will recede from the position taken regarding the abolishment of the office of an

Assistant Director of Public Safety, and that this position will be re-established without delay.

Asking your earnest consideration of this recommendation, I am,

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

APPENDIX No. 4.

OFFICE OF THE MAYOR.

*Philadelphia, January 7, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I request your Honorable Bodies to withdraw from me, for purposes of amendment, Common Council bill (Appendix No. 78) entitled:

“An Ordinance to authorize the paving of Jackson street, from Twenty-third street to Twenty-fourth street.”

It has been the practice of the Bureau of Highways for the past three years to lay brick gutters on asphalt streets where conditions at all permit. This applies especially to locations such as the present one, where the grades are low and the necessity for brick gutters is therefore increased. I am confident this ordinance was drawn in its present form through inadvertence and that your Honorable Bodies will see the wisdom of withdrawing it, as I suggest, in order to make this alteration, which is necessary if the pavement on this street is to be given proper wearing quality.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## APPENDIX No. 5.

## OFFICE OF THE MAYOR.

*Philadelphia, January 7, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I request your Honorable Bodies to recall from me, for purposes of amendment, Common Council ordinance (Appendix No. 156) entitled:

“An Ordinance to permit the Mt. Sinai Hospital to construct and maintain a tunnel under and across Wilder street, east of Fifth street.”

This ordinance omits the clause customary in all private ordinances requiring the payment into the City Treasury of fifty dollars for the expenses of its publication. I have had an examination made of all ordinances passed from 1909 to the present time and find this fifty dollar clause included in all of them, and among them three affecting hospitals under circumstances similar to the present. I assume, therefore, that this clause has been omitted from the present ordinance by inadvertence, and that your Honorable Bodies will wish to recall it in order to have this clause included.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

*Philadelphia, January 7, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred the bill entitled “An Ordinance to authorize the Department of City Transit to reconstruct and relocate certain sewers in the central portion of the City,” respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch’n*), William J. McCloskey, Chas. Seger, E. Buchholz, Robert Smith, Albert De Prefontaine, George H. Kelley, G. W. Kucker, George D’Autrechy, John J. McKinley, Jr., Wm. J. Crawford, Morris E. Conn, G. P. Darrow, Robert S. McElroy, Fred. Schwarz, Jr.

## AN ORDINANCE

To authorize the Department of City Transit to reconstruct and relocate certain sewers in the central portion of the City.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of City Transit be authorized and directed to enter into contracts for the reconstruction and relocation of the following sewers and the work appurtenant thereto, viz.: Walnut street, from a point about 145 feet east of Third street to a point about 62 feet west of Sixth street; Walnut street, from a point 62 feet west of Sixth street to Seventh street; thence diagonally across Washington Square to the intersection of Locust street and West Washington Square; and thence in Locust street to Eighth street; Sixth street, from Willow street to Vine street; thence diagonally across Franklin Square to the intersection of Franklin and Race streets; thence in Race street to Eighth street; and thence in Eighth street to Arch street; Ninth street, from Market street to Arch street; and Ranstead street, from Ninth street to Eighth street.

SECT. 2. That the following sums be set aside in Item 160 (loan) of the appropriation to the Department of City Transit for the reconstruction and relocation of sewers: For the sewer in Walnut street, from east of Third street to west of Sixth street, one hundred and ninety-two thousand (192,000) dollars; for the sewer in Walnut street, west of Sixth street, Washington Square and Locust street, ninety-six thousand (96,000) dollars; for the sewer in Sixth street, Franklin Square, Race street and Eighth street, one hundred and seventy-six thousand (176,000) dollars; for the sewer in Ninth street, twenty-eight thousand (28,000) dollars; for the sewer in Ranstead street, eight thousand (8,000) dollars: *Provided*, That in the event of any of the said sewers costing less than the sum herein set aside for its construction, the Director of the Department of City Transit is hereby authorized at his discretion to use the balance, or any part thereof, for the

completion of any of the sewers named herein for which the sum set aside may be insufficient.

SECT. 3. That the Director of the Department of City Transit be, and is hereby authorized and directed to advertise for proposals, and to award contracts, as provided in existing ordinances and laws, for the construction of the said sewers and the work appurtenant thereto, in accordance with plans and specifications to be prepared by the Department of City Transit, and is also authorized to appoint assistants and inspectors as may be requisite, and to pay all expenses for borings, salaries, inspection, tests, transportation, and incidental expenses not otherwise provided for out of the appropriation for the cost of the said sewers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Directors of the Departments of Wharves, Docks and Ferries and Public Safety respectively, are hereby authorized and directed to sell at public sale to the highest bidder the inspection and survey boats "Eunomia" and "Inspector" and the police boat "Visitor."

## APPENDIX No. 13.

*Philadelphia, January 7, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill to amend an ordinance entitled “An Ordinance to authorize the opening of Stokley street, from four hundred feet northwest of Roberts avenue to Queen street,” approved the eighth day of June, 1911, respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

George H. Kelley (*Ch’n*), W. A. Miller, David G. Frankenfield, J. E. Lennon, Robert Smith, Fred. Schwarz, Jr., George E. Dorwart, Wm. J. Harrington, Henry R. Shoch, Thomas S. T. Mackleer, Wm. Boal, Wm. C. Williams, Peter E. Costello, Frank J. Ryan.

## AN ORDINANCE

To amend an ordinance entitled “An Ordinance to authorize the opening of Stokley street, from four hundred (400) feet northwest of Roberts avenue to Queen street,” approved the 8th day of June, 1911.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That Section 1 of said ordinance, which now reads as follows:

“SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized and directed to notify the owners of property over and through which Stokley street, from four hundred (400) feet northwest of Roberts avenue to Queen street, will pass that at the expiration of three months from the date of said notice said street will be required for public use,”

be amended so as to read as follows:

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized and directed to notify the owners of property over and through which Stokley street, from four hundred (400) feet northwest of Roberts avenue to Abbotsford avenue, will pass, that at the expiration of three months from the date of said notice said street will be required for public use.

SECT. 2. Nothing herein contained shall nullify or affect in any way any notice or proceedings under said ordinance, approved the eighth day of June, 1911, in so far as any part of said Stokley street, lying between four hundred (400) feet northwest of Roberts avenue to Abbotsford avenue, is concerned.

#### APPENDIX No. 14.

*Philadelphia, January 7, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to authorize the revision of the lines and grades of State road, respectfully report that the object of the proposed revision is to widen this road to eighty feet. This is an important thoroughfare, and provides most of the travel from Frankford to Torresdale and Bucks County. All of the streets parallel with and between State road and Delaware avenue, southwest from Linden avenue, are stricken from the plan, owing to the Filtration Plant, House of Correction and Home for the Indigent. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Geo. Connell, J. H. Shaw, Harry Keene, Fred. Schwarz, Jr., James H. McGurk,

Bernard J. McGuigan, Wm. J. Harrington, Henry R. Shoch, George D'Autrechy, Albert De Prefontaine, Henry J. Klos, John J. Conroy, Daniel Cahill.

## AN ORDINANCE

To authorize the revision of the lines and grades of State road, from Linden avenue to Grant avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of State road, and to make the same eighty (80) feet wide from Linden avenue to Grant avenue, and to make the necessary revision of the lines and grades of intersecting streets.

## DEPARTMENT OF CITY CONTROLLER.

*Philadelphia, January 21, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Pending the Annual Report of this Department, for the year 1914, I beg to advise your Honorable Bodies that the closing of the books on December 31st exhibits a general fund surplus, which is now available for appropriation, of \$1,402,550.94. This result is principally due to a fair excess of actual over estimated receipts and to considerable merging balances.

In accordance with the ordinance of your Honorable Bodies, approved June 17, 1914, with reference to the merging of loan fund balances under \$500, I have merged balances of loan fund appropriations amounting to \$5,322.09, which amount is now available for appropriation. Kindly appropriate this loan balance as a distinct amount, so that in our accounts we can distinguish it from general funds.

I would add that the work in detail will be forwarded at the usual time after the closing of the present month.

Yours very truly,

JNO. M. WALTON,

*City Controller.*

## APPENDIX No. 21.

COUNTY OF PHILADELPHIA, ss.:

THE COMMONWEALTH OF PENNSYLVANIA,

TO THE SELECT AND COMMON COUNCILS OF THE CITY OF  
PHILADELPHIA, GREETING:

WHEREAS, The Commonwealth of Pennsylvania *ex relatione* Samuel P. Rotan, District Attorney of Philadel-

phia County, lately, that is to say, in the Term of September, A. D. 1914, No. 1788, exhibited his petition before the Honorable the Judges of our Court of Common Pleas, No. 5, for the County of Philadelphia, asking relief touching the matters therein particularly complained of and set forth at length, and whereas judgment has been entered against the defendants therein named; now, therefore,

We do command you, the said Select and Common Councils of the City of Philadelphia, to comply within thirty days from the date hereof with the provisions of the Act of Assembly of July 22, 1913, P. L. 879, and organize the Division of Housing and Sanitation, and provide for the salaries of employees and the expenses of said Division, and that you be and appear before our Judges at our Court of Common Pleas, No. 5, to be holden at Philadelphia, on Friday, February 19, 1915, to show compliance herewith.

WITNESS, The Honorable J. Willis Martin, President Judge of our said Court, at Philadelphia, the twentieth day of January, in the year of our Lord one thousand nine hundred and fifteen (1915).

J. U. G. HUNTER,  
*Pro Prothonotary.*

#### OFFICE OF THE MAYOR.

*Philadelphia, January 21, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Permit me to ask the earnest attention of your Honorable Bodies to the letter received by me, un-

der date of January 18th, from the Director of the Department of Public Health and Charities, of which a copy is attached. He points out the importance of including an item of \$1,000,000 for the Philadelphia Hospital in the ordinance that will be before you to-day appropriating the proceeds of the \$11,300,000 loan. I trust your Honorable Bodies will include this item, through an amendment to this ordinance, before its final passage at this afternoon's session.

Conditions at the Philadelphia Hospital are well known to your Honorable Bodies and to the public, and they demand early relief. There should be no unnecessary delay in beginning the work on the new hospital buildings.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

*Philadelphia, January 18, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of Philadelphia.

MY DEAR SIR:—I deem it my duty to call your attention to the unfortunate omission by Councils of an appropriation of \$1,000,000 to begin the reconstruction of the Philadelphia General Hospital.

It would be a blot on Philadelphia's fair name as a great medical center not to follow the lead of New York, Boston, Chicago, Cincinnati and other large cities in providing ample facilities for treating destitute sufferers. The staff of the Philadelphia General Hospital are a unit in favoring this progressive program. The Medical Club of Philadelphia, with a membership of over one thousand, unanimously recommended such action to Councils at their annual meeting on Friday night last. The people voted for it in the loan bill, and the poor cry out for relief.

I would appeal to you, therefore, to send a message to Councils urging the prompt passage of such an ordinance, so that this important work may be proceeded with.

Very truly yours,

(Signed) S. LEWIS ZIEGLER,

*Director.*

APPENDIX No. 23.

OFFICE OF THE MAYOR.

*Philadelphia, January 21, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval, Common Council resolution (Appendix No. 15) entitled:

“Resolution to authorize satisfaction of certain liens for water pipe against the Twenty-second Street M. E. Church property at Twenty-second and Moore streets, and directing the Clerks of Councils to present this resolution to the Mayor for his approval or disapproval.”

On a number of occasions during the last three years I have returned to your Honorable Bodies, without my approval, ordinances of a similar nature. Three of these were sent to you under date of September 19, 1912: one proposing to permit the construction of a vault under a sidewalk upon the payment of one-ninth of the charge imposed by general regulations; another to relieve certain churches and charitable institutions from charges for water pipe; and another to relieve a church of a charge for sewer construction in front of a portion of its property. Again on September 18, 1913, I returned to your Honorable Bodies an ordinance relieving a Church from the charge for sewer construction. The last case of this kind I called to your attention on November 6, 1913, when, at

my request, you withdrew from me an ordinance intended to relieve a church from charges for water pipe.

I have regretted in many of these instances, as I do in the present case, to be obliged to withhold my approval from your action. It has been done upon the ground that I have repeatedly called to your attention, of the manifest impropriety of ever granting special favors of this kind to particular individuals or institutions. The following is quoted from one of the messages above referred to:

“Whatever constitutes a just charge and fair treatment for the public generally, or for all institutions of a similar character and similarly situated, is a just charge and is fair treatment for any particular institution or person. Such charges and regulations should be made by general ordinance or regulation. To permit the passage of special ordinances relieving particular institutions from burdens to which others are subjected introduces a principle of favoritism of which I cannot approve. It affords the opportunity to Councils and the Mayor to put individuals under obligations to them by the granting of such favors, and such an opportunity as this is only too likely to be abused.”

The following is quoted from a careful report on this ordinance received from the Chief of the Bureau of Water, bearing the approval of the Director of the Department of Public Works:

“Recognizing the character of the property, a special effort has been made to find whether any circumstances exist which tend to place this case in any different category from others which you have felt compelled to veto in the past on account of their being in the list of special legislation. I can find no reasons wherein this case differs from other cases where you have disapproved like resolutions or ordinances. This property does not come within the terms of the general statute exempting properties from the charges of laying water pipe.”

I regret for these reasons to be obliged to withhold my approval from this resolution.

Respectfully yours,

RUDOLPH BLANKENBURG,  
*Mayor.*

#### AN ORDINANCE

To authorize the construction of bridges on the lines of Fifth street, Diamond street, a new street replacing a portion of Cambria and A streets, Third street, Holme avenue, Fifty-eighth street, Fisher avenue, Whitby ave-

nue and Sherwood avenue, providing for carrying into effect such authority, and authorizing the Mayor to enter security for damages to private property.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized and directed to enter into contracts for the construction of new bridges, including the work appurtenant thereto, as follows: On the line of Fifth street, over the North Pennsylvania Railroad, with a temporary detour on private property in the bed of Bristol street: *Provided*, That the Philadelphia and Reading Railway Company shall pay one-half the cost of a bridge over four tracks; on line of Diamond street, over the Connecting Railway, with temporary detour over private property: *Provided*, That the Pennsylvania Railroad Company shall pay the entire cost except an amount to be agreed upon between the Director of the Department of Public Works and the Pennsylvania Railroad Company, as being the obligation of the City, but not to exceed the sum hereinafter appropriated; on the line of a new street replacing a portion of Cambria and A streets, over the Richmond Branch of the Philadelphia and Reading Railway Company; on the line of Third street, under the Philadelphia and Newtown Connecting Railroad, the said railroad company being hereby notified to pay one-half the cost of a bridge for the two tracks now operated and the entire cost for any additional tracks, in accordance with ordinance of Councils approved the ninth day of April, 1892, authorizing the Philadelphia and Newtown Connecting Railroad to construct its railroad across and under the streets of the City of Philadelphia; on the line of Holme avenue, over Pennypack creek; on the line of Fifty-eighth street, over the Philadelphia and Baltimore Central Railroad (widening the present bridge to the full width of Cobbs Creek Parkway); on the line of Fisher avenue, under the North Pennsylvania Railroad, with abutments and wings encroaching on private property, and with an outlet from the north of old Marshall road; on the line of Whitby avenue, over the Philadelphia and Baltimore Central Railroad; on the line of Sherwood avenue, over the East Branch of Indian Run.

SECT. 2. That the following sums be set aside in Item 163 (loan) of the appropriation to the Department of Public Works (Bureau of Surveys) for new bridges, for the year 1915: For the bridge on line of Fifth street, over the North Pennsylvania Railroad, thirty-five thousand (35,000) dollars; for the bridge on line of Diamond street, over the Connecting Railway, fifteen thousand (15,000) dollars; for the bridge on line of a new street replacing a portion of Cambria and A streets, over the Richmond Branch, sixty-two thousand (62,000) dollars; for the bridge on line of Third street, under the Philadelphia and Newtown Connecting Railroad, sixteen thousand (16,000) dollars; for the bridge on line of Holme avenue, over Pennypack creek, eighty thousand (80,000) dollars; for the bridge on line of Fifty-eighth street, over the Philadelphia and Baltimore Central Railroad, eighteen thousand (18,000) dollars; for the bridge on line of Fishers avenue, under the North Pennsylvania Railroad, thirty-two thousand (32,000) dollars; for the bridge on line of Whitby avenue, over the Philadelphia and Baltimore Central Railroad, forty-two thousand (42,000) dollars. That the following sum be taken from the unexpended balances in Item 28 (1914) and Item 132 (loan) of the appropriations to the Department of Public Works (Bureau of Surveys) for new bridges: For the bridge on line of Sherwood avenue, over Indian Run, thirty thousand (30,000) dollars: *Provided*, That in the event of any of the said bridges costing less than the sum herein set aside for its construction, the Director of the Department of Public Works is hereby authorized, at his discretion, to use the balance or any part thereof for the completion of any of the bridges named herein for which the sum set aside is insufficient, except the bridge on line of Diamond street, over the Connecting Railway.

SECT. 3. That the Director of the Department of Public Works be, and is hereby authorized and directed to advertise for proposals, and to award contracts, as provided in existing laws and ordinances, for the construction of the said bridges and the work appurtenant thereto, in accordance with plans and specifications to be prepared by

the Department of Public Works (Bureau of Surveys), and is also authorized to appoint assistants and inspectors as may be requisite, and to pay all expenses for salaries, soundings, inspection, tests, transportation and incidental expenses not otherwise provided for out of the appropriation for the cost of said bridges, and is authorized to join in contract with any persons or corporations in the construction of any of said bridges, for which said persons or corporations shall contribute a portion of the cost.

SECT. 4. That the Mayor of the City is hereby authorized and directed to enter security, on behalf of the City of Philadelphia, for the payment of any damages which may be assessed by reason of the construction of said bridges and the work appurtenant thereto.

#### APPENDIX No. 29.

*Philadelphia, January 21, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to revise the lines and grades

of Rittenhouse street and Wissahickon avenue and to place Rittenhouse Circle upon the City plan, respectfully report that the purposes of the Circle to be placed at the intersection of Rittenhouse street and Wissahickon avenue are to remove the dangerous condition now existing at the intersection and to provide an appropriate entrance to Fairmount Park. The greater part of the Circle has been dedicated to the City and condemnation proceedings have been begun to acquire the balance. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Daniel Cahill, Wm. J. Harrington, George D'Autrechy, Wm. E. Finley, William H. Quigley, Henry R. Shoch, Bernard J. McGuigan, James H. McGurk, Harry Keene, Fred. Schwarz, Jr., Geo. Connell, J. H. Shaw, W. E. Bonnick.

#### AN ORDINANCE

To revise the lines and grades of Rittenhouse street and Wissahickon avenue and to place Rittenhouse Circle upon the City plan.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of Rittenhouse street and to widen the same upon the northwest side to a width of ninety feet from Wissahickon avenue to the east side of Morris street, to revise the lines and grades of Wissahickon avenue, from Price street to Lincoln avenue, and to place upon the City plan a circle of the radius of one hundred and twenty-eight feet at the intersection of Rittenhouse street and Wissahickon avenue, said circle to be named Rittenhouse Circle.

## APPENDIX No. 30.

*Philadelphia, January 21, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to revise the southwestwardly line of Germantown avenue, between Maplewood avenue and Rittenhouse street, respectfully report that the object of the proposed revision is to widen Germantown avenue between the points named three feet so as to make the street conformable to the present front lines of seventy per cent. of the buildings now erected and to make a greater width of footway to relieve congestion. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Daniel Cahill, Wm. J. Harrington, George D'Autrechy, Wm. E. Finley, William H. Quigley, Henry R. Shoch, Bernard J. McGuigan, James H. McGurk, Harry Keene, Fred. Schwarz, Jr., Geo. Connell, J. H. Shaw, W. E. Bonnick.

## AN ORDINANCE

To revise the southwestwardly line of Germantown avenue, between Maplewood avenue and Rittenhouse street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors), be authorized to revise the southwestwardly line of Germantown avenue, between Maplewood avenue and Rittenhouse street.

SECT. 2. After the confirmation and establishment of the said revised line, it shall not be lawful for any owner or builder to erect any new building, or to rebuild or alter the front of any building now erected, without making it recede so as to conform to the revised line as established by this ordinance.

## APPENDIX No. 31.

## RESOLUTION

On the retirement of Dr. Richard H. Harte as Director of the Department of Public Health and Charities.

WHEREAS, Dr. Richard H. Harte has resigned as Director of the Department of Public Health and Charities;

AND WHEREAS, During his eight months incumbency of that office he evidenced a broad and comprehensive insight into the needs of the Department, displayed unfailing courtesy in his treatment of the public, irrespective of social, financial or political standing or affiliations, and voiced his conviction that careful preparation was an absolute precedent to any scheme of development of great sanitary institutions along modern scientific lines, and in the planning of which medical knowledge and experience were as necessary as architectural science and builders' skill, and outranked so-called efficiency theories unsupported by practical work; therefore,

*Resolved, By the Select and Common Councils of the City of Philadelphia, That they express their regret at the retirement of Dr. Harte from this important office and their best wishes for his continued welfare.*

*Resolved, That a copy of this resolution be suitably engrossed and presented to Dr. Harte.*

## APPENDIX No. 32.

## RESOLUTION

Of request to the Director of the Department of Public Works to permit various patriotic organizations to hold a Washington's Birthday celebration in Independence Square on February 22, 1915.

*Resolved, By the Select and Common Councils of the City of Philadelphia,* That the Director of the Department of Public Works be requested to permit the Patriotic Order Sons of America, Fraternal Patriots of America, Knights of Golden Eagle, Order of Independent Americans, and other patriotic organizations of Philadelphia and vicinity to hold a Washington's Birthday celebration in Independence Square on February 22, 1915.

#### APPENDIX No. 34.

#### OFFICE OF THE MAYOR.

*Philadelphia, February 4, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I enclose herewith copy of resolutions adopted at a special meeting of the Woodland Avenue Business Men's Association, at Odd Fellows' Hall, Seventy-first street and Woodland avenue, on Monday, December 14, 1914. These resolutions explain themselves.

During the present week a large delegation of residents of the Fortieth Ward, and those having places of business along Woodland avenue to the west of Fiftieth street, have brought forcibly to my attention the present deplorable condition of that thoroughfare.

As you know, Woodland avenue is practically the only main thoroughfare leading from Philadelphia to Chester and the intermediate country. It was paved many years

ago, largely with brick and without foundation. Such repairs as have been made up to last year simply involved turning the bricks and relaying them on a gravel base. The street, especially from Fiftieth street west, has been for some years past in a dangerous condition and beyond the point where it can be put in anything else but dangerous condition except through reconstruction.

Last year a contract for \$39,000 was let, which provides for the repaving of the section between Fiftieth and Fifty-sixth streets. The south shoulder and car tracks are now finished and the north shoulder will be completed early in the spring. We feel that out of the \$200,000 loan item providing for the outlying sections of the City, enough can be spared to repave the section from Fifty-sixth to Sixty-second street, involving an expenditure of approximately \$38,000. Unfortunately, the worst section lies between Sixty-second street and Cobbs creek, and as most of the travel is through travel, anything short of a full repaving of this section would be more or less futile. We estimate that to repave from Sixty-second street west will require an additional \$80,000.

I cannot too strongly urge that this money be provided. The work should be done, and in my opinion should be done this year; in fact, it is the opinion of the Department officials that there is no other repaving project in the City that is of more pressing importance.

I hope your Honorable Bodies will give this important question your favorable consideration at the earliest possible moment.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

Resolutions adopted at special meeting, Woodland Avenue Business Men's Association, Odd Fellows' Hall,

Seventy-first street and Woodland avenue, Monday, December 14, 1914:

WHEREAS, There is urgent, vital need for the quick repaving of Woodland avenue, to properly and entirely complete the road down to Cobbs creek, City Line;

AND WHEREAS, The present condition of this old and much traveled highway has become dangerous and will, if not quickly remedied, result in accident and disaster to users of the roadway and vehicles of various kinds;

AND WHEREAS, The frequent efforts of this Association and residents for a period of several years, and with various Departments and officials, have so far proved without any avail;

AND WHEREAS, It is now imperatively necessary that steps be promptly taken by this Association, citizens, City Departments and all interested in such important matters to bring needed relief; now, therefore, be it

*Resolved*, That it is the will of all the citizens of this and adjoining sections, as well as members of this Association, that the Highway Committee of this Association cause these resolutions to be drafted and sent to the Mayor as a memorial, praying the proper authorities of the City to, without any further delay, cause that portion of Woodland avenue, the paving of which is not yet under way, to be immediately begun; to the end that the street may at once be placed in proper condition.

## APPENDIX No. 35.

## OFFICE OF THE MAYOR.

*Philadelphia, February 4, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval,  
Common Council bill (Appendix No. 11) entitled:

“An Ordinance to authorize the purchase of fire  
house property on Fillmore street, southwest of Hunt-  
ingdon street and Fox Chase turnpike, Fox Chase.”

This ordinance authorizes the purchase, for \$18,000, of  
a property assessed at \$4,000. The fixing of a price so  
grossly in excess of the assessment led me to make a care-  
ful examination of all the facts with reference to this  
property.

I find the premises were leased by Richard Y. Filbert  
to the City of Philadelphia for ten years, from January 1,  
1896, at annual rental of \$1,000. The lease contained a  
clause giving the City the privilege of purchasing the  
premises at any time during this ten-year period for the  
price of \$12,600. It apparently was renewed from year  
to year after its ten-year period had expired, at the same  
rental of \$1,000, but without again including the option  
of purchase at \$12,600, previously reserved to the City.

This is a most remarkable transaction. For nineteen  
years the City has paid a rent equal to twenty-five per cent.  
of the assessed valuation of \$4,000 placed upon this prop-  
erty, or of thirty-three and one-third per cent. of its earlier  
assessment of \$3,000. The property, assessed at the begin-  
ning at \$3,000, had improvements placed upon it giving  
it an alleged value, during the ten-year period, as recog-  
nized by the purchase price set in the lease, of \$12,600;  
and yet, in spite of this and of the rental value of \$1,000,  
the Board of Revision of Taxes has permitted the assess-  
ment to remain at \$4,000 from 1904 to the present day.  
Other taxpayers may be interested in calculating how great

the loss in taxation has been to the City through the gross under-valuation placed upon this property by the Board of Revision of Taxes.

The following is quoted from a report received by me from the City Solicitor:

“Mr. Faries reports to me that he has no hesitation in saying that *the price asked is more than double* the value of the property, and that under no circumstances should the City pay more than \$9,000. Under these conditions I recommend that the ordinance should not be approved.”

It is clear that the price asked for the property is exorbitant, and I am therefore compelled to withhold my approval from this ordinance. In doing so, I recommend to your Honorable Bodies the passage of an ordinance providing for the taking of this property by condemnation, so that a reasonable value may be placed upon it by the Board of Viewers.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

### APPENDIX No. 42.

*Philadelphia, February 4, 1915.*

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the resolution relative to resurfacing and repairing paved streets, by contract, in the Bureau of Highways, respectfully report that we have carefully considered the same, and return the annexed ordinance with a favorable recommendation and ask its passage.

George H. Kelley (*Ch'n*), Robert Smith, Peter E. Costello, George E. Dorwart, David G. Frankenfield, Richard D. Burke, Frank J. Ryan, Wm. J. Harrington, Wm. D. Bacon, H. J. Trainer, John J. McKinley, Jr., Fred. Schwarz, Jr., W. A. Miller, Thomas J. Morton.

## AN ORDINANCE

Relative to resurfacing and repairing paved streets, by contract, in the Bureau of Highways.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Bureau of Highways) be authorized, in contracts for resurfacing streets, to replace so much of the foundation or base as may be necessary, and further, that on contracts for resurfacing streets now paved upon a gravel, broken stone or bituminous base, which forms of base are not adequate to sustain the demands of traffic, the Department is authorized to substitute a concrete base for these other forms, and pay for the same out of the items appropriated for resurfacing and repairing streets: *Provided*, That the character of the pavement is not changed.

WHEREAS, Arrangements have been made by a Committee of Citizens of Philadelphia with a like Committee representing the State of Kansas for an interchange of American Flags; therefore,

*Resolved, By the Select and Common Councils of the City of Philadelphia,* That the Mayor be requested, on behalf of the City of Philadelphia, to accept the flag now on its way from the State of Kansas, and to order the same raised on the flag pole over Independence Hall on February 22d next, Washington's Birthday, on which occasion the flag presented by the Citizens' Committee to the State of Kansas is to be raised over their Capitol in Topeka.

## APPENDIX No. 46.

## OFFICE OF THE MAYOR.

*Philadelphia, February 18, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I must again call your attention to the ordinance which has been before your Honorable Bodies since March 5, 1914, regarding the change of gasoline lamps to gas lamps on the part of the United Gas Improvement Company.

I requested Mr. Samuel T. Bodine, the President of the United Gas Improvement Company, to write to your Honorable Bodies regarding this proposition. His letter to you distinctly states,

“Said contract having been properly authorized and executed we are prepared to promptly begin the work so soon as weather conditions permit, and to carry the same through as promptly as possible to completion.”

I cannot conceive what obstacles there are in the way of passing the proposed ordinance without any kind of delay. Three propositions are involved in this ordinance, and the taxpayers of Philadelphia should not be kept in ignorance if any valid reasons exist for ignoring a proposition of distinct benefit to them.

First. The City will annually save over \$60,000, as you have been informed in my various communications.

Second. The expenditures on the part of the Company for labor alone, according to letter received by me from the Company, under date of December 17, 1914, will amount to \$141,059.87. With so many men out of employment at the present time, it seems almost cruel to me to postpone for a moment favorable consideration of the ordinance.

Third. The change will result in greatly improving the lighting of the streets.

Now, with these three facts before you, let me urge you not to continue referring my communications on this subject to the Finance Committee, but to discuss their merits or demerits from the floor. It seems to me that you should either pass the ordinance or let your constituents (and mine) know your reasons for its non-passage.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

APPENDIX No. 47.

OFFICE OF THE MAYOR.

*Philadelphia, February 18, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—It has always been recognized that if the streets of the City are to be properly lighted, provision must be made each year for an additional number of arc lights to keep pace with new building operations and the increase in population. Yet in 1914 your Honorable Bodies made no appropriation whatever for any additional electric lights, and in 1913 only four additional lights were provided for, in spite of the fact that the average number of new lights authorized annually for a number of years preceding had been about 500. In the annual appropriation for the present year, \$50,000 was provided for new arc lights, but unfortunately the following clause was attached:

*“Provided, That no lights shall be located or re-located without authority of Councils.”*

Thus, for six weeks the City has been unnecessarily deprived of perhaps 600 new arc lights. I hope your Hon-

orable Bodies will recognize the impropriety of casting any obstacles in the way of the use of money already appropriated by you for a most important object.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

APPENDIX No. 48.

OFFICE OF THE MAYOR.

*Philadelphia, February 18, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I regret again to be obliged to call the attention of your Honorable Bodies to the urgent necessity for the installation of the machinery required to put in operation the new municipal machine shop at Eleventh and Reed streets.

The building was completed last July. The Director pointed out the need of an appropriation for equipment in letters that he addressed to the Chairman of the Finance Committee under date of May 26, 1914, and September 4, 1914. No action resulting, he called the matter to my attention in a letter dated October 7, which I transmitted to you in a message under date of October 15, 1914.

These several communications emphasize the urgent need for the immediate equipment of the new machine shop. The shop is splendidly adapted to its purpose, but is lying idle for lack of equipment. The fire apparatus and other machinery of the City is badly in need of repair, the equipment of the old shop is so obsolete that repair work cannot be done there satisfactorily, and it would be a waste of money to attempt to transfer it to the new shop.

The lack of action in response to these repeated requests has permitted the building, in which the City has invested a large sum of money, to lie idle and has prevented much needed repair work being done on the City's apparatus.

I trust this neglect may not continue, and that your Honorable Bodies will see the importance of making the requested appropriation at once.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

APPENDIX No. 49.

OFFICE OF THE MAYOR.

*Philadelphia, February 18, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Permit me to ask the attention of your Honorable Bodies to the letter, of which a copy is attached, which I have received under date of February 15th from the Director of the Department of Public Safety. It points out the need for an appropriation of \$10,000 to cover amounts expended for carfare and other incidental expenses by special officers in securing evidence in speakeasy and gambling cases, as well as those involving major crimes, and in bringing back prisoners from outside the City.

The annual appropriation includes only \$2,000 that could be applied for this purpose, and this is limited to carfare. This limitation should be removed and the amount should be increased as requested, if the police and detective force of the City are to be permitted to perform the kind of service which the third largest city of the United States can properly expect from its force.

Much larger sums than that requested were provided during previous administrations, at a time, too, when no such careful accounting and vouching of the expenditures were made as have prevailed during the last three years. Unless this requested appropriation is made, the Department will be unable adequately to cope with the various forms of vice and crime which increasingly infest a city at the least sign of laxity. And if this should be the result, through inaction by your Honorable Bodies, the public should understand that the blame for such a condition does not rest upon the Department of Public Safety.

I earnestly hope that the Director's request will receive early and favorable action at your hands.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

—

DEPARTMENT OF PUBLIC SAFETY.

*Philadelphia, February 16, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of Philadelphia.

DEAR SIR:—I will appreciate it if you will urge upon Councils the necessity for an immediate appropriation to a fund necessary to care for the expenses of the special officers in the securing of evidence, the return of prisoners, etc.

In the annual appropriation made in December, but \$2,000 was appropriated to this fund, and that can only be used for carfare.

The result is that the special officers are again delving into their pockets to put up the fund necessary to continue the work of the Department.

That this is a hardship upon men who already receive too little salary cannot be gainsaid, and I would appre-

ciate it if you will urge upon Councils the necessity for taking care of this matter promptly.

Very truly yours,

(Signed) GEO. D. PORTER,

*Director.*

OFFICE OF THE MAYOR.

*Philadelphia, February 18, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I take pleasure in enclosing copy of report received from the Committee appointed under authority of the resolution passed by your Honorable Bodies on March 19, 1914, and approved by me March 24, 1914, regarding the valuation of the holdings of the Pennsylvania Hospital for the Insane.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

---

*Philadelphia, February 5, 1915.*

To the Honorable Rudolph Blankenburg, Mayor of  
the City of Philadelphia, and the Board of  
Managers of the Pennsylvania Hospital.

GENTLEMEN:—The undersigned Board of Experts appointed under resolution of the Select and Common Councils of the City of Philadelphia, approved March 19, 1914, and by the Managers of the Pennsylvania Hospital, to fix a fair and equitable valuation upon the property occupied by the Pennsylvania Hospital, situate between Market street and Haverford avenue, Forty-second and Forty-ninth streets, West Philadelphia, respectfully report as follows:

After due notice to the Mayor and Committee of Councils and to the Managers of the Hospital, a meeting was held on May 8, 1914, at which representatives of Councils and of the Managers of the Hospital were present and outlined the duties of the Board. A topographical survey was then obtained from Joseph Johnson, the Surveyor and Regulator of the Eleventh District, showing the grades and the location and size of the various buildings. The total area of the two tracts as furnished by the surveyor is 105 acres. A copy of said plan is hereto attached.

The members of the Board have made various visits to the property, carefully inspecting all the buildings and examining the ground.

As shown by the survey the plot is divided by Forty-sixth street which has been opened and improved.

The improvements already erected to the east, north and immediately west are not of a character to enhance the value of the ground. On the other hand the proximity to the Elevated Road on Market street is decidedly a favorable factor, rendering the plot easy of access.

The valuation of this property by reason of its extent, location, topography, the number and size of the buildings and its use presents many difficult questions.

After giving very careful and painstaking consideration to all the factors entering into the question of the value of the tract and improvements, the Board has reached the unanimous conclusion that a fair and equitable value thereof is one million three hundred and fifty thousand (1,350,000) dollars, and so reports.

(Signed) EDW. H. BONSALE,  
W. H. W. QUICK,  
J. WILLISON SMITH.

## APPENDIX No. 51.

*Philadelphia, February 18, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred ordinances authorizing the creation of a loan of thirty million (30,000,000) dollars for the construction of subway and elevated railways, beg leave to report that very careful consideration has been given the subject. Owing to the fact that no money was available for appropriation to pay for the necessary expenses of holding the special election, immediate consideration of the bill was not possible.

At a meeting of the State Senate Committee on Municipal Affairs, the Director of the Department of City Transit requested the Committee on Finance to reduce the amount originally urged from thirty million (30,000,000) dollars to six million (6,000,000) dollars, based on the assessed valuation of taxable personal property in the City, which request he again urged in a communication to Councils dated February 11, 1915. The amount of six million (6,000,000) dollars therefore has not been changed, in deference to his request.

A bill providing for a Councilmanic loan of four million (4,000,000) dollars for general permanent improvements has been introduced to-day, which amount, in addition to the funds already available, it is thought, will be sufficient to provide for all work that can reasonably be done during the year 1915, leaving the question of other permanent improvements to be submitted to the voters at the election in November next.

During the consideration, by the Legislature in 1913, of the passage of the Act making personal property assessable for City purposes, it was distinctly understood that the purpose of the Act was to provide money for transit facilities. The Director of the Department of City Transit in all his reports has figured the increased revenue to

the City from the passage of this Act as an offset to the expense of carrying transit loans.

Your Committee, therefore, deem it inadvisable at this time to authorize any loan except the six million (6,000,000) dollars, based on personal property tax, for any purposes other than City Transit, thus keeping faith with the intention expressed to the Legislature by the City of Philadelphia.

We return the annexed ordinance with a favorable recommendation and ask its passage.

## AN ORDINANCE

Signifying the desire of the corporate authorities of the City of Philadelphia to increase the indebtedness of the said City in the sum of six million (6,000,000) dollars, based on the assessed valuation of taxable personal property in said City, toward the construction of a subway railway in Broad street, from League Island to Olney avenue, with the necessary branch lines northeast and northwest from Broad street, and the construction of an elevated railway, from Front and Arch streets to Rhawn street; and to authorize and provide for submitting to the vote of the electors the question of increasing the said indebtedness in the sum of six million (6,000,000) dollars, fixing a day for holding an election for the purpose of obtaining the assent of the electors to said increase, and authorizing the Mayor to give notice of such election; and to make an appropriation to pay the expenses for holding said election.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That it is the desire of the corporate authorities of the City of Philadelphia, which

desire is hereby signified, that the indebtedness of the said City shall be increased in the sum of six million (6,000,000) dollars, based on the assessed valuation of taxable personal property in said City, toward the construction of a subway railway in Broad street, from League Island to Olney avenue, with the necessary branch lines northeast and northwest from Broad street, and the construction of an elevated railway, from Front and Arch streets to Rhawn street via Front street, Kensington avenue and Frankford avenue to Rhawn street.

SECT. 2. That for the purpose of obtaining the assent of the electors to the said increase of indebtedness in the sum of six million (6,000,000) dollars for the purposes designated in Section 1 an election shall be held on Thursday, the twenty-ninth day of April, 1915, between the hours of 7 A. M. and 7 P. M., at the usual places for holding elections; that notice of said election shall be given by the Mayor of the municipality by weekly advertisements in not exceeding three newspapers of the said City during at least thirty days prior to the said election, which notice shall contain a statement of the amount of the last assessed valuation of the taxable property of the said City, the amount of the existing debt, the amount and percentage of the proposed increase, and the purposes for which the indebtedness is to be increased, and the City Commissioners are hereby authorized and directed to prepare and distribute the necessary ballots, ballot boxes and other articles, and to take such other action as may be required for the holding of such election, as provided for in the laws of the State of Pennsylvania governing the increase of indebtedness of municipalities and the holding of elections therefor.

SECT. 3. That the sum of one hundred thousand (100,000) dollars be, and the same is hereby appropriated to Item 34 in the annual appropriation to the City Commissioners, for the year 1915, to pay the expenses of holding the election authorized in Section 2.

## APPENDIX No. 52.

*Philadelphia, February 18, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred the bill entitled “An Ordinance to authorize the erection and maintenance of a temporary sewage pumping station at or near Old York road and Sixty-ninth avenue north, and the laying of the necessary outlet pipes in Haines street and Ogontz avenue, and to make an appropriation therefor,” report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch’n*), Wm. D. Bacon, John F. Flaherty, Robert Smith, George H. Kelley, G. P. Darrow, Chas. Seger, Wm. J. Crawford, John H. Baizley, G. W. Kucker, George D’Autrechy, John J. McKinley, Jr., Henry R. Shoch, Thomas J. Morton, Fred. Schwarz, Jr., Morris E. Conn.

## AN ORDINANCE

To authorize the erection and maintenance of a temporary sewage pumping station at or near Old York road and Sixty-ninth avenue north, and the laying of the necessary outlet pipes in Haines street and Ogontz avenue, and to make an appropriation therefor.

WHEREAS, A large section of territory north of Oak lane is without sewage facilities, and owing to adverse grades main sewers cannot be built for some three or four years to drain said territory, thus preventing the erection of a large number of houses, which would produce increased taxes; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized and directed to enter into a

contract for the erection of a temporary sewage pumping station at or near Old York road and Sixty-ninth avenue north, on ground to be leased by the said Department, and the laying of the necessary outlet pipes from said pumping station to Haines street, in Haines street to Ogontz avenue, and in Ogontz avenue to Cheltenham avenue.

SECT. 2. That the sum of thirty thousand (30,000) dollars be, and the same is hereby appropriated to Item 23 in the annual appropriation to the Department of Public Works, Bureau of Surveys, to pay for the erection of said temporary pumping station, the laying of outlet pipes, etc., and the maintenance of the same, until such time as the necessary main sewers may be constructed to receive the drainage.

## OFFICE OF THE MAYOR.

*Philadelphia, March 4, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—In January your Honorable Bodies passed an ordinance appropriating part of the proceeds of the \$11,300,000 loan. In making the appropriations for the purchase of property, erection of buildings and improvements of existing police and fire stations, you restricted them to such "stations as may be designated by Councils." This restriction has prevented any of this money being used for these purposes.

Allow me to ask your careful attention to the accompanying copy of a letter received under to-day's date from the Director of the Department of Public Safety, describing very fully the difficulty under which the Department is laboring because of this restriction. I join in his urgent request that you will speedily authorize the prosecution of work in connection with the police and fire stations that he mentions.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

DEPARTMENT OF PUBLIC SAFETY.

OFFICE OF THE DIRECTOR.

*Philadelphia, March 4, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of the City of Philadelphia.

DEAR SIR:—On January 25, 1915, you approved an ordinance which was duly passed by Councils providing as follows:

## BUREAU OF POLICE.

- Item 160. Purchase of such property and erection of buildings and improvements of existing police stations as may be designated by Councils. . . . . \$50,000

## BUREAU OF FIRE.

- Item 160. Purchase of such property and erection of buildings and improvements of existing fire stations as may be designated by Councils. . . . . \$50,000

The proviso attached to the items above mentioned which reads "as may be designated by Councils," is a serious handicap to the prompt and efficient prosecution of the work in these Bureaus.

However, in compliance with the terms of the ordinance, I have had the Acting City Architect prepare plans and specifications for alterations, improvements and new buildings as follows:

## BUREAU OF POLICE.

Van Stables.

Sixteenth District.

Tenth District patrol house.

Thirteenth District sub-station.

Fifteenth District.

Thirtieth District.

Twentieth District, and in the

## BUREAU OF FIRE.

Stations No. 23

6 to replace present building which cannot be altered or repaired,

and the converting of the present buildings at Oak Lane and Olney now owned by the City.

The City Architect has estimated that the total improvements above suggested will cost approximately \$60,000. I will appreciate it, therefore, if you will lay before Councils the urgency of speedily authorizing the prosecution of work in connection with the stations above mentioned.

Plans and specifications have been, or are nearly, completed for all of the above work, and speedy action on the part of Councils will enable the employment of many men during the present depressed season.

Yours very truly,

(Signed) GEO. D. PORTER,

APPENDIX No. 65.

OFFICE OF THE MAYOR.

*Philadelphia, March 4, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have received two letters, under date of March 2d, with reference to appropriations, from the Director of the Department of Public Safety. Copies of these are attached.

In one of these the Director states that in the annual budget estimate he requested, for the Bureau of Fire, an appropriation of \$20,000 for the purchase of "hardware, tools, lumber, paints, materials incident to repairs and other materials." Only \$2,500 was appropriated; this has been entirely exhausted, and nineteen pieces of fire apparatus are laid up for repairs, with no funds with which to do the work.

In the other letter the Director states that he asked for an annual appropriation for the Police Surgeon for "drugs, surgical instruments and supplies incident thereto." In making the appropriation Councils omitted any reference to surgical instruments and supplies. As a

result the police surgeons are now without proper instruments or materials and are compelled, to avoid hardship to their patients, to spend money for these purposes out of their own pockets.

I trust your Honorable Bodies will see the impropriety of permitting such vital needs of the public service as are described in the accompanying letters to go longer without attention.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

DEPARTMENT OF PUBLIC SAFETY.

*Philadelphia, March 2, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—In the annual appropriation to the Bureau of Fire, this Department requested of Councils an appropriation of \$20,000 (Department of Supplies) for the purchase of "hardware, tools, lumber, paints, materials incident to repairs and other materials," and Councils appropriated but \$2,500.

This fund is entirely exhausted, and the Department is confronted with nineteen pieces of apparatus laid up for repairs with no funds with which to do the work. The apparatus is as follows:

Battalion chief's car.

General repairs to Fire Boat "Stuart."

Engine of Engine Company No. 31.

Combination wagon of Engine Company No. 52.

Extra engine of Engine Company No. 3.

Extra engine No. 2, stored at station Engine Company No. 9.

Second tank on combination wagon of Engine Company No. 9.

Combination wagon of Engine Company No. 56.  
Brake bands of combination wagon, Engine Company  
No. 57.  
Truck No. 8.  
Combination wagon, Engine Company No. 30.  
Motor apparatus, Pipe Line Company No. 3.  
General repairs to Engine Company No. 57.  
Wheels of Truck No. 19.  
Water Tower No. 1.  
Engine No. 26.  
Combination wagon of Engine Company No. 55.  
Combination wagon of Engine Company No. 57.  
Wheels of engine of Engine Company No. 25.

If the Department is expected to fight fires efficiently, it will be necessary to have sufficient funds to keep the apparatus in an up-to-date manner. Too much of it is already antiquated and should be replaced.

I will appreciate it if you will urge Councils to make an immediate appropriation in order that we may care for these needs.

Very truly yours,

(Signed) GEO. D. PORTER,

DEPARTMENT OF PUBLIC SAFETY.

OFFICE OF THE DIRECTOR.

*Philadelphia, March 2, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of the City of Philadelphia.

DEAR SIR:—At the time of the annual appropriation to the Bureau of Police, an appropriation was requested for “drugs, surgical instruments, and supplies incident thereto,” by the Police Surgeon.

Councils, however, appropriated the money as follows: "For harness, stable and veterinarian supplies, drugs, packing, waste and lubricating oils," with the result that the police surgeons are unable to buy any supplies, such as bandages, surgical instruments, etc., for use in connection with sick and injured patrolmen.

The Controller has ruled that under the heading of drugs, as the appropriation now reads, he will not sanction the purchase of other supplies.

The police surgeons are now without materials with which to properly carry on their work, and they are compelled, therefore, in order that no hardships may result, to go down into their own pockets in order to provide the necessary supplies.

Councils have already been requested to change this item, but so far have failed to do so.

The above instance is not unlike that of the special officers and detectives who have been paying for the securing of evidence out of their own pockets, and waiting for many months for the return of money, and I might add, for your information, that practically every dollar of my salary, over and above my living expenses, has been expended in caring for the needs of the City which Councils have failed to provide.

If this is to be the attitude of Councils in caring for the essential needs, it would probably be just as well that we know it now in order that the City may be maintained on a charity basis. I claim that circumstances such as the cases above referred to are a serious detriment to good service, and I would be pleased to have you call the matter to the attention of Councils.

Yours very truly,

(Signed) GEO. D. PORTER,

*Director.*

## APPENDIX No. 66.

## OFFICE OF THE MAYOR.

*Philadelphia, March 4, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I enclose herewith copy of letter received from the Director of the Department of Public Safety, under date of March 2d.

It is of great public importance that immediate action be taken by your Honorable Bodies to comply with the request of the Department. Let me call your attention to but two facts:

Philadelphia, with an area of 129 square miles, a population of 1,700,000, with 400,000 buildings and 1,700 miles of streets, has but 2,277 men available for active patrol duty, one-third of them on duty in day time and two-thirds at night.

Notice the further fact that during the more than three years of my administration not a single patrolman has been added to the number of those serving three years ago. For the last nine years the number of additional patrolmen provided has been as follows:

Increase, 1907 .....	100
Increase, 1908 .....	150
Increase, 1909 .....	125
Increase, 1910 .....	100
Increase, 1911 .....	200
Increase, 1912 .....	0
Increase, 1913 .....	0
Increase, 1914 .....	0
Increase, 1915 .....	0

The last increase in the police force was in 1911, when former Director Clay appointed 200 men. Since that time more than 20,000 new buildings have been con-

structed, many miles of streets opened, besides which the increase in population since that time amounts to probably not less than 100,000. We have constant complaints from citizens in all parts of the City. They have a right to proper protection, yet this cannot be given with the meagre force now at our disposal.

I would earnestly urge you to take immediate steps so that the requests of the Department of Public Safety may be complied with and our citizens given that security to which they are entitled.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

DEPARTMENT OF PUBLIC SAFETY,

Office of the Director.

*Philadelphia, March 2, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—I regret to be again compelled to come to you with matters, the importance of which should have urged Councils to prompt and substantial action long since.

The repeated requests by you, myself and the citizens generally for an increase in the police force have fallen on deaf ears.

An unprecedented crime wave has for the past sixty days been sweeping over the country, due, I suppose, to depressed business conditions and lack of employment.

If most of these depredations were being committed by old-time offenders there would be less difficulty in handling the situation, but a very large proportion are first offenders, many of them juveniles.

An increase in the number of patrolmen is absolutely

necessary, the last increase being in 1911, when former Director Clay appointed two hundred men.

The need for additional protection is apparent when it is known that during the three years of your administration 20,017 new houses have been constructed, and many miles of new streets opened, to say nothing of the normal increase in population, amounting to approximately 100,000.

During these three years not a single additional patrolman has been added. Then, too, notwithstanding the fact that your administration caused a reduction of \$165,000 in the cost of City lighting, but 387 new lights have been placed, viz.: 383 in 1912, 4 in 1913 and none in 1914. A well-lighted city assists in the reduction of crime.

When I assumed office I found that patrolmen under the then system were required to work from 12 to 18 hours continuous tour of duty. No argument is required to convince even the most skeptical that no man should be compelled to submit to such barbarous hours.

Under the old system little opportunity was given the patrolman to participate in and enjoy the home association of his family or to secure recreation or pleasure, which is every man's due.

After a careful study of conditions here and those of other cities, covering a period of about eighteen months, the three-platoon system was adopted and put in operation in two districts. Its success was demonstrated from the beginning, with the result that every district enjoys an eight hour day, which places one-third of the men on duty during the day and two-thirds at night.

Of eleven of the larger cities of the country Philadelphia was the last to adopt this humane system.

With regular hours and systematic tours of duty, the records of the Department will convince any citizen that the patrolmen, even under the unprecedented conditions existing to-day, are rendering better and more loyal service than ever to their City.

Grumblings, which we hear continually, seem to indicate that some of our influential City Fathers begrudge

the humane treatment accorded the patrolmen by your administration, and they are circulating the story that the three-platoon system is responsible for the wave of crime.

If this be true, then why do not New York, Chicago and other large cities who have operated the three-platoon system long before its installation in Philadelphia return to the old methods? They, too, are suffering from the crime wave. It is because these cities are progressive, their Councilmen are open-minded and they know from experience covering a period longer than ours that there is no truth or justice in the criticism of the three-platoon system.

If Councils persist in their refusal to grant the increase in patrolmen, which is being demanded from every section of the City, especially the outlying districts, it may be necessary for me to return to the old inhuman methods, in order to give Councilmen and public an ocular and physical test of the two systems.

If this should come to pass, I want now to serve notice on the Councilmen that the responsibility will be on them. I wash my hands of it.

When I assumed office 281 patrolmen were serving in private and special duties in railroad stations, at theatres and moving picture houses, in hotels and even in office buildings. Every one of these men were returned by me to their beats and the places above referred to were required to employ their own watchmen.

The assignment of patrolmen to duties other than patrolling the beats has been reduced to a minimum, there being now but 52, and this because Councils have never furnished a sufficient clerical force to carry on the work of the Department.

These special duties cover services in the Director's and Superintendent's offices, the Rogues' Gallery, the Pawnbrokers' Division, the Captain of Detectives and the police telephone operators, etc., etc.

Philadelphia, with its area of 129 square miles, its population of 1,700,000, its 400,000 buildings and its

1,700 miles of streets, has but 2,277 men available for actual patrol duty, of which 759 are on duty in day time and 1,518 at night.

One thousand new men are required, but five hundred would assist materially. May I ask you therefore to lay before Councils the urgency of these additional men, as the citizens demand and must have better protection. I have put every available man on the street, but this is not sufficient.

Yours very truly,

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Allow me to ask the attention of your Honorable Bodies to the attached copy of a letter received by me, under date of February 13th, from Jacob Mathay, Esq., counsel for the Executor under the will of Emma Lathers Simpson, deceased. The will provides for the gift to the City of a drinking fountain and of a sum of money whose income is to be applied to its maintenance, on condition that the City accept the gift and donate a piece of ground in the prescribed locality suitable for the fountain.

Counsel for the Board of City Trusts, to whose attention this matter has been brought, apparently advises that the consent of your Honorable Bodies must be secured before they can accept, on behalf of the City, the drinking fountain mentioned in the will.

The accompanying letter calls attention to the fact that the testatrix died on December 23, 1914, and that the

City's written acceptance must be received before March 23, 1915, if at all.

I trust, therefore, your Honorable Bodies will give this matter your prompt attention.

Respectfully yours,

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia:

DEAR SIR:—As counsel for M. Verner Simpson, Esq., executor under the will of Emma Lathers Simpson, deceased, I take this opportunity in communicating with you in the matter of a bequest and a trust contained in said will, in favor of the City of Philadelphia, as follows:

“Twenty-sixth: I order and direct my Executor, hereinafter named, to expend the sum of Three Thousand (3,000) Dollars, or so much thereof as to him shall appear necessary, in the purchase and erection of a suitable drinking fountain, in the City of Philadelphia, from which wholesome cold water shall be constantly supplied to the public; provided the said City of Philadelphia shall donate, for the said purpose, a proper amount of ground situate and lying between Thirty-second Street and Fifty-second Street, and between Pine Street and Baring Street; and provided further, the said City shall, at its own expense, furnish at all times the said water. I further order and direct that the said fountain, upon its completion, shall become the property of the said

City of Philadelphia. I hereby give and bequeath unto the said City of Philadelphia the sum of Two Thousand (2,000) Dollars, in trust, to invest the same in good, safe, interest or dividend bearing security or securities, and to apply the yearly income, therefrom, to the care and maintenance of the said fountain, and to the purchase of ice for the same during the months of June, July, August and September, in each and every year thereafter, forever; and I hereby order and direct that my Executor, hereinafter named, shall, immediately after my decease, notify the said City of Philadelphia of this bequest, and its provisions, and should my said Executor not receive, within three (3) months after my decease, from the said City of Philadelphia, a written acceptance thereof, then, and in that event, I give and bequeath the sum of Five Thousand (5,000) Dollars to the Methodist Episcopal Hospital, in the City of Philadelphia, for the purpose of endowing a free bed therein."

I beg to state that on January 8th I communicated with the Board of Directors of City Trusts in regard to this matter, having been informed that they were the proper persons to communicate with in regard to bequests and trusts in favor of the City of Philadelphia, and I am just in receipt of a communication from that Board in which their counsel, Francis E. Brewster, Esq., advises the Board that before the Board of City Trusts could carry out the trust contained in said will it would be necessary to communicate with the Mayor and Councils of the City of Philadelphia, in order to ascertain whether they will accept this bequest of the fountain, and I am therefore writing you and ask if you will kindly take this matter up at once, and let me know whether the City of Philadelphia will accept the bequest under the conditions contained in the twenty-sixth item of the will of Elizabeth Lathers Simpson, deceased.

As this bequest, according to the will, must be accepted within three months after the death of the decedent, I

beg to advise you that the decedent died on December 23, 1914, and as a written acceptance from the City within the time specified in the will is all that is necessary at present, the details can be arranged later. Hoping that you will see that this matter receives prompt attention, and awaiting your reply, I am,

Respectfully yours,

#### APPENDIX No. 68.

*Philadelphia, March 4, 1915.*

#### OFFICE OF THE MAYOR.

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval, Common Council resolution, Appendix No. 43, entitled:

“Resolution directing the City Controller not to countersign any further warrants under resolution approved November 7, 1914; and directing the Clerks of Councils to present this resolution to the Mayor for his approval or disapproval.”

This resolution proposes to rescind the resolution of Councils of November 7, 1914, which permitted the Department of Public Works to employ labor and teams and to pay for them out of unexpended balances in various loan items. That resolution was passed at a time when many of our citizens were out of employment, when there was a strong public agitation urging the employment of labor upon public improvements, and when your Honorable Bodies had been urged to use every effort to provide work in this way for the unemployed.

I am in receipt of a careful report upon the present resolution from the Chief of the Bureau of Highways,

bearing the approval of the Director of the Department of Public Works, from which the following is quoted:

"If this resolution becomes effective it will necessitate laying off about one-third of the labor force at present employed, as Councils appropriated \$40,000 a month for the payment of labor, and only \$5,000 a month for the hire of teams. The amount appropriated for the hire of teams is entirely inadequate, and out of proportion with the amount appropriated for labor, as it is well known that there is a proportionate number of teams required to keep the labor force working, and in this case it would require about \$4,000 more per month to be added to the team hire (No. 20-A) to keep this labor force working, and the Department has provided for the payment of this amount out of loan item 132.

"In addition to laying off one-third of the labor force, it means that the Department would be compelled to dispose of 40 teams, and, of course, on each team employed it is necessary to have a driver, thus giving employment to 40 drivers, and also in addition to this the team owner gets his small profit from the employment of his teams through which he is permitted to employ the stablemen, etc., to take care of the horses, so there would probably be a total of about 403 men thrown out of employment if this resolution becomes effective, unless Councils immediately appropriate \$4,000 per month to permit the Department to employ the necessary number of teams to keep the labor force working.

"I would, therefore, recommend that you do not approve this resolution."

The duty is still upon the City to provide work for the unemployed. I hope you will support my veto of this resolution and thus avoid nullifying your previous efforts to provide for men out of work.

Respectfully yours,

RUDOLPH BLANKENBURG,

## RESOLUTION

To publish a loan bill.

*Resolved, By the Common Council of the City of Philadelphia.* That the Chief Clerk of Common Council be authorized to publish in two of the newspapers of the City of Philadelphia, daily for four weeks, the draft of the ordinance introduced this day in Common Council by the

Committee on Finance entitled "An Ordinance to authorize the creation of a loan or loans by the City of Philadelphia in the sum of four million three hundred and twenty-five thousand (4,325,000) dollars, for the construction of main and branch sewers, construction of bridges, removal of grade crossings, grading streets, paving intersections, improvement of country roads, improvement and alterations to water supply, purchase of water pipe and fire equipment, erection of buildings and improvement of police and fire stations, acquiring property and improvement of small parks and recreation centers, improvement of the County Prisons, improvement of property taken for Municipal Court purposes," and that the said Clerk at a meeting of Common Council, after the expiration of four weeks from the first day of publication, shall present to Common Council one of each of said newspapers for every day in which said publication shall have been made.

### AN ORDINANCE

To authorize the creation of a loan or loans by the City of Philadelphia in the sum of four million three hundred and twenty-five thousand (4,325,000) dollars, for the construction of main and branch sewers, construction of bridges, removal of grade crossings, grading streets, paving intersections, improvement of country roads, improvement and alterations to water supply, purchase of water pipe and fire equipment, erection of buildings and improvement of police and fire stations, acquiring property and improvement of small parks and recreation centers, improvement of the County Prisons, improvement of property taken for Municipal Court purposes.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor, City Controller and City Solicitor, or any two of them, be, and are hereby authorized to borrow, at such times and in such proportions as in their judgment the best interests of the City demand, from the highest bidder or bidders, either

by popular subscription or by advertisement, at not less than par, on the faith and credit of the City of Philadelphia, a sum or sums which in the aggregate shall not exceed four million three hundred and twenty-five thousand (4,325,000) dollars, to be expended as provided for in the second section of this ordinance.

SECT. 2. The said sum of four million three hundred and twenty-five thousand (4,325,000) dollars, authorized to be borrowed by the first section of this ordinance, shall be expended as follows: For construction of main sewers, five hundred thousand (500,000) dollars; construction of intercepting sewers along Frankford creek, five hundred thousand (500,000) dollars; construction of branch sewers, three hundred thousand (300,000) dollars; construction of new bridges, four hundred thousand (400,000) dollars; removal of grade crossings, four hundred and twenty-five thousand (425,000) dollars; grading streets, four hundred thousand (400,000) dollars; paving intersections, two hundred thousand (200,000) dollars; improvement of country roads, one hundred thousand (100,000) dollars; improvement and alterations to water supply, five hundred thousand (500,000) dollars; purchase of water pipe, one hundred thousand (100,000) dollars; purchase of fire equipment, one hundred thousand (100,000) dollars; erection of buildings and improvement of police and fire stations, one hundred thousand (100,000) dollars; acquiring property and improvement of small parks, two hundred thousand (200,000) dollars; acquiring property and improvement of recreation centers, two hundred and fifty thousand (250,000) dollars; improvement of the County Prisons, two hundred thousand (200,000) dollars; improvement of property, Twenty-first and Race streets, taken for Municipal Court purposes, fifty thousand (50,000) dollars.

SECT. 3. Interest on said loan at a rate not exceeding four per centum per annum shall be paid by the City of Philadelphia, half yearly, on the first days of the months of January and July, at the office of the fiscal agency of the City of Philadelphia. Certificates of the said loan shall be in usual form, in such amounts as the lender may re-

quire, in the sums of one hundred (100) dollars and its multiples, in registered or coupon form, and it shall be expressed in the said certificates that the loan therein mentioned is payable in thirty years after date thereof, and that the principal and interest on said loan are payable in lawful money of the United States free from all taxes.

SECT. 4. Whenever a loan shall be created by virtue of this ordinance, there is, by force of this ordinance, an annual tax levied of six per centum of the par value of such certificates so issued to pay the interest, also the principal, of such loan, within thirty years, and there is hereby annually appropriated to the Commissioners of the Sinking Fund, out of the tax so collected, a sum sufficient to pay the interest on said loan, also the principal thereof, within thirty years and as the same become payable. The appropriation for interest to be paid semi-annually, and for the Sinking Fund quarterly, to the said Commissioners.

WHEREAS, It will be necessary for the City to accept the bequest as mentioned in said will on or before March 22, 1915; therefore, be it

*Resolved*, That Select and Common Councils do hereby accept the said bequest as particularly mentioned under item twenty-six of the last will and testament of Emma Lathers Simpson, deceased.

## APPENDIX No. 77.

## OFFICE OF THE MAYOR.

*Philadelphia, March 18, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I take pleasure in submitting to your Honorable Bodies copy of a letter received by me from the Emergency Aid Committee, under date of March 12th. This letter gives in detail some of the work accomplished by that Committee and made possible through private contributions as well as the appropriation of \$50,000 by ordinance of Councils.

When I signed, in December last, the ordinance appropriating \$50,000 to the Department of Health and Charities, to be expended through the Emergency Aid Committee toward the relief of the unemployed poor, I stated that I did so with extreme reluctance and misgiving, believing that public funds raised by compulsory taxation should not be appropriated to charitable relief, and that the effect of such appropriations is to diminish private contributions and to impose a heavy responsibility upon those who may undertake to administer the relief.

I am now called on to act upon a second appropriation of the same character. My opinion that funds raised by taxation should not be appropriated in this way, and that one effect of such appropriations is to diminish private contributions, is, if anything, strengthened. When the Permanent Relief Committee made its appeal a few weeks ago, the resulting contributions were only a little over \$40,000 instead of the several hundred thousand dollars which might otherwise have been expected. Many large and regular contributors declined to give, upon the ground, frankly expressed, that since the City was voting the taxpayers' money for relief, they, as large taxpayers, should not be expected to make a double contribution. I have had many protests, both oral and written, from citizens who have thought deeply and felt strongly on this subject.

At the same time, it is only fair to state that my belief that it would be impossible for the Emergency Aid Committee to satisfactorily administer the appropriation has not proved correct. They have had an extremely difficult task, but by a tremendous sacrifice of time and energy, and the exercise of infinite care, the members of the Committee have succeeded in expending the appropriation in a thoroughly intelligent and useful way. They have given employment to many men and women, thus keeping them from being pauperized. Instead of being in actual want, therefore, the labors of these men and women have not only provided clothing for many school children and helped the inmates of various municipal institutions, but have also accomplished a large amount of strictly municipal work, such as the cleaning up of outlying parks, blind alleys, squares, smaller parks and playgrounds, painting in Blockley and the Municipal Hospital, grading work and cleaning of trees by the caterpillar squads.

I understand that the Committee has made plans based upon the expenditure of this additional appropriation, and in view of their heroic efforts I am not willing to disappoint their expectations. While my principles make it impossible for me to approve the ordinance, I have therefore concluded to let it become effective without my signature.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

—  
OFFICE OF THE EMERGENCY AID.

Lincoln Building.

*Philadelphia, March 12, 1915.*

TO THE HONORABLE RUDOLPH BLANKENBURG.

Mayor of the City of Philadelphia.

DEAR SIR:—I have the honor to submit the following summary statement of the work of the Emergency Aid in

support of our request for your executive approval of the pending ordinances which carry appropriations for municipal relief.

#### I. Employment Statistics:

(1). The number of men now employed by the Emergency Aid Committee is 665. Of these 100 are working under the direction of the Park Commission in connection with the extension of the plot of ground at Sixty-third and Walnut streets for use as a public golf course, 125 are engaged in street cleaning under the direction of the Sanitation Division of the Board of Public Works, 150 are employed in City squares in the prosecution of the "war on caterpillars," under the direction of the Forestry Division of the same Department, 50 are doing work for the benefit of the Octavia Hill Association, ten for the Episcopal Hospital, five for the Jefferson Hospital, and 150 on the Boys' Club Farms. The remaining 75 men included in the total above mentioned are not working to-day, but will go to work on Monday under the direction of the Bureau of Highways.

(2). The number of women now employed by the Emergency Aid is 1,040. Of these 340 are doing sewing work at the Lincoln Building-office of the Emergency Aid, and 700 are doing similar work in sewing rooms.

(3). The number of men whose names are on the Emergency Aid files who are awaiting employment is 1,791.

(4). The number of women whose names are on the Emergency Aid files waiting for employment is 764, of whom 514 are on the waiting list at the Lincoln Building office, and 250 on the sewing room list.

(5). The number of positions found since November by the Emergency Aid is 1,458, almost equally divided between men and women. The positions found for women sewers during the last two weeks number 122.

(6). The Emergency Aid Committee records show that a large amount of attention has been given to remedying physical defects through the various hospitals, such as

supplying of spectacles to sewing women who needed them, also the giving of instructions in simple food values such as the most nourishing food to be had for the least money, also the teaching of efficiency, with the result in some cases of making it possible for girls to obtain and retain positions which otherwise they could not have held.

(7). The number of pieces of clothing issued by the Emergency Aid on the requisition of relief organizations during the week ending March 11th was 29,539.

## II. Investigations Tending to Establish the Continuance of Economic Emergency:

(1). Information furnished by one of the largest spinners in Philadelphia indicates that the number of spindles in operation to-day is approximately one-third of the number in operation during the same period a year ago. The evidence indicates that, if night work is taken into account, the activity in the textile industry does not exceed one-fourth of what it was two years ago. Nearly all other manufacturing industries report conditions correspondingly unsatisfactory. Most of the mills in Kensington are working their men on half or less time. One of the large companies, employing approximately 5,000 men, is running two or three days a week and employing only one-half of its men on these days. Reports received indicate that people are going from one mill to another begging to be given work in some capacity.

(2). The Emergency Aid investigator who has visited mills and factories reports that the majority of employers are continuing to lay off employees and that those who are contemplating re-employment will first take care of employees laid off some time ago. Employers of the latter class express a willingness to call upon the Emergency Aid after giving work to their old employees. Such employers are 36 in number, including four carpet mills, 18 waist and dress manufacturers, 11 hosiery mills and three worsted mills.

(3). The records of the Rapid Transit Company are an interesting and accurate index of the relative amount of

employment and unemployment at diffecent periods. Certain routes give quick indication of the number of people who find it necessary to walk to their work, or who are not going to work at all. These statistics indicate an abnormal, if not an unprecedented, condition in this respect.

(4). The number of appeals for employment coming through various institutions, such as The Inasmuch Mission, etc., indicate the existence of great numbers of unemployed who are able and willing to work.

(5). The personal contacts established by Emergency Aid workers with people capable of doing clerical work, and in many instances the higher grades of professional work, indicate an extraordinary amount of distress among people who have never been in a similar position before, and whose cases do not come within the scope of ordinary relief statistics.

### III. Expenditures and Resources of the Emergency Aid:

(1). The expenses for the week ending March 11, 1915, are submitted as typical. Payments of wages to men are on the basis of fifteen cents an hour for an eight-hour day. Sewing women are paid by the piece.

Wages paid to men .....	\$4,189 50
Money paid to sewing women at Lincoln Building .....	3,000 00
Cost of 10,993 cut-out garments..	1,611 41
Cost of 5,804 yards material sent to some of sewing rooms.....	448 56
Overhead charges .....	525 00
Groceries and relief .....	630 00
Coal, 52½ tons .....	289 35
Wages for sewing rooms.....	2,557 68
Cost of 53 pairs new shoes.....	72 85
Total.....	<hr/> \$13,324 35

(2). When the operations of the Emergency Aid are suspended a balance of \$10.000 must be left in hand to enable the organization to deal with cases which will con-

tinue to need attention. Allowing for this balance, the funds in hand will enable the Emergency Aid to continue its present activities only until April 10th, but will not enable such a normal development of its work as is requisite to meet the actual existing need. There are approximately five thousand families under the care of the Emergency Aid. In addition to the small army of men and women who are under employment by the Emergency Aid there are (as above specified) no less than 2,555 men and women actually listed and waiting for employment. Our present balance is \$79,375.76.

If the pending ordinances are signed and the appropriations are thus made available, the Emergency Aid will be equipped not only to continue its existing work until May 1st, but will be enabled to find or give remunerative employment to a large percentage of those who are clamoring for it, and who will not otherwise obtain it. After May 1st living conditions will appreciably improve and the strain will have measurably relaxed. In any event, the fact that the City cannot do more will afford no ground for regret that it has done what it could.

In all cases the contact of the Emergency Aid with individuals has been controlled by sound principles of relief. The objections made to municipal aid worked out upon such principles as these have been based upon misapprehension of what the Emergency Aid has actually been doing or upon the supposed analogy of emergency relief movements in other places where, in point of fact, the methods employed appear to have been wholly dissimilar.

May we add that the appropriation will be administered with the greatest care, and any part not needed will be merged back into the City Treasury.

We hope that conditions will so improve that we will not have to continue our organization after the 1st of May.

Respectfully submitted,

(Signed) AGNES P. R. GROOME

*Chairman, Home Relief Division.*

## APPENDIX No. 78.

## OFFICE OF THE MAYOR.

*Philadelphia, March 18, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Permit me again to call the attention of your Honorable Bodies to the urgent need of an appropriation for the equipment of the new municipal machine shop at Eleventh and Reed streets. The situation is clearly stated in the accompanying copy of a letter I have received from the Director of the Department of Public Safety.

This matter was called to the attention of the Finance Committee of Councils in communications from the Director under date of May 26, 1914, and September 4, 1914. I have also communicated with your Honorable Bodies on the subject in messages sent you on October 15, 1914, and February 18, 1915.

The new machine shop, splendidly adapted for its intended use, has thus been allowed to lie idle since last July for lack of an appropriation to install machinery. Large numbers of pieces of municipal apparatus are now out of commission and others in poor repair for lack of these needed facilities. The responsibility for this condition, so full of danger to the public interest, cannot be placed upon the Director of the Department of Public Safety, in view of the number of times he has called this matter to your attention.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## DEPARTMENT OF PUBLIC SAFETY.

## OFFICE OF THE DIRECTOR.

*Philadelphia, March 4, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of Philadelphia.

DEAR SIR:—Eight months have elapsed since the completion of the machine shops of the Bureau of Fire.

This building cost \$125,000, and is to-day lying idle because of the failure of Councils to provide the appropriations asked for on numerous occasions for the equipping of the same.

One member of the Finance Committee said to me that the reason the money was not forthcoming was because of our intent not to use the existing machinery. Please be assured that every piece of machinery now in use at that shop which can be moved and utilized will be transferred to the new shops and placed in operation.

The fact must not be overlooked, however, that many years have elapsed since the purchase of any equipment with which to maintain the shop, so that the old machinery is antiquated and not suitable to our present needs.

I have already communicated with you concerning the large number of pieces of apparatus now out of commission, both because of lack of funds to make the repairs, and our inability to have a suitable place in which to make them.

If delays continue in the future as they have in the past, I must shift any responsibility which may result from the lack of adequate protection to the shoulders of the members of Councils.

I have done everything in my power to place this shop in operation. Only an appropriation by Councils will help us.

Yours very truly,

(Signed) GEO. D. PORTER,

*Director.*

## APPENDIX No. 79.

## OFFICE OF THE MAYOR.

*Philadelphia, March 18, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Allow me to ask the attention of your Honorable Bodies to the need for the prompt passage of an ordinance permitting extensive alterations and improvements to be made at the Twenty-ninth District Police Station, Patrol House and Stable, and Fire Station No. 41, at Sixty-first and Thompson streets. The situation is clearly described in a letter I have received under date of March 4th, from the Director of the Department of Public Safety, from which the following is quoted:

“In the latter part of 1914 we had plans and specifications prepared by the acting City Architect, for making alterations, plumbing work, etc., and electric light work, etc., at the Twenty-ninth District Police Station, Patrol House and Stable and Fire Station No. 41, at Sixty-first and Thompson streets. These contracts were awarded on December 18, 1914, to, respectively, Eugene Tourison in the amount of \$7,000 for the alterations, to Charles M. Sheldrake in the amount of \$1,300 for the plumbing work, and to J. F. Buchanan & Co., in the amount of \$1,000 for the electrical work.

“Unfortunately, at this time the demands for the improvements of other police and fire stations were so great that the old loan items became exhausted. The appropriation under that loan included both police and fire stations in one item, and so it was feasible to do work, as it was done in this case, where the buildings occupied by the two Bureaus adjoined each other, thus considerably lessening the cost. However, the \$11,300,000 loan has separated the two Bureaus. As it is very necessary that the work mentioned above be begun at once, and the contracts are

all ready to be signed so that work could be begun immediately, I would ask that Councils be requested to pass an enabling ordinance directing that these contracts be made payable out of the \$11,300,000 loan items in the proportion of two-thirds to the Bureau of Police and one-third to the Bureau of Fire."

I earnestly hope that your Honorable Bodies will pass the requested ordinance in order that this very necessary work may not be delayed longer.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

#### APPENDIX No. 80.

##### OFFICE OF MAYOR.

*Philadelphia, March 18, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—On April 2, 1914, two ordinances, prepared by the Department of Public Works, were introduced in Common Council, one providing for the opening of the unopened portion of Oregon avenue, from Twenty-third street to Delaware avenue, and the other for the grading of Oregon avenue between the same streets. These were referred to the Committee on Highways and, although almost a year has passed, have not been reported from that Committee.

Such progress has now been made in carrying out the plans for the improvement of South Philadelphia, the relocation of railroads and the removal of grade crossings, that it is of the utmost importance that these Oregon avenue ordinances, especially the opening ordinance, should be passed promptly. The opening of this street is a vital

initial step to the prosecution of these plans for the benefit of South Philadelphia.

The representative business and improvement associations and the people of South Philadelphia are urgent in their demand that this work be prosecuted without further delay, and the Department of Public Works is anxiously awaiting your action to enable it to proceed. I trust your Honorable Bodies will co-operate to this end and will permit no further delay in the final passage of the opening ordinance.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

### AN ORDINANCE

To open the unopened portions of Oregon avenue, from Twenty-third street to Delaware avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized and directed to notify the owners of property over and through which the unopened portion of Oregon avenue, from Twenty-third street to Delaware avenue, will pass, that at the expiration of three months from the date of said notice said street will be required for public use.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security, on behalf of the City of Philadelphia, for the payment of any damages which may be assessed by reason of the opening of said street; upon the filing of said bond, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said street.

## AN ORDINANCE

To authorize the grading of Oregon avenue, from Twenty-third street to Delaware avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to enter into contracts for the grading of Oregon avenue to the established grade of the City with the necessary drains, etc. In all cases where the material required to excavate or fill any legally opened streets within six blocks of the street herein authorized to be graded can be interchangeably used, the Director of the Department of Public Works shall advertise for and award the contract so that the same shall be embodied in one and the same contract: *Provided*, That the grading shall be advertised for and the contract awarded to the lowest responsible bidder.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

Conversion of old 35th District Police Station into a fire station, at Olney .....	Old Second st. pike ....	42	7,000 00

We wish to call your attention to the fact that the estimates made by the Acting City Architect can only be approximations, based solely on the plans and specifications he has prepared.

In addition to the above, we wish to call your attention to the following situation, concerning much needed repairs at the Twenty-ninth District Police Station, Patrol House and Stable, and Fire Station No. 41, at Sixty-first and Thompson streets.

In the latter part of 1914 we had plans and specifications prepared by the Acting City Architect for alterations, plumbing and electric light work, etc., on these buildings. Contracts were awarded on December 18, 1914, to, respectively, Eugene Tourison in the amount of \$7,000 for the alterations, to Charles M. Sheldrake in the amount of \$1,300 for the plumbing work, and to J. F. Buchanan in the amount of \$1,000 for the electric work. Unfortunately, just at that time the demands for the improvements of other police and fire stations were so great that the old loan item became exhausted.

The appropriation under that loan included both police and fire stations in one item, and so it was feasible to do work, as it was done in this case, where the buildings occupied by the two Bureaus adjoined each other, thus considerably lessening the cost. However, the \$11,300,000 Loan has separated the two Bureaus.

As it is very necessary that the work mentioned above be begun at once, and the contracts are all ready to be signed so that work could be begun immediately, we ask that an enabling ordinance be passed, directing that these contracts be made payable out of the \$11,300,000 Loan items in the proportion of two-thirds to the Bureau of Police and one-third to the Bureau of Fire, these being the proper proportions according to the estimate of the Acting City Architect.

Yours very truly,

GEO. D. PORTER,

*Director.*

## AN ORDINANCE

Authorizing repairs and improvements to certain police and fire stations.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Safety be, and he is hereby authorized to make repairs and improvements out of certain loan money as follows:

Bureau of Police: Van stables, Eleventh and Wharton streets; Sixteenth District, Thirty-ninth and Lancaster avenue; Tenth District, Frankford avenue and Master streets; Thirteenth District, sub-station, 471 Levering street; Fifteenth District, Paul and Ruan streets; Thirtieth District, Front and Westmoreland streets, and Twentieth District, 253 N. Fifteenth street, said repairs to be paid out of Item 160 (loan) in the appropriation to said Bureau, and not to exceed in the aggregate the sum of thirteen thousand seven hundred (13,700) dollars.

Bureau of Fire: Engine Co. No. 23, Seventh above Norris street, and Engine Co. No. 43, 2110 Market street; to erect a new building for Engine Co. No. 6, Montgomery avenue below Girard avenue; to convert the building owned by the City at Oak lane (formerly the Oak Lane Casino) into a fire station, and to convert the old Thirty-fifth District Police Station at Olney on old Second street pike into a fire station, said repairs and improvements to be charged against Item 160 (loan) in the annual appropriation to said Bureau and not to exceed in the aggregate the sum of forty-five thousand five hundred (45,500) dollars.

Bureaus of Police and Fire: The combination police, patrol and fire station at Sixty-first and Thompson streets, said repairs not to exceed in the aggregate the sum of nine thousand three hundred (9,300) dollars and to be charged against the same loan items, one-third to be charged off against the Bureau of Fire and two-thirds against the Bureau of Police.

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Complaint as to the rates and service of the Philadelphia Electric Company was filed some months ago with the Pennsylvania Public Service Commission by William Hancock, representing the United Business Men's Association, Director Cooke, of the Department of Public Works, and William H. Ball.

During the past few months this case has been ably argued by counsel for the complainants and what appears to be a *prima facie* case establishing excessive rates for electric current for both public and private use has been established. Evidence as to the valuation of the Philadelphia Electric plant, the history of its financing, and its schedule of rates, has been impressively presented to the Commission. After hearing the character of this testimony, the company on its own volition offered to make an inventory and appraisal and have been instructed to have this in the hands of the Commission by May.

Philadelphia pays upward of \$8,000,000 a year in electric charges to this company—a sum approximately one-fourth of the total municipal budget. There are what appear to be the very best of reasons for believing that the rates charged are not only high but illogical. While the Commission may not wait for a final appraisal of this property before ordering a readjustment and reduction of rates, the valuation that is determined as a result of this inventory and appraisal may have an important bearing upon the validation of tens of millions of dollars of securities and directly or indirectly affect electric rates in this City for years to come. Therefore, I have no hesitation in endorsing the request of Director Cooke for the passage of an appropriation of \$50,000 for the proper handling of this case in the second stage upon which it has now

entered. Up to the present time the hearings and investigations have been carried on at private expense, but it is a matter that obviously should be undertaken by the municipality and in such a way as adequately to represent the great interests which the community has at stake.

The details of the work ahead of us are divided into two classes, engineering and accounting. We should employ one high-class engineer and one high-class accountant to be placed in charge of each of these departments of the work and to give their entire time to it. Under these would be other junior engineers and accountants, stenographers, typewriters, and others. In addition to these we would require a certain number of consultants who would give only a portion of their time to the work, such time to be devoted to certain phases of the work in which each is a specialist. The work to be covered is as follows:

1. The company's inventory must be thoroughly checked up and supplemented by independent measurements and tests. This, in itself, is a large job.

2. While this inventory is being made or checked up, a large number of tests and observations must be made of the condition of the property as to wear, state of repair, and in case of power plants, economy of operation.

3. Prices must be determined and applied to all the units of the property. These prices must be based on the present state of the market and on the prices of the company for material, labor, installation, etc., during the last five years or thereabouts.

4. The normal life and the present age, and therefore the expectancy of life, together with estimates of salvage values, must be determined. In this, questions of obsolescence and inadequacy and probable monopoly requirements, compelling the adoption of a different type of installation or of plant, will have to be thoroughly considered.

5. Overhead charges, so-called, such as engineering, allowance for omissions, losses from strikes, weather conditions and delays, changes of plans, legal expenses, taxes, interest during construction, etc., must be considered.

6. A combination of these various studies must be made to determine the probable cost to duplicate the property to-day, less depreciation.

7. While all these engineering studies are being prosecuted, the accountants will be devoting their main strength to the financial history of the company, the cost of the property now in use, the treatment of depreciation and maintenance, the revenues and expenses of each class of service, the profits of the company, etc. From these studies there will be worked out the actual cost of the property less depreciation, as contrasted with the estimated cost of reproducing it, and there will also be developed data for determining whether the public are justified in demanding a reduction of rates.

8. Finally, through a combination of all these studies, both engineering and accounting, it would be necessary for whoever had charge of this appraisal to determine not only the total reductions possible in the rates, but along what lines they should be made, and even definitely just what rates should be so changed, with the probable effect of such changes on the revenue of the company.

As Director Cooke advised me in his letter transmitting the ordinance, a copy of which I send you herewith, other cities have made similar appropriations and almost uniformly with good results. In fact, the adoption of the present Public Utilities Law, under which we are operating in this State, implies that as the cases are instituted before the Public Service Commission adequate local appropriations shall be made for their proper preparation and presentation.

I trust that we may have the co-operation of the legislative branch of the government in this matter, vital to the City itself as well as to the fifty thousand users of electric current.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## DEPARTMENT OF PUBLIC WORKS.

*Philadelphia, March 20, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of the City of Philadelphia.

MY DEAR MR. MAYOR:—The validation of perhaps 25 millions of dollars of watered securities of the Philadelphia Electric Company and the imposition of excessive rates for electric current for years to come may only be averted through the immediate appropriation by City Councils of not less than \$50,000. This will enable the Department of Public Works not only to check up the inventory and appraisal now being made for the Philadelphia Electric Company by Dugald C. Jackson, but to submit to the Public Service Commission recommendations as to a proper valuation for this property and as to a rate schedule which will provide adequate return on the investment.

As matters stand now, I am forced to admit that our guard is down and that the blow may be delivered almost at the pleasure of the Philadelphia Electric Company. During the past two years I have expended out of my salary approximately \$5,000 in order to develop for the benefit of the public the facts as to the excessive capitalization of the Philadelphia Electric Company and as to the exorbitant and altogether illogical rates paid both by the City and by private consumers of electric current. These facts as published during the last eighteen months in the press and as developed in the sworn testimony before the Public Service Commission constitute a shameless story of corporate inefficiency and greed, and show an utter disregard of the rights of the community.

It was the overwhelming character of this testimony which forced the Philadelphia Electric Company to offer to take an inventory—the first one in its history. The annual appropriation of the Public Service Commission is too limited to permit of its undertaking to exhaustively investigate and check such inventories as this one, which will undoubtedly cost the company around \$200,000.

Even if the Commission had the resources with which to check this inventory at every point and had shown a desire to do so, it would still be the duty of the City in a matter so vital to its growth and prosperity to look out for itself by independent studies.

That Dugald C. Jackson has been retained by the company to make this inventory makes it absolutely essential, if the City is to get anywhere near a square deal, that the highest class of engineering and accounting talent be employed to make a comprehensive and detailed analysis of his figures and conclusions. We owe it to the Commission fully as much as to the City to see that this is done.

Professor Jackson comes to this work with a high reputation and his recommendations, unless aggressively and intelligently opposed, may carry great weight with our Commission. I have recently pointed out that his appraisals are made apparently with the idea that they will be cut down, and I have cited two instances where the fair values finally allowed were only 55 per cent. of the estimates made by Professor Jackson. He is an ardent and resourceful advocate of the "utility school of economics;" believes in rates based on "the value of the service" and "expediency," and in his professional vocabulary we find what he calls a "phantom plant" and "the value that comes from associating or attaching a plant to its business which vitalizes the plant and gives it an earning capacity." This latter is an item absolutely distinct from the value of the physical plant.

The Philadelphia Electric Company has securities outstanding for about \$56,000,000, of which approximately \$50,000,000 are chargeable to Philadelphia proper. We have made as careful an inventory of the property of the company within the City as was possible without the run of the plant and have looked up the history of its financing. We are convinced that a fair valuation for rate-making purposes lies somewhere between \$17,000,000 and \$22,000,000, but in view of the resourcefulness displayed by Professor Jackson in the cases he has already handled I am convinced that it would be possible for him

to justify adding on \$25,000,000. The City must remember that the Public Service Commission in fixing a valuation for rate making may validate watered securities so that their questionable character may never be raised.

The appropriation called for by the attached ordinance must be made and the effort on the part of the Philadelphia Electric Company to claim values entirely disproportionate to their tangible investment must be vigorously opposed. Otherwise we may be saddled with the present high rates for the next twenty years. Now is the time either to squeeze the water out of Philadelphia Electric securities and secure approximately reasonable rates for the City and for private consumers, or to prepare for an entirely new deal through a municipal plant or otherwise.

The sum asked is the most modest amount we should consider. The smallest towns all over the country are making appropriations for similar purposes. For instance, Bellevue and six other small towns in western Pennsylvania, with a total population of 40,000, have appropriated \$20,000 to argue one water case before the Pennsylvania Commission.

Through the splendid work of my counsel, William Draper Lewis and Harold Evans, and our technical experts, Chief Pike and Chief Dickerman, and others, we are thoroughly in touch with the ramifications of this case. But I would be remiss in my duty to the City and to you did I not warn you in the most emphatic fashion that the work ahead is beyond my resources. The stage is set for a bit of public plundering which may by comparison make the 1907 P. R. T. deal look almost philanthropic. I know you will be glad to stand out against this by sending an emphatic recommendation to City Councils urging this appropriation.

Yours very sincerely,

(Signed) M. L. COOKE,

*Director.*

## AN ORDINANCE

To authorize the Department of Public Works to investigate the history, capitalization, plant, operating methods, and rates of the Philadelphia Electric Company; to provide for the further adequate technical and engineering representation in the cases now pending before the Pennsylvania Public Service Commission affecting public and private rates for electric current in this City, and the service rendered by said Philadelphia Electric Company; to make a report and submit recommendations covering the same; to employ the assistance necessary to make said investigations, report and recommendations, and to provide said representation, and to make an appropriation for expenses in connection therewith.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be, and is hereby authorized and directed to investigate the history, capitalization, plant, operating methods and rates of the Philadelphia Electric Company; to provide adequate technical and engineering representation in the cases now pending before the Pennsylvania Public Service Commission affecting the rates and service of the said Philadelphia Electric Company; to consider fully the question of public and private ownership of an electric plant or plants, and the financial and economic aspects of the problem; to prepare a report covering its investigations and to make recommendations as to a procedure which will insure adequate service at reasonable rates for electric current both for public and private use.

SECT. 2. The Director of the Department of Public Works is hereby authorized to employ such engineers, experts and specialists as may be requisite, and also to appoint such engineers and assistants as may be required for making surveys, investigations, examinations of service conditions and rates here and elsewhere, and in the preparation of estimates, rate schedules and recommenda-

tions; all expenses for salaries, expert fees, tests, transportation and incidental expenses not otherwise provided for shall be paid out of the appropriation for the work herein authorized.

SECT. 3. The sum of fifty thousand (50,000) dollars is hereby appropriated to the Department of Public Works (Bureau of Lighting): To Item , for the work herein authorized.

## APPENDIX No. 94.

### OFFICE OF THE MAYOR.

*Philadelphia, April 1, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith Common Council bill No. 74, entitled:

“An Ordinance to make additional appropriations to the various Bureaus in the Departments of Public Safety, Public Works, Public Health and Charities, Supplies, Board of Recreation, City Commissioners, Clerks of Councils, Civil Service Commission, Clerk of Quarter Sessions, City Controller, Coroner, Prothonotary, Receiver of Taxes, Board of Revision of Taxes, Recorder of Deeds, and Commissioners of the Sinking Fund, for the year 1915, to pay bills for labor, materials and supplies heretofore contracted for and delivered,”

with my approval, excepting the following item:

### “CLERKS OF COUNCILS

To Item 1½. Bills contracted on the occasion of the Convention of the American Federation of Labor, November, 1914: Philadelphia Electric Company, current, one hundred and sixty-eight (168) dollars

and eighty-four (84) cents; J. H. Shaw Company, badges, labels, etc., two thousand and eighty (2,080) dollars; D. C. Humphrys Company, booths, posters, decorations, etc., two thousand nine hundred and seventy-one (2,971) dollars and eighty-seven (87) cents; The Olympia, Incorporated, seats, November 16th and 17th, seven hundred and fifty (750) dollars; Silas E. Hummel, furnishing music, fifteen hundred (1,500) dollars; Individual Owners' and Chauffeurs' Union, hire of automobiles, three hundred (300) dollars; George Zorn, Jr., fireworks, three hundred and sixty (360) dollars; total, eight thousand one hundred and thirty (8,130) dollars and seventy-one (71) cents,"

Thereby reducing the total amount appropriated by the ordinance from one hundred and twenty-six thousand two hundred and ten (126,210) dollars and eight (8) cents, to one hundred and eighteen thousand and seventy-nine (118,079) dollars and thirty-seven (37) cents.

I hesitated to approve the ordinance of Councils appropriating \$25,000 to the Clerks of Councils to be expended under the supervision of the Committee on Finance, because it seemed to me, to put it mildly, quite improper to give the Finance Committee the power not only of apportioning, but also of expending City funds through its clerks for purposes entirely foreign to its regular accepted functions. You will readily see that with a less conscientious Councils and less honest clerks, such appropriations might be made in amounts without limit, and the consequences, under different conditions, might be most detrimental to the City.

From the data submitted to me it appears that the provision of the ordinance that said amount (25,000) shall be expended by the Clerks of Councils under the supervision of the Committee on Finance has been sadly neglected, for the total sum expended amounts to \$33,126.85, as follows:

Doyle & Co., erection and construction of the Court of Honor.....	\$11,980 00
Doyle & Co., erecting and constructing grand stand.....	1,300 00
United Electric Construction Co., installing electric system, Court of Honor.....	3,764 00
Philip H. Johnson, architect of Court of Honor.....	944 64
William J. Ryan, theatre tickets...	2,945 00
Horticultural Hall, rent of building and service .....	2,435 00
Hotel Walton, dinners and dancing.	1,600 00
The Trades Union News Publishing Co., printing .....	27 50
	<hr/>
	\$24,996 14
Philadelphia Electric Co.....	\$168 84
Jere H. Shaw, badges, etc.....	2,080 00
D. C. Humphrys, decorations, etc...	2,971 87
The Olympia, ringside tickets at fight.....	750 00
Hummell's Band .....	1,500 00
Chauffeurs' Union .....	300 00
Zorn's fireworks .....	360 00
	<hr/>
	\$33,126 85

I am certainly justified to call public attention to the lack of supervision exercised by the Finance Committee and the Clerks of Councils, resulting as it does in an expenditure thirty-three per cent. in excess of the original appropriation. The original amount of \$25,000 was quite liberal and the entertainment of the American Federation of Labor could have been handsomely given within this limit. If the appropriation had been made to the Mayor's Office, as has been the custom under previous administrations, and as was done three years ago

on the occasion of the visit of the International Navigation Congress, there would have been no excess of expenditure. You may remember that of the appropriation of \$50,000 to the Mayor's Office for the entertainment of that Congress, the sum of \$20,000 was returned to the City Treasury, and everybody will agree that the said Congress was most royally entertained on their visit to our City.

I signed the ordinance with reluctance and only because the time was too short to prepare for proper entertainment of the American Federation of Labor had the appropriation been delayed by a veto.

Among the expenditures for the entertainment of the American Federation of Labor I notice \$944.64, Philip H. Johnson, architect of Court of Honor. To pay such an amount for the design of an arch is too preposterous to contemplate. Had the money been appropriated to the Mayor's Office, the City Architect would, without any cost to the City, have designed an arch at least as acceptable as that designed by Mr. Philip H. Johnson at an expense to the taxpayer of \$944.64. I further notice that William J. Ryan was paid \$2,645 for theatre tickets. Why these tickets should be bought from Mr. Ryan at additional expense to the regular charges surpasses my comprehension. Other expenditures, like "The Olympia, ringside tickets at fight," can hardly be considered as contributing to a reasonable entertainment of members of the Federation.

It would require pretty strong argument to convince me that some of the bills rendered are reasonable charges for reasonable purposes and that they had been expended, as required by the appropriation ordinance, "under the supervision of the Committee on Finance." Until so convinced I feel compelled, in the interests of the taxpayers of the City of Philadelphia, to withhold my approval from that part of the deficiency appropriation bill appropriating to the Clerks of Councils the additional sum of \$8,131.71.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## APPENDIX No. 95.

## OFFICE OF THE MAYOR.

*Philadelphia, April 1, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval,  
Common Council bill No. 60, entitled:

“An Ordinance to condemn as a recreation center  
property bounded by Twenty-fourth, Twenty-fifth  
and Jackson streets and Snyder avenue.”

A careful and exhaustive report from the Board of  
Recreation is attached, in which they recommend that my  
approval be withheld from this ordinance.

It would be very poor policy, and even poorer economy  
of public funds, for the City to acquire additional recrea-  
tion sites at the expense of the necessary improvement of  
properties already acquired. Thus both would lie idle  
and unimproved.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

BOARD OF RECREATION.

*Philadelphia, March 30, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of Philadelphia.

DEAR SIR:—The Board of Recreation respectfully  
recommends that you veto the ordinance condemning for  
a recreation center property bounded by Twenty-fourth,  
Twenty-fifth, Jackson street and Snyder avenue, for the  
following reasons:

1. The ordinance provides that payment for the land shall be made out of the loan moneys heretofore appropriated to the Board of Recreation. The Board of Recreation has already agreed to expend this loan money on the improvement and development of several playground sites, which will remain useless if the present ordinance is allowed to stand.

2. We feel that Councils would not have passed this ordinance if they had been in possession of this information, which we now give you. By some inadvertence the Board of Recreation had not been previously apprised of the movement to secure this site by this means.

3. It is evident that as a general principle the loan moneys appropriated to the Board of Recreation must be used in developing as playgrounds, at the earliest possible moment, the sites already owned by the City. If this were not done, the City would be in possession of idle land and the progress of the development of playgrounds would be stopped.

4. The site just acquired for a playground, bounded by Twenty-sixth, Twenty-seventh, Morris and Moore streets, is within six blocks of the site under discussion. The site already acquired should be developed and in operation before any other site in such close proximity is acquired. The Board looks forward to the Twenty-sixth, Twenty-seventh, Morris and Moore streets site as likely to be one of the most successful playgrounds in Philadelphia, as the neighborhood interest is very great.

Respectfully,

(Signed) OTTO T. MALLERY,

*President.*

## OFFICE OF THE MAYOR.

*Philadelphia, April 1, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I respectfully request your Honorable Bodies to withdraw from me, for further consideration, Common Council Ordinance No. 59, entitled:

“An Ordinance to condemn for park purposes property bounded by Twenty-fourth, Twenty-fifth, Jackson and Wolf streets.”

I ask your careful attention to the accompanying copy of a report on this ordinance received by me from the Chief of the Bureau of City Property, bearing the approval of the Director of the Department of Public Works. It is clear that this property would be a desirable acquisition by the City for park purposes, but it seems equally clear that it would be unwise to divert for this purpose money from Loan Item No. 160, all of which is so greatly needed for the improvement of older parks and squares.

I trust, therefore, your Honorable Bodies will withdraw this ordinance and see whether the cost of this new square cannot be provided for out of other funds.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

Subject: Ordinance to Condemn Park at Twenty-fourth  
and Jackson Streets.

HON. RUDOLPH BLANKENBURG,  
Mayor of Philadelphia.

DEAR SIR:—I am returning herewith Ordinance No. 917, condemning for park purposes property bounded by Twenty-fourth, Twenty-fifth, Jackson and Wolf streets.

While I am strongly in favor of extending our park and playground system every opportunity where it will benefit in the future a section of the City which will likely suffer from a dense population, under the present circumstances I am opposed to the use of Loan Item No. 160 in the present case, since ordinances have been submitted applying against this item which provide necessary improvements for many of our older parks and squares. In my opinion it is of first importance to improve and maintain that property which the City already possesses rather than, at this particular time, expend the money which is available for this purpose in acquiring more property.

I can readily appreciate that it would be very important for the City to possess a park in the neighborhood described, and if it is found possible to provide for the purchase of this tract from another item I shall be very glad to recommend my approval of its passage.

For your information I am attaching list of the places and the amounts for improvement of same, which are covered by ordinances to apply against Item 160 Loan.

Yours truly,

### APPENDIX No. 115.

*Philadelphia, April 1, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bills to place on the City plan Elk-

hart, Mayfield and Ringgold streets, respectfully report that, in connection with these streets, a neighborhood square is also provided for the health and enjoyment of the people. This square is located in the bed of Ringgold street, which is to be dedicated. We believe that this departure from the usual subdivision will be widely imitated and result in better housing and the general improvement of the neighborhoods where adopted. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Fred. Schwarz, Jr., James A. Humphrys, Geo. Connell, James H. McGurk, Harry Keene, J. H. Shaw, William D. Asnip, Wm. Boal, Geo. Mitchell, Henry J. Klos, Wm. D. Bacon, George D'Autrechy, William H. Quigly, Wm. E. Finley.

## AN ORDINANCE

To place on the City plan Elkhart, Mayfield and Ringgold streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to place on the City plan Elkhart street, of the width of forty feet, from Twenty-fourth to Twenty-fifth street; Mayfield street, of the width of forty feet, from Twenty-fourth to Ringgold street; Ringgold street, of the width of forty feet, from Indiana to Mayfield street, and of the width of one hundred and nine feet, from Mayfield to Elkhart street: *Provided*, That before the said streets shall be placed on the plan the owners of property within the lines thereof shall, within one year from the approval of this ordinance, dedicate the same to the City, on the lines and grades as confirmed by the Board of Surveyors.

## APPENDIX No. 116.

*Philadelphia, April 1, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to revise the lines and grades of territory bounded by Twenty-eighth street, Allegheny avenue, Twenty-sixth street and the Norristown Branch of the Philadelphia and Reading Railway, respectfully report the development of this tract, by adopting the street system and their proposed grades as outlined, will lessen the City's liability for damages which would be incurred in the grading of Twenty-eighth street, from Allegheny avenue northward under the Philadelphia, Germantown & Norristown Railroad. The dedication of all the streets, the playground and park as proposed will be of value to the City, resulting in increased taxation. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Fred. Schwarz, Jr., James A. Humphrys, Geo. Connell, James H. McGurk, Harry Keene, J. H. Shaw, William D. Asnip, Wm. Boal, Geo. Mitchell, Henry J. Klos, Wm. D. Bacon, George D'Autrechy, William H. Quigley, Wm. E. Finley.

## AN ORDINANCE

To revise the lines and grades of territory bounded by Twenty-eighth street, Allegheny avenue, Twenty-sixth street and the Norristown Branch of the Philadelphia and Reading Railway.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of territory bounded by Twenty-eighth street, Allegheny avenue, Twenty-sixth street and the Norristown Branch of the Philadelphia and Reading Railway by striking from the City plan Willard street,

from Twenty-sixth to Twenty-eighth street and Twenty-seventh street, from Allegheny avenue to Willard street, and to place on the plan in lieu thereof Willard street, of the width of forty feet, from Twenty-sixth to Marston street; Marston street, of the width of forty feet, from Allegheny avenue to Willard street; Etting street, of the width of forty feet, from Allegheny avenue to Willard street; Twenty-seventh street, of the width of fifty-two and eighty feet, from Allegheny avenue to Willard street; Bailey street, of the width of forty feet, from Allegheny avenue to Willard street; Madison street, of the width of forty feet, from Etting to Marston street; also, to place on the City plan Marston Playground, at the northwest corner of Marston and Willard streets, and Etting Park, at the southeast corner of Marston and Willard streets: *Provided*, That the owners of property affected shall first enter into an agreement, satisfactory to the City Solicitor, releasing the City from all claims for damages by reason of the striking of the said Willard and Twenty-seventh streets from the plan: *And provided*, That before said streets, playground and park shall be placed on the plan, the owners of property within the lines thereof shall, within one year from the approval of this ordinance, dedicate the soil of the same to the City, on the lines and grades as confirmed by the Board of Surveyors.

---

## APPENDIX No. 117.

*Philadelphia, April 1, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to place on the City plan as a public park, lot of ground bounded by Buckius street, Ash street, Richmond street and Bath street, respectfully report that this is a desirable location for a park and adjoins the closely settled portion of Bridesburg. There is no public park in this neighborhood and there

is a public demand for the park. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Fred. Schwarz, Jr., James A. Humphrys, Geo. Connell, James H. McGurk, Harry Keene, J. H. Shaw, William D. Asnip, Wm. Boal, Geo. Mitchell, Henry J. Klos, Wm. D. Bacon, George D'Autrechy, William H. Quigley, Wm. E. Finley.

### AN ORDINANCE

To place on the City plan as a public park lot of ground bounded by Buckius street, Ash street, Richmond street and Bath street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to place on the City plan, as a public park, the lot of ground bounded by the property line near the middle of Buckius street on the southwest, and by the proposed northeast line of Ash street on the northeast, and by the southeast line of Richmond street (as now open) on the northwest, and by the northwest line of Bath street on the southeast.

### APPENDIX No. 118.

*Philadelphia, April 1, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to authorize the Department of Public Works (Board of Surveyors) to revise the lines and grades of the curbs on Grays Ferry avenue westward from Thirty-sixth street, respectfully report that this street is occupied by double trolley tracks. This revision would reduce the sidewalk without any inconvenience to pedestrians and widen the cartway so that it can be used

for vehicles. The curb on the north side should be revised to agree with the physical location of the same. There would be no damages by reason of these revisions. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Fred. Schwarz, Jr., James A. Humphrys, Geo. Connell, James H. McGurk, Harry Keene, J. H. Shaw, William D. Asnip, Wm. Boal, Geo. Mitchell, Henry J. Klos, Wm. D. Bacon, George D'Autrechy, William H. Quigley, Wm. E. Finley.

### AN ORDINANCE

To authorize the Department of Public Works (Board of Surveyors) to revise the lines and grades of the curb on Grays Ferry avenue westward from Thirty-sixth street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of the curb on Grays Ferry avenue from Thirty-sixth street to a point about 220 feet westward.

---

### APPENDIX No. 119.

*Philadelphia, April 1, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to revise the lines and grades of that portion of the City plan bounded by South street, Delaware river, Oregon avenue and the Schuylkill river, respectfully report that the territory embraces much of the older sections of Philadelphia, and many of the plans covering the same were confirmed from forty to fifty years ago. During this long period, many physical changes

have occurred and new streets have been added from time to time. The purpose of this ordinance is to authorize the making of an accurate resurvey according to modern methods so that correct sectional plans might be made. There will be no damages to the City by reason of the proposed revision. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Fred. Schwarz, Jr., James A. Humphrys, Geo. Connell, James H. McGurk, Harry Keene, J. H. Shaw, William D. Asnip, Wm. Boal, Geo. Mitchell, Henry J. Klos, Wm. D. Bacon, George D'Autrechy, William H. Quigley, Wm. E. Finley.

### AN ORDINANCE

To revise the lines and grades of that portion of the City plan bounded by South street, Delaware river, Oregon avenue and Schuylkill river.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to resurvey and to revise the lines and grades of that portion of the City plan bounded by South street, Delaware river, Oregon avenue and Schuylkill river, and to make new plans thereof.

### APPENDIX No. 120.

*Philadelphia, April 1, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to establish grades on City Plans Nos. 305 and 306, between Pike street and Sanger street and between Delaware avenue and Delaware river, respectfully report that the above plans were confirmed without grades along the Delaware river front. It is important that grades be established in order to determine

bulkhead and street elevations. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Complying with your resolution of even date, requesting the return of Common Council bill (Appendix No. 59) entitled:

“An Ordinance to condemn for park purposes property bounded by Twenty-fourth, Twenty-fifth, Jackson and Wolf streets,”

I am returning this bill to you herewith.

Respectfully yours,

## APPENDIX No. 124.

## OFFICE OF THE MAYOR.

*Philadelphia, April 15, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—On March 5, 1914, an ordinance was introduced in Common Council and referred to the Finance Committee, authorizing arrangements to be made with the United Gas Improvement Company for the change of gasoline lamps to gas lamps. The passage of this ordinance will have a threefold beneficial effect:

First. It will result in greatly improving the lighting of the streets.

Second. The City will save over \$70,000 annually in its lighting bills.

Third. The expenditures on the part of the Company for labor alone will amount to over \$140,000, and no opportunity like this to give work to large numbers of men should be neglected.

This is the sixth message that I have sent to your Honorable Bodies with reference to this ordinance. Its passage has now been delayed over a year. Had it been passed promptly, the City would, long since, have received the benefit of a saving of over \$70,000 a year on its lighting bills.

The United Gas Improvement Company months ago wrote to your Finance Committee that it was willing to enter into this arrangement and to begin work.

I hope the passage of the ordinance may not be delayed longer.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## OFFICE OF THE MAYOR.

*Philadelphia, April 15, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Permit me to call the attention of your Honorable Bodies to the accompanying copy of a letter received from the Director of the Department of Public Health and Charities, calling attention to appropriations greatly needed in that Department.

The item of \$1,000,000 for new buildings for the Philadelphia Hospital is, of course, of the utmost importance. It is a misfortune that this item should not have been included in the appropriation last January of most of the balance of the \$11,300,000 loan. I hope the hardships suffered by the patients in the Philadelphia Hospital through overcrowding and lack of proper accommodations may not be unnecessarily prolonged through continued inaction by your Honorable Bodies.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

*Philadelphia, April 15, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—I desire to call your attention to the fact that in the Appendix of the Finance Committee, to be acted upon by Councils at their next meeting, no provision has been made for the purchase of additional motor ambulances for the Philadelphia General Hospital, which

are absolutely necessary for the efficient transportation of the sick poor. At least \$10,000 should be expended for this purpose.

My request for \$50,000 to improve the residents' quarters and for many minor needs of the Hospital has been overlooked. The internes get no salary and deserve decent living quarters, at least, in return for their services to the City.

I would again call attention to the fact that the season is approaching when work on the Philadelphia General Hospital should be started, and that the \$1,000,000 voted by the people for a new hospital should be appropriated for this purpose.

Very truly yours,

(Signed) S. LEWIS ZIEGLER,

### OFFICE OF THE MAYOR.

*Philadelphia, April 15, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Allow me to ask the attention of your Honorable Bodies to the accompanying copy of a letter received under to-day's date from the Civil Service Commission.

They point out the inadequacy of the annual appropriations to some of their items, and earnestly recommend additional appropriations, amounting to \$4,150, in place of the additional appropriation of \$725 included in the general appropriation ordinance now on the Appendix of Common Council.

I believe the request of the Commission is reasonable,

and trust your Honorable Bodies will be able promptly to make this additional provision for their necessary expenses.

Respectfully yours,

RUDOLPH BLANKENBURG,

CIVIL SERVICE COMMISSION.

*Philadelphia, April 15, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—The appropriation to the Civil Service Commission for the year 1914 amounted to \$60,650. The appropriation for the present year falls short of that sum by \$4,750. Last year Councils appropriated for extra examiners, special examiners, monitors and expert services \$2,900; this year they have appropriated but \$30. They appropriated last year for communication services, advertising and publication of notices \$2,600; this year they have appropriated but \$1,550, \$1,200 being for communication service and \$350 for advertising. It is impossible to properly carry on even perfunctory advertising with so small a sum. Last year they appropriated \$900 for advertising alone. This year a larger sum for this specific purpose should be appropriated. In indicating some of the disparities in the appropriations between last year and this year, I have indicated some of the needs of the Civil Service Commission. The Commission has only about half enough money on hand to advertise the schedule of examinations just issued.

The Commission addressed the Finance Committee on February 11th, setting forth its needs in detail, which, if possible, should be granted. The response of the Committee is indicated in the ordinance reported to Councils at their last meeting, making an appropriation to the Commission of but \$725, divided as follows: Communication service, \$300; advertising, \$300; cleaning and toilet sup-

plies, \$25, and miscellaneous, \$100. This is totally inadequate.

The interest in Civil Service is unabated. The appropriateness of the examinations and the impartial treatment of candidates has established the work of the Commission upon a sound foundation, and we may justly demand that appropriations be at least modestly adequate to enable us to carry on the work required by the Civil Service law of 1906.

Last year there were 63,269 callers in the Application Section alone, this year to date there have been 17,334 callers. Last year there were 7,148 applications filed in the Competitive Class, this year to date 2,300 applications have been filed, and this number will be considerably augmented as soon as the existing schedule is advertised. Last year there were held 279 examinations, 258 of which were open competitive and 21 promotion examinations. In the Labor Division during 1914 there were 12,073 callers and 2,279 applications were filed, this year there have been 7,950 callers and 1,776 applications have been filed.

Without attempting to burden the record, I have indicated to you only a few of the more important facts in connection with the work of the Civil Service Commission, that you may realize the necessity of a more adequate appropriation that will enable it to do the work it has to do as thoroughly and promptly as possible. Therefore, permit me to suggest that at least the following items of appropriation should be made to the Commission at once for its actual working necessities:

Extra examiners, special examiners, monitors and expert services.....	\$2,600
Transportation of persons .....	200
Communication service, advertising and publication of notices.....	1,450
Special and miscellaneous supplies....	100

These figures would give the Commission just about what was provided for its needs last year.

With our large number of examinations it is essential that we have a proper sum of money for the employment

of extra and special examiners, experts, etc. Permit me to cite as illustrative of the work done by special and extra examiners the examinations recently held for Assistant Engineer, Bureau of Highways, salaries \$2,100 and \$2,500. These were very important examinations. We associated with one of our assistant examiners in the preparation and marking of the examination Messrs. Voshell, Brainard and Child, senior highway engineers in the office of Public Roads, Department of Agriculture, Washington, D. C. These gentlemen are of high repute and wide experience in road construction. There were 74 applicants who took the examination, resulting in about 2,400 sheets of answers to be marked. To mark these papers in a manner that would be just and accurate and would stand the scrutiny of all interested is a task of no mean character. While we were fortunate enough to secure the services of these particular gentlemen without any compensation for their time and labor, yet if they had not been employed by the United States Government, we would undoubtedly have had to compensate them. I cite this case simply as typical of many cases that are constantly arising in the work of the Commission in its various branches. If we cannot make use of the services of gentlemen qualified similarly to those above named in their respective fields of activity, we will be seriously handicapped, the delay in getting out lists would be interminable, and there would be no advantage in maintaining a Commission with its corps of general examiners and its administrative force. To do the work with promptness and thoroughness it is essential that we have a fair sum of money for special and extra examiners, etc.

- The present appropriations to the Commission are simply starving appropriations, and we therefore write to you respectfully requesting that you urge upon Councils to make good their deficiencies by immediately granting to the Commission the sums above specified.

Trusting that we may have your favorable regard in this matter, we remain, with respect,

Very truly yours,  
(Signed) FRANK M. RITER,  
*President.*

## OFFICE OF THE MAYOR.

*Philadelphia, April 15, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Let me ask the attention of your Honorable Bodies to the accompanying copy of a letter received by me under to-day's date from the Director of the Department of Public Safety. It announces an offer by Dr. George Woodward to donate to the City of Philadelphia a plot of ground on Cresheim Valley Drive, and to erect thereon, at his own expense, a fire house for City purposes, upon condition that the City will accept this offer and will undertake to man and equip the house.

The proposed fire house is to be located where one is greatly needed, and your Honorable Bodies will no doubt promptly accept so generous an offer from so public-spirited a citizen.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

—

DEPARTMENT OF PUBLIC SAFETY,

OFFICE OF THE DIRECTOR.

*Philadelphia, April 15, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—Dr. George Woodward has signified his willingness to donate to the City of Philadelphia a plot of ground located on the northeasterly side of Cresheim Valley Drive, a distance of 127 feet 6 inches southeast of

Mermaid lane, containing 100 feet on Cresheim Valley Drive, on which he desires to erect a fire house at his own expense for City purposes.

I have estimated that the construction of a fire house at this location would cost between forty and fifty thousand dollars, and that it could be made to conform in architecture to the structures which have been and are now being erected in that locality.

In view of the fact that this particular locality is developing rapidly and that hundreds of houses have been constructed within the last few years, it occurs to me that it would be highly desirable for the City to accept Dr. Woodward's generous offer.

One of the stipulations made with his offer is that on the completion of the building it is to be manned and equipped by the City.

With the ultimate extension of Cresheim Valley Drive to the County line as planned, the location of a fire house in this section is highly desirable, and will obviate the long runs that are now required to be made by Engine Company No. 9 at Carpenter street and Germantown avenue, and Engine Company No. 37 at Chestnut Hill.

I therefore earnestly request you to lay before Councils Dr. Woodward's proposition in the hope that they will promptly accept the same and authorize the installation of the necessary equipment on the completion of the structure.

Yours very truly,

*Director.*

#### APPENDIX No. 128.

OFFICE OF THE MAYOR.

*Philadelphia, April 15, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval,  
Common Council bill No. 81, entitled:

"An Ordinance to authorize a certain transfer in the annual appropriations to the Departments of Supplies and Law, for the year 1915."

The Department of Supplies was established under the Act of Assembly of April 4, 1903. The following language is quoted from Section 3 of the Act:

"The Department of Supplies shall have the direction, control and administration of the purchase and supply of all articles of personal property required in the conduct of the business of the City. All other Departments shall obtain such articles by requisition upon the Department of Supplies, and not by purchase direct, and the manner and form of such requisition may be prescribed by ordinance or, in default thereof, by standing rule of the Department of Supplies. All appropriations of money for the purchase and supply of such articles shall be made to, and be expended by, the Department of Supplies, and all contracts for the purchase of such articles shall be made and entered into by and with the Director of the Department of Supplies, in the manner now required by law: *Provided*, That this Act shall not apply to the purchase of books, prints, manuscripts, curios, and specialties for libraries and museums."

When I assumed office in December, 1911, I found that large amounts of supplies were being purchased in the City Departments, even those directly under the Mayor, through appropriations made directly to them rather than to the Department of Supplies.

On my recommendation your Honorable Bodies corrected this illegal practice in a large measure, and since then appropriations for practically all supplies for City Departments have been made to the Department of Supplies. The present ordinance would reverse this wise and business-like practice and would, in direct contravention of the Act of Assembly, make the appropriation for supplies to the Department of Law directly to that Department.

In a report upon this ordinance the Director of the Department of Supplies informs me that this Department "long ago asked for and scheduled bids for paper books, etc., for the Law Department for 1915, and bidders have filed their proposal bonds with the City Solicitor for this work."

The Department of Law, in making use of the low bids obtained by the Department of Supplies, can secure printing and other supplies at prices advantageous to the City, and with promptness, as all provisions to avoid delay have been made.

In view of these circumstances, I cannot give my approval to this ordinance. I believe, and am sure your Honorable Bodies, as well as the Law Department, will agree with me, that these three branches of the City government should be the last ones to violate a plain legislative mandate.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

#### OFFICE OF THE MAYOR.

*Philadelphia, April 15, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I respectfully request your Honorable Bodies to withdraw from me, for purposes of amendment, Common Council bill No. 88, entitled:

"An Ordinance to authorize the opening of Snyder avenue, from Twenty-third to Thirty-second street."

I ask the attention of your Honorable Bodies to the accompanying copy of a report on this ordinance received, under date of April 7th, from the Chief Engineer of the

Bureau of Surveys, bearing the approval of the Director of the Department of Public Works. This makes it clear that it would be unwise to open Snyder avenue between Twenty-eighth and Twenty-ninth streets, giving it there the width proposed, because of the row of houses already built on the south side of that square. I concur in the recommendation that the ordinance be withdrawn in order that it may be amended in this one particular.

Respectfully yours,

RUDOLPH BLANKENBURG,  
*Mayor.*

DEPARTMENT OF PUBLIC WORKS,  
BUREAU OF SURVEYS.

*Philadelphia, April 7, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of the City of Philadelphia.

DEAR SIR:—I return herewith Ordinance No. 924, entitled "An Ordinance to open Snyder avenue, from Twenty-third street to Thirty-second street."

In the Spring of 1913, this Bureau, at the request of the Director of the Department of Public Works, undertook to obtain the dedication of the bed of Snyder avenue, between Twenty-third street and Point Breeze avenue, and failing in this, prepared an ordinance to authorize the opening of the avenue between these points.

Since leaving our hands, this ordinance has been extended to include the opening as far as Thirty-second street.

The opening of the avenue is asked for to encourage the development of property in the vicinity and to permit of the extension of the street railway service in that section.

We believe this opening should be carried out, but in carrying it out under the contemplated ordinance unnecessary expense would be entailed upon the City by reason

of a row of houses situated upon the south side of Snyder avenue between Twenty-eighth and Twenty-ninth streets, extending  $2\frac{1}{2}$  feet beyond the confirmed line.

There does not seem to be any immediate necessity for the opening of this  $2\frac{1}{2}$  foot strip, and we would recommend that the ordinance be withdrawn and amended to exclude it.

I attach plans of the avenue showing the properties affected.

Yours very truly,

(Signed) G. S. WEBSTER,

*Chief Engineer and Surveyor.*

## APPENDIX No. 142.

## DEPARTMENT OF LAW.

*Philadelphia, May 5, 1915.*

HARRY C. RANSLEY, ESQ.,  
President, Select Council.

GEORGE MCCURDY, ESQ.,  
President, Common Council.

GENTLEMEN:—The Select and Common Councils, by ordinance of March 29, 1915, authorized and directed the City Solicitor to examine the title to the lot of ground bounded by Thirty-second street, Lancaster avenue, Thirty-third street and Cuthbert street, "and if he approves of the same to cause a conveyance of said property to the City of Philadelphia. The price of said lot not to exceed the sum of seventy-five thousand (75,000) dollars;" and by Sect. 2, "that on the acquirement of the lot described in Section 1, the Mayor of the City is hereby authorized and directed to convey the title to the same to the State of Pennsylvania for the erection of an armory by the State for the use of a Cavalry and Engineer Corps of the National Guard of the State of Pennsylvania, in accordance with Act of Assembly approved July 25, 1913."

It will be noticed that the price to be paid by the City for the lot is not definitely fixed in the ordinance, but is stated as a sum "not to exceed the sum of \$75,000." The lot in question is held by the Manor Real Estate Company and is assessed for taxation at the sum of \$50,000. It has appeared to me that the purchase price of \$75,000 for this lot is considerably in excess of its real value. I have accordingly offered to pay the sum of \$60,000, and have also offered to have the consideration price made the subject of arbitration, both of which propositions have been declined.

In view of the fact that the consideration named in the ordinance is not fixed, but a maximum sum, and in view

of the circumstances stated above, I have felt unwilling to assume the responsibility of taking title and paying for the property the full sum named unless specifically directed so to do by Councils, to which bodies I, of course, respectfully submit my judgment in the matter.

I suggest that if it is the desire of Councils that the sum of \$75,000 be paid for this lot, a joint resolution to that effect to be presented and passed at the session to be held on Thursday, May 6th, and submitted to the Mayor for approval. If such resolution is passed and approved, this Department will proceed at once to have the conveyance made and the consideration paid in accordance therewith.

Very truly yours,

MICHAEL J. RYAN,  
*City Solicitor.*

#### APPENDIX No. 143.

#### OFFICE OF THE MAYOR.

*Philadelphia, May 6, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Permit me to enclose a copy of letter received from George D. Porter, Director of the Department of Public Safety. I have no doubt that the suggested appropriation of \$12,000 for labor and materials “for installing electric light cables and standards on the Northeast Boulevard” will find a hearty response on the part of your Honorable Bodies. The saving on the 211 arc lights contemplated for the Northeast Boulevard, at \$16.42 apiece, amounting to approximately \$3,500 a year, would, in a little more than three years, pay for the expenditure of the amount requested and give us underground cables.

Besides this, a number of deserving men who have now been laid off could be given needed employment.

Asking your favorable consideration of the Department's request, I am

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

DEPARTMENT OF PUBLIC SAFETY.

*Philadelphia, April 9, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—The Electrical Bureau has been obliged recently to lay off several men who have for the most part been performing work in the overhead construction gang.

The overhead lines of the City having now been brought up from the dangerous condition in which we found them to a safe condition, and the extent of these lines having been very materially reduced by the large amount of wires which have been put under ground in the last three years, it is unnecessary to carry these men on the overhead forces, and in making provision for this year's budget there was no request made for the continuance of their wages.

Since Councils apparently intend to authorize a large number of additional arc lamps on the Northeast Boulevard, Chief Pike sees here an opportunity not only to retain these men in the City's employ for several months, but also to save money for the City. His suggestion is that the City should proceed to install these underground cables and the lamp standards on the Northeast Boulevard, a policy which is in line with what was started by the previous administration on the Southern Boulevard.

These men who have been laid off would for the most part be well suited to the work suggested. If Councils would make a sufficient supplementary appropriation of say \$12,000 for labor and materials "for installing electric light cables and standards on the Northeast Boulevard" the City would save \$16.42 per lamp per year in the

price which it is necessary to pay the Philadelphia Electric Company, and these deserving men would be given needed employment.

If this idea meets with your approval, I suggest that this communication be sent to Councils from you.

Yours very truly,

(Signed) GEORGE D. PORTER,

*Director.*

GENTLEMEN:—The accompanying copy of a letter received by me from the Director of the Department of Public Safety calls attention to additional appropriations needed by the Bureau of Correction to carry it through the present year. DEPARTMENT OF PUBLIC SAFETY.

*Philadelphia, May 3, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of the City of Philadelphia.

DEAR SIR:—I am just in receipt of the following letter from Superintendent Patterson of the Bureau of Cor-

rection, and earnestly request that it be called to the attention of Councils at the next meeting:

"In reply to your letter of April 19th, I desire to submit the following information covering the requirements of this Bureau for the balance of the year, in addition to the appropriation which has just been made.

*Appropriations Through Department of Supplies.*

Item 16. For fuel, including illuminating and burning oils and gases.....	\$ 10,000
Item 17. For flour, groceries, meats, provisions and other edibles.....	28,000
Item 18. For drygoods, notions and wearing apparel .....	4,000
Item 20. For forage, harness and stable supplies, mechanics', engineers', quarry and farm supplies, lubricating oils and gas lime .....	900
Item 21. For hardware, tools, iron and steel, lumber, paints, glass, cement, sand, bricks, lime, leather and shoe findings, pipe and fittings and roofing materials .....	5,400

The figures shown above cover the actual requirements of this Bureau, and I trust that you will endeavor to impress upon Councils the necessity for granting this amount in full, as, by the purchase of the materials in Item 21 especially, we will be able to make repairs in different portions of our buildings that are constantly in need of attention. By giving this detail work attention as it occurs, it will save a greater expense later on, than if they were permitted to go unrepaired. This covers the purchase of cement, lime, sand and bricks, pipes and fittings and roofing materials, besides leather and shoe findings. We also make the drills for quarry use out of the iron purchased in this item.

Item 18 is also a very important item, as we have never

been able to purchase sufficient material to accumulate a proper supply of clothing, after having discarded the original stripes, and as we make the winter garments in the summer time, we should have this money in proper season to enable us to purchase the material and have the goods made up when we have the tailors to do the work.

In relation to Item 17 for groceries, we have at the present time a balance of \$5,900, together with the \$25,000 which has just been appropriated, which will make practically \$31,000. After purchasing the required food supplies for the balance of this quarter ending June 30th, we will have about \$7,000 left to purchase the supplies required from July 1st to December 31st, amounting to a little over \$36,000.

In relation to Item 16, would say that we still need 2,000 tons of buckwheat, 500 tons of egg and about 300 tons of gas coal, the purchase of which will necessitate the appropriation of the amount asked for above at the prevailing prices.

Yours very truly,

(Signed) GEORGE D. PORTER,

*Director.*

GENTLEMEN:—I am sure your Honorable Bodies will wish to take prompt action to renew the City's equipment of fire hose whose condition is described in the accompanying copy of a letter from the Director of the Department of Public Safety.

The Director has asked the attention of your Finance Committee to this matter on previous occasions and, in

view of the tests recently carried on under the supervision of the National Board of Fire Underwriters, there can be no doubt of the action you will now decide to take.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—Covering a period of two months pressure tests have been made of all the fire hose in the City's service, exceeding three years in age.

These tests have just been completed, and I have before me a report made by George W. Booth, Chief Engineer of the National Board of Fire Underwriters, under whose supervision and direction the tests were conducted, in which he advises me that 17,050 feet of hose was condemned as being unfit for use.

I do not think it is even necessary for me to call your attention to the necessity for providing an early replacement of this hose, and I will therefore appreciate it if you will lay before Councils these facts, which, according to the report of the engineers, indicate that 25 per cent. of the hose was condemned.

Yours very truly,

GENTLEMEN:—Permit me to call the attention of your Honorable Bodies to the accompanying letter received under date of May 1st, from the Director of the Department of Public Health and Charities, pointing out the need for an additional appropriation of \$107,500 for the care and maintenance of the Insane in State Hospitals. I trust the Director's recommendation may receive early and favorable action at your hands.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

*Philadelphia, May 1, 1915.*

HON. RUDOLPH BLANKENBURG.

Mayor of the City of Philadelphia.

DEAR SIR:—Last year appropriations for the care and maintenance of the Insane in State Hospitals were transferred from the City Commissioners to the Department of Public Health and Charities. In the departmental estimates for 1915, we included a request for \$200,000 for this purpose. Of this, \$150,000 was appropriated by City Councils. The original request did not include payment for the final quarter of 1914, as this was expected to be provided for by additional appropriations requested last year, which, however, were not made. Accordingly the

appropriation for 1915 is less by \$107,500 than the amount which will be needed for this purpose during the current year.

As the State Hospitals for the Insane depend for their efficient management on prompt payments by local communities, and as it is mandatory upon Philadelphia to meet this obligation, I would ask you to urge upon Councils the importance of an additional appropriation of the amount indicated to Item 30 (g), Bureau of Charities. And I would urge that this appropriation be made early enough in the year that payments on this account may be made promptly, in order that the good credit of the City of Philadelphia be maintained.

Yours very truly,

*Director.*

To the Presidents and Members of the Select and

GENTLEMEN:—Your Honorable Bodies will be pleased to learn that the National Association for the Study and Prevention of Infant Mortality plans to hold its annual meeting in November of this year in Philadelphia. The accompanying copy of a letter from the Director of the Department of Public Health and Charities recommends an appropriation of \$2,000 toward the entertainment of guests and other expenses incident to the meeting.

Philadelphia has an enviable reputation for its work, through the Department of Public Health and Charities and various civic organizations, for infants and children,

and I trust your Honorable Bodies will agree with me that this is a proper and reasonable appropriation for an important object.

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

*Philadelphia, May 1, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—The National Association for the Study and Prevention of Infant Mortality has selected Philadelphia for its annual meeting in 1915, which will be held in the month of November. This organization has been instrumental in stimulating local campaigns for the prevention of infant mortality, and it is felt that the meeting in Philadelphia will be of great educational value. It is the type of organization for which a grant by Councils for the entertainment of guests and other expenses incident to the meetings would be appropriate, and I would respectfully ask you to urge upon Councils the desirability of appropriating two thousand (2,000) dollars towards this end.

Very truly yours,

## APPENDIX No. 148.

## OFFICE OF THE MAYOR.

*Philadelphia, May 6, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return to you herewith Common Council bill No. 98, entitled:

“An Ordinance to make additional appropriations to the various Bureaus in the Departments of City Controller, Coroner, Clerks of Councils, Clerk of Quarter Sessions, Receiver of Taxes, Board of Revision of Taxes, City Treasurer, Recorder of Deeds, City Commissioners, Inspectors of the County Prisons, Commissioners of Fairmount Park, Civil Service Commission, Board of Recreation, Mayor, Public Health and Charities, Public Works, Public Safety, Wharves, Docks and Ferries, and Supplies, for the year 1915,” with my approval, except as to the items enumerated below.

## “CITY COMMISSIONERS.

Item 5 (a), so as to provide for five court officers, at two thousand (2,000) dollars each per annum; two court stenographers, at two thousand five hundred (2,500) dollars each per annum; an interpreter, at one thousand eight hundred (1,800) dollars per annum; and two janitors, at seven hundred and twenty (720) dollars each per annum, from May 1st; twelve thousand one hundred and sixty (12,160) dollars.”

I approve of this item in the sum of eight thousand one hundred and sixty (8,160) dollars so as to provide for two court officers, at two thousand (2,000) dollars each per annum; two court stenographers, at two thousand five hundred (2,500) dollars each per annum; an interpreter, at one thousand eight hun-

dred (1,800) dollars per annum; and two janitors, at seven hundred and twenty (720) dollars each per annum, from May 1st. I withhold my approval from the balance thereof.

The item which seems to me most open to objection is the one providing for five additional court officers at \$2,000 each. The present equipment of court officers is 44. I consider the number already too large and the salaries too high. My views upon this and other matters relating to the organization of the Municipal Court are contained in messages sent to your Honorable Bodies under date of March 5th, April 16th and December 3d, 1914. I would withhold my approval from all of the five additional court officers now being provided for, but that I have learned that two of them have already been employed and are being paid by mandamuses. I fear, therefore, that my veto, if aimed at these, would be ineffective, and I therefore withhold my approval from only three of the five.

The salaries of other additional employees provided for the Municipal Court are made to commence May 1st. Most of these positions are probably needed for the increasing work of the Domestic Relations and Juvenile branches of the Court and for the proper organization of the new Morals Court, which it is hoped may be established during the summer. While the appropriations for these positions are to take effect as of May 1st. I trust your Honorable Bodies will order that such positions as are not needed until the Morals Court is organized shall not be filled and no salaries paid until that time.

I also withhold my approval from the following item:

“DEPARTMENT OF PUBLIC WORKS.

*Bureau of Surveys.*

Item 23. To pay E. T. Savidge for sewers laid in Third street and Clarkson avenue, in front of the First Presbyterian Church of Olney, three hundred and ninety-three (393) dollars and five (5) cents.”

The following is quoted from a careful report upon this subject received from the Chief Engineer of the Bureau of Surveys, bearing the approval of the Director of the Department of Public Works:

"The property in question consists of a church building on the Tabor street front, and two stores adjacent, together with a vacant lot at the corner of Third and Clarkson streets. As provided in the general ordinance of October 25, 1905, the church proper was exempted on Tabor street when a sewer was laid therein. The bills in question were for sewers in Third and Clarkson streets, in front of store property owned by the church, and the vacant lot. This unoccupied property is chargeable, and is not exempted by the relieving ordinance before referred to."

I think these reasons are conclusive. As I have informed your Honorable Bodies on a number of previous occasions, I cannot approve special ordinances granting special relief on occasions like this to private persons and institutions. If such relief is needed it should be provided in general ordinances relieving property of all persons similarly situated.

I therefore approve of nine hundred and fifty-three thousand five hundred and ninety-one (953,591) dollars and fifty-one (51) cents of the total amount appropriated by this ordinance, and withhold my approval from four thousand three hundred and ninety-three (4,393) dollars and five (5) cents.

The Director of the Department of Public Health and Charities has strongly recommended that I withhold my approval from an appropriation of \$50,000 to Item 5 in his office, "for the support of children committed by the Juvenile Court as charges upon the County." As he points out in his letter to me, "Money for this purpose has hitherto been appropriated to the City Commissioners, and such support of children in institutions as has been paid for by an item in the appropriation to the Department of

Public Health and Charities has been, not for children committed by the Juvenile Court, but for such children between the ages of two and sixteen years as have come to us in our capacity as Overseer of the Poor, under the Act of June 12, 1883 (P. L. 111)."

I fully agree with him that, for these and other reasons, this appropriation should not be made to the Department of Public Health and Charities. I had intended to withhold my approval from this item. This morning, however, the Chairman of the Finance Committee of your Honorable Bodies has suggested that it would be well to allow this appropriation to be made, with the understanding, however, that it should not be expended by the Director of this Department, but that the Finance Committee and Councils would see to it that the money was promptly taken from this item and transferred to items in another Department or Departments where it may belong. With this understanding, I have given my approval to the item.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## DEPARTMENT OF PUBLIC WORKS.

*Philadelphia, June 25, 1914.*

TO THE HONORABLE MEMBERS OF THE SELECT AND  
COMMON COUNCILS OF THE CITY OF PHILADELPHIA.

GENTLEMEN:—There has been a popular demand for the abolishment of the dangerous grade crossing on the line of Green lane over the North Pennsylvania Railroad, near Fern Rock Station, and the City in 1903 prepared a plan for carrying Godfrey avenue under the railroad at a point about 225 feet north of Green lane.

Upon the complaint of citizens in that locality, a public hearing was held on Monday, June 1st, by the Public Service Commission. The Commission directed that the officials of the City and of the Philadelphia and Reading Railway Company confer and endeavor to reach an agreement as to the abolishment of this grade crossing.

Under the Act creating the Public Service Commission that body has full power and authority in the event of the failure of the Railroad Company and the City to reach an agreement in matters of this kind, to finally determine and adopt complete plans and specifications for the separation of the grades of the street and the railroad, to do the work by contract and to apportion and collect the cost from the City and the Railroad Company.

After a number of conferences with the officials of the Philadelphia and Reading Railway Company, an agreement was finally reached as to the apportionment of the cost, the Company agreeing to pay one-half the expense of the bridge to carry its railroad over Godfrey avenue, 80 feet wide, including the grading and construction work on the portion of the avenue in front of its property, which at this point has some 200 feet frontage on Godfrey avenue.

The City in addition to sharing the cost of the above-mentioned work is to pay for the opening and improving of the remaining portion of Godfrey avenue, from Seventh street to Tenth street, and for the opening and improving of Tenth street, from Godfrey avenue to Green lane.

This is believed to be an advantageous agreement on the part of the City from the fact that Green lane is an old country road but 33 feet wide, while Godfrey avenue, a new street to be opened in lieu thereof, is 80 feet wide, and therefore includes a much larger quantity of work and a more costly bridge.

It is estimated that the entire work will cost \$107,000, of which the City's proportion will be \$70,000.

I transmit for your consideration an ordinance prepared by the City and approved by the Philadelphia and Reading Railway Company for the carrying out of this work, and would urgently request that it receive your early consideration.

Yours very truly,

M. L. COOKE,  
*Director, Department of Public Works.*

### AN ORDINANCE

To authorize the execution of a contract between the City of Philadelphia and the Philadelphia and Reading Railway Company, lessee of the North Pennsylvania Railroad, to abolish the grade crossing at Green lane over the tracks of the North Pennsylvania Railroad, by the opening of Godfrey avenue and the construction of a bridge under the tracks of said railroad; to authorize the opening of Godfrey avenue and Tenth street and the vacating of Green lane; to authorize the execution of the work; to authorize the Mayor to enter security for damages to private property.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That pursuant to the power and authority vested in the City of Philadelphia under and by virtue of the Act of General Assembly, entitled "An Act to authorize the counties, cities, towns and townships, in this State respectively, to enter into contracts with railroad companies whose roads enter into their

limits, whereby said companies may relocate, change or elevate their railroads," approved the ninth day of June, 1874; of the rights and powers of the Railroad Company, and of all other power enabling the parties to act in the premises, the Mayor is hereby authorized and directed to enter into a contract with the Philadelphia and Reading Railway Company, lessee of the North Pennsylvania Railroad, for the abolishment of the grade crossing now existing at Green lane and the North Pennsylvania Railroad, by the opening of Godfrey avenue and the construction of a bridge under the said railroad, and for the construction of a bridge and its appurtenances under the tracks of the railroad, and for apportioning the expense between the City of Philadelphia and the Philadelphia and Reading Railway Company.

The said contract shall embody all the terms and provisions of this ordinance and shall contain adequate covenants, in form and substance to be approved by the City Solicitor, binding and obliging each of the parties to the contract to do and perform each and every of the things by them to be done and performed respectively, under the provisions of this ordinance, and to make the payments toward the expenses of the work in the proportions herein provided for.

SECT. 2. The Director of the Department of Public Works is hereby authorized and directed to notify the owners of property over and through which the following streets will pass, to wit, Godfrey avenue, between Seventh street and Tenth street; and Tenth street, between Godfrey avenue and Green lane, that, at the expiration of three months from the date of said notice said streets will be required for public use. Upon the entering of security, as provided in Section 8 and upon the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said streets.

SECT. 3. The Board of Surveyors be, and is hereby authorized and directed to vacate Green lane, from Tenth street eastward to the south line of Godfrey avenue.

SECT. 4. The Director of the Department of Public Works is authorized and directed to prepare plans and

specifications for the entire work of constructing a double-track bridge, 80 feet clear span, on the line of Godfrey avenue under the North Pennsylvania Railroad, for the construction of retaining walls, grading, drainage, macadamizing and readjustment of railroad sidings and other appurtenant work.

The plans and specifications for said work shall include all the work, the cost of which is to be paid equally by the City of Philadelphia and Philadelphia and Reading Railway Company, and such plans and specifications shall be identified by the signatures of the Director of the Department of Public Works and the Chief Engineer of the Philadelphia and Reading Railway Company. One copy of each of the said plans and specifications shall, upon approval, be filed in the Department of Public Works (Bureau of Surveys) and one in the office of the Chief Engineer of the Philadelphia and Reading Railway Company.

Upon the approval of said plans and specifications, the Director of the Department of Public Works is authorized and directed to advertise for proposals and enter into contracts jointly with the Philadelphia and Reading Railway Company for the work covered by the plans and specifications provided for in this section.

SECT. 5. The work authorized herein shall be generally under the supervision of the Director of the Department of Public Works and the Chief Engineer of the Philadelphia and Reading Railway Company, and the Director of the Department of Public Works is hereby authorized to appoint such inspectors as may be required to enable the Department of Public Works to properly inspect the work during the progress of construction. All expenses, for salaries, transportation, inspection and tests, not otherwise provided for, shall be included in the cost of the work.

SECT. 6. The Philadelphia and Reading Railway Company shall pay one-half of the cost of all work to be performed within the bed of Godfrey avenue, or abutting upon Godfrey avenue, between the westerly right-of-way line and the easterly property line of the said Railway

Company (extended to intersect the north house line of Godfrey avenue), this to include a bridge and its abutments, wing walls and drainage; the excavation and drainage of Godfrey avenue; the curbs, sidewalks and macadamizing to full width between curbs; the necessary retaining walls for the support of private property on the north side of Godfrey avenue; all claims for damage to private property by reason of the manner of executing the work, but not by reason of the opening of Godfrey avenue; and any and all incidental work appurtenant to the above, within the limits above defined.

The Philadelphia and Reading Railway Company shall pay one-half of the cost of removing its existing siding track and relocating and reconstructing the same in a new position outside of the bed of Godfrey avenue.

The Philadelphia and Reading Railway Company shall pay one-half of the cost of constructing a driveway approach from Godfrey avenue to approximately the level of its tracks at or north of the present Green lane crossing, including the necessary grading, macadamizing, drainage and any and all incidental work appurtenant thereto.

The City of Philadelphia shall pay one-half of the cost of all the items of work enumerated above; and in addition shall pay the entire cost of opening, grading and surfacing Godfrey avenue, from Seventh street to Tenth street, outside of the limits above defined; and Tenth street, from Godfrey avenue to Green lane, including retaining walls and other appurtenant work.

The City of Philadelphia shall pay the entire cost of any damages which may be caused by reason of the opening of the streets herein authorized or that may be caused by carrying into effect any or all of the work herein authorized, except as expressly stipulated above.

The Philadelphia and Reading Railway Company shall pay the entire cost of any and all work within the limits of its property except as expressly stipulated above.

SECT. 7. The Railway Company shall release the City of Philadelphia from any and all claims for damages it, or any corporation, person or persons holding property

in its behalf, may have by reason of the opening of Godfrey avenue, between Seventh street and Tenth street, or by reason of the execution of any work provided for herein.

SECT. 8. The Mayor of the City is hereby authorized to enter security for any land damages which may be caused by reason of the opening of the streets herein authorized or that may be caused by carrying into effect any or all of the work herein authorized.

SECT. 9. The cost of the City's share of the work herein authorized to be charged against Item 175, loan, in the appropriation to the Department of Public Works, Bureau of Surveys.

SECT. 10. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of the contract authorized by this ordinance, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise effect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26, 1913.

#### APPENDIX No. 151.

*Philadelphia, May 6, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred the bill entitled "An Ordinance to authorize the execution of a contract between the City of Philadelphia, the Connecting Railway Company, and the Pennsylvania Railroad Company, lessee of the Connecting Railway Company, providing for the abolishment of grade crossings at Highland, Seminole, Hartwell and Cheltenham avenues, for the construction of a bridge on the line of the Connecting Railway across Hortter street, and for

such purposes authorizing the placing upon the City plan, the striking from the City plan, the vacation, widening, and revision of the lines and grades of streets, and for the opening and physical changes of streets, in the Twenty-second Ward, upon certain terms and conditions," respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch'n*), Robert Smith, Wm. J. Crawford, Fred. Schwarz, Jr., Morris E. Conn, Robert S. McElroy, G. P. Darrow, William J. McCloskey, John J. McKinley, Jr., John H. Baizley, E. B. Gleason, George H. Kelley, John F. Flaherty, Wm. D. Bacon.

### AN ORDINANCE

To authorize the execution of a contract between the City of Philadelphia, the Connecting Railway Company, and the Pennsylvania Railroad Company, lessee of the Connecting Railway Company, providing for the abolishment of grade crossings at Highland, Seminole, Hartwell and Cheltenham avenues, for the construction of a bridge on the line of the Connecting Railway across Hortter street, and for such purposes authorizing the placing upon the City plan, the striking from the City plan, the vacation, widening, and revision of the lines and grades of streets, and for the opening and physical changes of streets, in the Twenty-second Ward, upon certain terms and conditions.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the proper officers of the City of Philadelphia be, and they are hereby authorized to execute for and on behalf of the said City and under its corporate seal a contract with the Connecting Railway Company and the Pennsylvania Railroad Company, lessee of said Connecting Railway Company, in the following form:

"THIS AGREEMENT, made this \_\_\_\_\_ day  
of \_\_\_\_\_ in the year of our Lord one thou-

said nine hundred and \_\_\_\_\_ between the CITY OF PHILADELPHIA, hereinafter called the "City," party of the first part, and THE CONNECTING RAILWAY COMPANY and THE PENNSYLVANIA RAILROAD COMPANY, lessee of said Connecting Railway Company, hereinafter called the "Pennsylvania Companies," parties of the second part.

WHEREAS, The parties hereto desire to abolish the crossings at grade on the railroad of the Connecting Railway Company at Highland, Seminole, Hartwell and Cheltenham avenues, and to have constructed a bridge to carry said railroad over Hortter street, in the Twenty-second Ward, and have duly negotiated concerning and definitely agreed upon the terms and conditions for said contract and are about to execute the same accordingly.

NOW, THEREFORE, THIS AGREEMENT WITNESSETH,  
That for and in consideration of the premises and the  
privileges and advantages to each of them thereunto mov-  
ing and the mutual covenants hereinafter contained and  
set forth, the said parties hereto have mutually covenanted  
and agreed for themselves, their successors and assigns,  
and by these presents do severally covenant and agree to  
and with each other as follows:

First. The said City covenants, promises and agrees to revise the lines and grades of the following streets: Highland avenue, from a point about 200 feet southwest of Navahoe street to Seminole avenue; Seminole avenue, from a point about 210 feet northwest of Highland avenue to Gravers lane; and Chelten avenue, from Pulaski avenue to Morris street; to revise the lines and grades and open Hortter street, from McCallum street to Pelham road; Navahoe street, from a point about 175 feet northwest of Highland avenue to Evergreen avenue; and Evergreen avenue, from a point about 175 feet northeast of Navahoe street to Navahoe street; to place upon the City plan and open a new street, not less than sixty (60) feet wide, to be called St. Martins lane, from the intersection of Highland and Seminole avenues to Gravers lane, and to strike from the City plan and vacate such portions of

Highland avenue, from Seminole avenue to St. Martins lane, and St. Martins lane, from Highland avenue to Gravers lane, as do not lie within the lines of the said new St. Martins lane, and so much of the bed of Woodlawn street as may lie within the widened and revised right-of-way of the said Pennsylvania Companies.

Second. The City hereby covenants, promises and agrees to prepare plans and specifications for, and to carry out, the grading, paving or repaving and setting and resetting of curbs to the lines and grades established under authority of this ordinance, the construction, reconstruction, alteration or removal of all sewers, water and gas mains, electrical conduits and municipal structures and street improvements and their appurtenances, in so far as they may be affected or are made necessary by the work provided for in this contract and ordinance. Upon the approval of said plans and specifications by the Chief Engineer of the Pennsylvania Companies, the Director of the Department of Public Works of the City shall advertise for proposals and enter into contracts, to be approved by the Chief Engineer of the Pennsylvania Companies, for the work covered by the said plans and specifications, and said work shall be carried out by and under the supervision of the City. The said plans, specifications and contracts shall be identified by the signatures of the said Director, the Chief Engineer of the Bureau of Surveys and the Chief Engineer of the Pennsylvania Companies, and shall be filed and preserved in the Department of Public Works, and copies shall be furnished to said Pennsylvania Companies.

Third. The Pennsylvania Companies hereby covenant, promise and agree to lower the grade of their tracks from a point about 1,100 feet south of to a point about 1,600 feet north of Highland Station as now located, and from a point about 900 feet southeast of to a point about 1,300 feet northwest of Cheltenham Avenue Station.

Fourth. The Pennsylvania Companies further covenant, promise and agree to prepare plans and specifications for, and to carry out, all the work necessary to construct bridges, with masonry abutments, with steel or con-

crete superstructures, to carry Highland, Seminole and Cheltenham avenues over their tracks with an overhead clearance of not less than 17 feet 6 inches, to construct a footbridge with suitable stairways and approaches over and above their tracks on the line of Hartwell avenue, to construct a bridge with masonry abutments and with columns on the curb lines and steel superstructures to carry their tracks over and above Hortter street, and to readjust the bridge carrying their tracks over and above Gravers lane with an overhead clearance of not less than 14 feet. Upon the approval of said plans and specifications by the Director of the Department of Public Works, the Pennsylvania Companies shall advertise for proposals and enter into contracts, to be approved by the Director of the Department of Public Works, for the work covered by the said plans and specifications, and said work shall be carried out by and under the supervision of the Pennsylvania Companies. The said plans, specifications and contracts shall be identified by the signatures of the Chief Engineer of the Pennsylvania Companies, the said Director, and the Chief Engineer of the Bureau of Surveys, and shall be filed and preserved by the Pennsylvania Companies, and copies shall be furnished to the said City.

Fifth. The Pennsylvania Companies further covenant and agree that in the event of the passage of an ordinance of Councils at any time in the future authorizing and directing the opening of Hartwell avenue, between Seminole avenue and St. Martins lane, said companies will raise the grade of their tracks at the crossing of said avenue to an elevation of at least plus 357.4 City datum, will dedicate to the City so much of the property owned by them as will lie within the lines of said avenue as confirmed under authority of this ordinance, will pay the entire cost of raising the grade of said tracks outside the lines of said avenue, and will pay one-half the cost of constructing a bridge to carry said tracks over and above said avenue, and of all work appurtenant thereto within the right-of-way of said railroad; in consideration whereof the City agrees that, upon the completion of the work authorized in this contract, the said Pennsylvania Companies may close the

crossing of their tracks at grade on the line of said Hartwell avenue against public travel and keep the same closed until Councils shall, by ordinance, authorize the opening of said Hartwell avenue and the construction of a bridge to carry the tracks of the said railroad over and above the same.

Sixth. It is hereby understood and agreed that the City shall pay one-half the cost, and the Pennsylvania Companies one-half the cost of all the work incident to the change of the lines and grades of Highland, Seminole and Cheltenham avenues, the change of the lines and grades and the opening and grading of Evergreen avenue, Navahoe street and the new St. Martins lane, within the limits described in this contract; the changes of the grades of the railroad and the reconstruction of tracks, telegraph and telephone lines, and station facilities and their appurtenances, on the new grades from a point about 1,100 feet south of to a point about 1,600 feet north of Highland Station as now located; of constructing a bridge to carry Highland and Seminole avenues over and above the tracks of the said Pennsylvania Companies; of constructing a footbridge, with suitable stairways and approaches over and above said tracks on the line of Hartwell avenue; of readjusting the bridge carrying the tracks of the said companies over and above Gravers lane; of grading Gravers lane and macadamizing a 16-feet wide roadway therein from Seminole avenue to St. Martins lane; of lowering the grade of the railroad and reconstructing the tracks, telegraph and telephone lines, station facilities and their appurtenances on the new grade authorized under authority of this ordinance from a point about 900 feet southeast of to a point about 1,300 feet northwest of Cheltenham avenue Station; of constructing a bridge to carry Cheltenham avenue over the tracks of the said Pennsylvania Companies; and of all the work incident to and necessary for the opening and paving of Hortter street within the right-of-way of the said Pennsylvania Companies, the grading of the said Hortter street, between Pelham road and McCallum street, and of constructing a bridge to carry the said railroad over and above said Hortter street, except the cost of work inci-

dent to or necessary for changing the location, grade or construction of the private siding of the Germantown Steam Company beyond the limits of the right-of-way of the said Pennsylvania Companies at or near Hortter street: *Provided*, That all changes or improvements to existing stations and appurtenances other than those required to adapt the present traffic facilities and appurtenances to the new condition shall be wholly paid for by the said Pennsylvania Companies.

Seventh. The various portions of the work authorized and provided for by this contract and ordinance shall be done under the supervision of the Director of the Department of Public Works, or such engineer as shall be designated by him for that duty, and the Chief Engineer of the Pennsylvania Companies. They shall confer with each other in respect to the plans and specifications for the various parts or portions of the work, and in respect to the performance of the work, at all times during the preparation and progress of the same; and each shall, upon notice from the other, of any fault or failure of any party, firm or corporation holding contracts for any part of said work, promptly proceed to secure full compliance with the plans and specifications pertaining thereto, in accordance with the provisions of the contract.

The Chief Engineer of the Pennsylvania Companies is authorized to employ such engineers, assistants, draughtsmen, engineer corps and inspectors as may be necessary to prepare or examine plans and specifications and to insure the prompt and efficient execution of the work, and to include all expenses for salaries, transportation, office and incidental expenses of said engineering force, and the costs of tests and inspection not otherwise provided for, in the cost of the work.

The Director of the Department of Public Works is hereby authorized to appoint such engineers, assistants, draughtsmen, engineer corps and inspectors as may be required to enable the Department of Public Works to prepare or examine plans and specifications, to properly inspect the work during progress of construction and to prepare the necessary certificates and other documentary rec-

ords of the work. All expenses for salaries, transportation, office and incidental expenses of said engineering force, and the expenses of inspection and tests made by the same and not otherwise provided for, shall be included in the cost of the work.

In case of emergency work in maintaining railroad or highway travel, and in other cases where necessary, not covered by contract, the Chief Engineer of the Pennsylvania Companies shall have authority to employ laborers, hire machinery and purchase materials to perform such work; a labor force account and an account of the materials so used shall be kept and, after approval by the Chief Engineer and Director of the Department of Public Works of the City, shall be paid by the Pennsylvania Companies and included in the cost of the work.

In cases of emergency work in protecting and maintaining municipal structures, in other cases where necessary, and in such classes of work upon the highways as may not be covered by contract, the Director of the Department of Public Works is hereby authorized to employ laborers, hire machinery and purchase materials to perform such work, and a labor force account and an account of the materials so used shall be kept and, after approval by the Chief Engineer of the Pennsylvania Companies, shall be paid by the City and included in the cost of the work.

Eighth. The City covenants and agrees to maintain, at its sole expense, the bridges to be built under the terms of this contract to carry Highland, Seminole and Cheltenham avenues over and above the tracks of the said railroad.

Ninth. The Pennsylvania Companies covenant and agree, at their sole expense, to maintain the bridges to be constructed under the terms of this contract to carry the said railroad over and above Gravers lane and Hortter street, and the footbridge over and above the tracks of the said railroad on the line of Hartwell avenue.

Tenth. It is mutually covenanted and agreed by and between the parties hereto that the City and the Pennsylvania Companies shall each pay one-half of all costs and damages assessed against the City by reason of the change

of the lines and grades of Highland, Seminole and Cheltenham avenues, by reason of the change of lines and grades and the opening of Evergreen avenue, Navahoe street and the new St. Martins lane, and the vacation of portions of Highland avenue and St. Martins lane, within the limits described in this contract, and of the cost of all property, other than that owned by the Pennsylvania Companies, required for the reconstruction of said tracks on the new grade as provided for by this contract at or near Highland Station and Cheltenham Avenue Station. It is also further covenanted and agreed that the Pennsylvania Companies shall be liable for all damages and costs arising from such accidents as may be due solely to negligence or carelessness in railroad operation.

For the more speedy and economical adjustment of claims arising or to arise hereunder, the City Solicitor, with the advice and consent of the Mayor, and the approval of the Pennsylvania Companies, is hereby authorized to compromise, settle and adjust any or all such claims, and the Director of the Department of Public Works is hereby authorized and directed to direct the drawing of warrants for his approval upon the City Treasurer, for such sums as shall be required from time to time for the settlement and payment of such claims, the amounts thereof to be taken from the appropriations herein provided for: *Provided*, That when any claim shall be presented to or any suit on account thereof shall be brought against either of the said parties, the other shall have the right, on due notice, to appear and defend, on its own behalf, or otherwise it shall not be bound by any judgment or decree in the premises: *Provided*, That it shall be competent for the City Solicitor to arrange with the Pennsylvania Companies and their attorneys for division of the work of preparing cases for trial, the preparation and production of testimony, and the conduct of hearings or trials; and all expenses connected with the defence of such claims or suits, except the service of the City Solicitor, or his associates, or of special counsel to be employed on behalf of the City, or the services of the attorneys or counsel of the Pennsylvania Companies, shall be

included in and settled and paid for as part of the expense of the work in this ordinance provided for out of the appropriations to be made for the purpose of carrying out the provisions of this ordinance.

The Pennsylvania Companies further agree to release the City from all claims for damages to any property, owned or controlled by them, which may be affected by reason of the revision of the lines and grades of Highland, Seminole and Cheltenham avenues, the revision of the lines and grades and the opening of Evergreen avenue, Navahoe street and St. Martins lane, and the opening of Horter street.

Eleventh. It is agreed by and between the parties hereto that the Director of the Department of Public Works shall arrange with the proper officials of the Pennsylvania Companies for the keeping by the City and by the Pennsylvania Companies of true and itemized accounts concerning the various payments and disbursements made, or to be made, by each upon all obligations, whether assumed by contract or in any manner herein authorized. Settlements between the City and the said companies, based upon said itemized account, duly certified, shall be made monthly as the work herein provided for shall progress, and the said Director shall draw a warrant or warrants for any balance that may be payable to the Pennsylvania Companies; in like manner the Pennsylvania Companies shall promptly pay into the City Treasury all such sums as may be found to be due and payable to the City, and all such sums shall be credited to the appropriation by the City and become immediately available for the work provided for herein. The City and the Pennsylvania Companies shall and will make prompt payments of their respective proportions of said cost at the times and in the manner set forth.

Twelfth. Upon the completion of the work provided for, all old rails and other materials now in use by the said Pennsylvania Companies which may not be used in the construction of new work, shall be disposed of at public sale, and the proceeds thereof shall be credited to the

joint appropriation. It is also provided that upon the completion of the work provided for, all old paving materials and street improvements removed from the work, but not actually used for the joint interest, shall be disposed of at public sale, and the proceeds thereof shall be credited to the joint appropriation: *Provided*, That should the Pennsylvania Companies desire to hold any of the said old rails or other materials so to be disposed of, an appraisement of the value of the same shall be made, and such appraised value credited to the joint appropriation: *Provided further*, That should the City desire to hold any paving materials or street improvements removed from the work and so to be disposed of, an appraisement of the value of the same shall be made, and such appraised values credited to the joint appropriation.

Thirteenth. The work authorized by this contract shall be started within six months after the approval of said contract by the Public Service Commission of the Commonwealth of Pennsylvania, and shall be completed within two years thereafter.

Fourteenth. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise affect the exercise by the said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26, 1913.

IN WITNESS WHEREOF, the parties hereunto have caused their respective corporate seals to be hereunto affixed, duly attested, the day and year first hereinbefore written.

SECT. 2. The Mayor is hereby authorized and directed to execute under the corporate seal, acknowledge and deliver the said contract on behalf of the City, and to fill in the blanks left for the date in the above contract, and he is further authorized to do and perform, or cause to be done and performed, each and everything contained in the said contract on the part of the City of Philadelphia to be done and performed.

SECT. 3. The Department of Public Works, Board of Surveyors, is hereby authorized and directed to revise the lines and grades of Highland avenue, from a point about 200 feet southwest of Navahoe street to Seminole avenue; Seminole avenue, from a point about 210 feet northwest of Highland avenue to Gravers lane; Hortter street, from McCallum street to Pelham road; Chelten avenue, from Pulaski avenue to Morris street; to revise the lines and grades and to widen to the width of 80 feet Hartwell avenue, from Seminole avenue to St. Martins lane; to revise the lines and grades of Navahoe street, from a point about 175 feet northwest of Highland avenue to Evergreen avenue; and Evergreen avenue, from a point about 175 feet northeast of Navahoe street to Navahoe street; to place upon the City plan a street to be not less than 60 feet wide to be named St. Martins lane, from the intersection of Highland and Seminole avenues to Gravers lane; and to strike from the City plan and vacate such portions of Highland avenue, between Seminole avenue and St. Martins lane; and of St. Martins lane, between Highland avenue and Gravers lane as do not lie within the lines of the new sixty (60) feet wide St. Martins lane; and to make such other revisions of the lines and grades of streets as may be necessary to carry out the work herein authorized and to complete the City plan.

SECT. 4. Upon the confirmation of the lines and grades of streets authorized to be revised by this ordinance, the Director of the Department of Public Works is hereby authorized and directed to issue the usual three months' notice to all owners whose property may be affected by such revisions and by the opening of Hortter street, from Pelham road to McCallum street; Navahoe street, from a point about 175 feet northwest of Highland avenue to Evergreen avenue; Evergreen avenue, from a point about 175 feet northeast of Navahoe street to Navahoe street; and the new St. Martins lane, from the intersection of Highland and Seminole avenues to Gravers lane, or by any of the work provided for in said contract or authorized by this ordinance.

The Mayor is hereby authorized and directed to enter security, on behalf of the City of Philadelphia, for the payment of any damages for which the City may be held liable, which may be caused in carrying into effect any or all of the work provided for in said contract, or authorized by this ordinance.

Upon the filing of said security and upon the expiration of the time limit of the notices provided for in this section, the Director of the Department of Public Works shall enter upon and take for public use such properties as may be required to enable the work provided for in said contract, and all other work authorized under the terms of this ordinance to be carried into full and complete effect.

SECT. 5. The Director of the Department of Public Works be, and is hereby authorized and directed to advertise for proposals and to award contracts, as provided by existing ordinances and laws, for the grading, paving, or repaving, and setting and resetting of curbs to the lines and grades established under authority of this ordinance, the construction, reconstruction, alteration or removal of all sewers, water and gas mains, electrical conduits and other municipal structures and street improvements and their appurtenances incident to and necessary for the carrying out of the work authorized under the terms of this ordinance, to appoint such assistants and inspectors

as may be requisite and to pay all expenses for salaries, soundings, inspection, tests, transportation, and incidental expenses not otherwise provided for herein, out of the appropriation for the cost of such work.

SECT. 6. The cost of the City's share of the work herein authorized to be charged against Item 174, loan, in the appropriation to the Department of Public Works, Bureau of Surveys.

SECT. 7. It is hereby understood and agreed that neither the purpose nor intent nor the obligation of the contract authorized by this ordinance, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26, 1913.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 165.

*Philadelphia, May 6, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill to authorize the opening of the

unopened portion of Beulah street, from Shunk street to Oregon avenue, respectfully report that the probable damages for this street will be about six hundred (600) dollars. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

George H. Kelley (*Ch'n*), Robert Smith, Peter E. Costello, Thomas J. Morton, Wm. D. Bacon, Henry R. Shoch, H. J. Trainer, Fred. Schwarz, Jr., George E. Dorwart, Frank J. Ryan, Wm. C. Williams, Chas. Seger, J. E. Lennon, H. F. Kennedy.

### AN ORDINANCE

To authorize the opening of the unopened portion of Beulah street, from Shunk street to Oregon avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized and directed to notify the owners of property over and through which the unopened portion of Beulah street, from Shunk street to Oregon avenue, will pass, that at the expiration of three months from the date of said notice said street will be required for public use.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security, on behalf of the City of Philadelphia, for the payment of any damages which may be assessed by reason of the opening of said street; upon the filing of said bond, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said street.

## APPENDIX No. 179.

## OFFICE OF THE MAYOR.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—In accordance with the requirements of an ordinance of Councils approved July 20, 1907, authorizing the Department of Public Works to make an investigation and report upon a comprehensive plan for the collection, purification and disposal of the sewage of the City, investigations have been carried on by the officials of the Bureau of Surveys, who made a progress report in 1911 of a technical and scientific nature containing the results of experimental work.

Since that time a plant has been placed in operation and is successfully treating the sewage of Holmesburg and three municipal institutions adjacent. In addition, investigations have been carried on continuously, and comparisons have been made with existing sewage collecting and disposal systems of cities both in this country and abroad. In light of the experience gained, together with expert knowledge through long years of acquaintance with the needs of the City in this regard, plans have been completed and estimates for construction and maintenance have been prepared, and in the report which I forward herewith have been embodied results of these studies and recommendations for the collection and treatment of the sewage in accordance with the best practice in the large cities of the world.

The City of Philadelphia has been more fortunate than some inland cities in that it is located upon a large tidal river, but the conditions have reached a stage where early attention must be given to the Schuylkill and Delaware rivers in addition to the smaller tributary streams in order that the public health may be protected and the streams restored to a clean condition.

I commend to your Honorable Bodies the conclusions reached in this report and solicit your careful attention to this all-important subject, and would recommend that in any loans which you may authorize in the near future ample provision be made for carrying out this work.

At my request a copy of this report has been delivered to the home address of each member of Councils.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

APPENDIX No. 180.

OFFICE OF THE MAYOR.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I enclose copy of a letter received from the County Commissioners under date of May 19th, for such action as your Honorable Bodies may deem advisable in the premises. It relates to the suggested transfer to their office of the \$50,000 for the support of children committed by the Juvenile Court as charges on the county.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

---

OFFICE OF THE COUNTY COMMISSIONERS.

*Philadelphia, May 19, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—In keeping with our call upon you at your office yesterday, we present this statement relative to juvenile support in the City and County of Philadelphia.

Before the present year (1915) appropriations to this

Department read: "Children committed from Philadelphia County to industrial schools" (the amount of money appropriated being stated after these words).

The County Commissioners, through their counsel, took up this matter with the Finance Committee and, after a statement of the reasons why the County Commissioners believed the appropriation for juvenile support should no longer be made to this Department, the bill was reported to Councils from the Finance Committee, sending the above-mentioned appropriation to "Clerk of Quarter Sessions, Item 4, keep of children committed to industrial schools, \$50,000."

The bill was amended in Councils to read: "Public Health and Charities, Director's Office, Item 5, for the support of children committed by the Juvenile Court as charges upon the County, \$50,000."

We are advised that at an early day Councils will transfer this money upon your request away from the office of the Director of Health and Charities, and we are advised by the Secretary of the Finance Committee that the appropriation will, no doubt, be sent to this Department.

There are at least thirty-five societies or church institutions to which children are committed as charges upon the City or County; in addition, children are committed to the care of private persons and, also, in violation of a decision of the Superior Court, they are committed to the care of their mothers.

We respectfully call your attention to the growing cost for juvenile support:

YEAR	AMOUNT PAID
1909 .....	\$4,599 02
1910 .....	7,227 11
1911 .....	13,499 20
1912 .....	17,000 00
1913 .....	28,525 21
1914 .....	\$91,473 88
Bills of 1914 in office awaiting payment .....	11,369 82
Total for 1914...	\$102,843 70

In addition to this amount for 1914, we estimate that there are outstanding for 1914 bills amounting to \$2,000, due to the lack of knowledge on the part of the smaller societies as to the proper method of presenting their claims.

We would respectfully call your attention to the greatly increased cost for the year 1914 over 1913, or since the Juvenile Court has been under the jurisdiction of the recently established Municipal Court.

The commitments for the first nineteen weeks of the present year, allowing for a reasonable and carefully estimated deduction because of vacations of Court orders, lead us to say that the bills for the care of juveniles for the year 1915 will amount to more than \$200,000.

When a child is committed, a copy of the Court order is sent to this Department, and when an order is vacated, the vacation order is also sent to this Department; but without any desire to criticise anyone, it has frequently occurred that the orders of vacation are in error as to the time for payment to stop.

The bills come to this Department sworn to as to their correctness by the bookkeeper or an officer of the society or institution to which the child was committed, and approved by the Clerk of the Juvenile Court, or pro Clerk, under the seal of the Court.

There appears to have been no attempt to establish a uniform method for the proper submission of bills, and frequently the Commissioners are compelled to return bills because they are merely statements.

In our audit of these bills discrepancies have appeared. We have found most of these to be due to unintentional errors because of the practice of shifting the child to free homes, to boarding, or to a hospital, and then taking the child again on the payroll without an intervening order of the Court to this Department showing these lapses.

The County Commissioners, therefore, feel that they are compelled, under present conditions, to approve bills without knowing whether either the law or the commitment of the Court is being complied with, or that the child is still dependent.

The amount of payments for dependent children is growing to such large proportions and with an increasing responsibility in disbursement, yet, at the same time, no steps have as yet been taken to systematize and thoroughly audit these accounts. In view of these facts the County Commissioners believe they should be more fully protected in their administration of this matter, and to this end we most earnestly urge that Councils provide by ordinance for six inspectors and one supervising inspector, at a total cost not to exceed \$11,000 annually.

The duties of these inspectors are to consist of investigation as to the location of the children after commitment by the Court, as to their proper care, as to whether they are self-sustaining, as to whether the books of the institution show the proper charges, to make a daily report to this Department, and to keep a card system for governing this accounting.

We have given the question careful attention, and we know that there will be plenty of work for competent men to do, and we believe that the growing charges placed upon the County for the care of these dependent juveniles warrant the expenditure for this additional help requested, and we most respectfully request your support of an ordinance creating these positions.

Councils, we understand, will have this question before them to-morrow (Thursday).

Awaiting your reply, we are,

Yours respectfully,

(Signed)

R. J. MOORE,

J. D. POWERS,

FRANK J. GORMAN,

*County Commissioners.*

## APPENDIX No. 181.

OFFICE OF THE MAYOR.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Director of the Department of Public Safety has sent me a letter, a copy of which is attached, which has been submitted to him by the Chief of the Bureau of Building Inspection. It submits the draft of an ordinance making it the duty of owners erecting reinforced concrete buildings to provide an inspector satisfactory to the Bureau at the expense of the owner.

This seems to me an important recommendation and I trust that it may have prompt and careful consideration by your Honorable Bodies.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## DEPARTMENT OF PUBLIC SAFETY.

BUREAU OF BUILDING INSPECTION.

*Philadelphia, May 11, 1915.*

DIRECTOR, DEPARTMENT OF PUBLIC SAFETY.

REINFORCED CONCRETE INSPECTION.

In our last annual report we suggested the desirability of having an ordinance passed by Councils making it the duty of owners erecting reinforced concrete buildings to provide, at their expense, an inspector to supervise such reinforced construction from start to finish. The proper placing of reinforced concrete and forms is of vital importance in the erection of reinforced concrete structures,

and such work should have constant inspection. It is, of course, impossible for the one reinforced concrete engineer attached to this Bureau to be at the site of more than one building at one time, and at the suggestion of the Mayor's Office we have formulated a draft of an ordinance, which we are submitting herewith, and, if it meets with your approval, would respectfully suggest that steps be taken to have this ordinance introduced.

This ordinance is patterned after one in operation in the City of Cleveland, Ohio, where this method of inspection has been practiced for some time with eminent success.

(Signed) EDWIN CLARK,  
Chief.

### AN ORDINANCE

Requiring owners of reinforced concrete buildings erected in the City of Philadelphia to provide a special inspector of reinforced concrete during the period of such construction.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That from and after the passage of this ordinance it shall be the duty of the owner or owners erecting reinforced concrete buildings in the City of Philadelphia to provide a special inspector who shall be satisfactory at all times to the Chief of the Bureau of Building Inspection, and who shall be on the work continually during the mixing and placing of concrete and steel and the removal of forms. Such special inspector shall make daily written reports to the Chief of the Bureau of Building Inspection on the progress of the work. Before placing any concrete the owner or contractor shall notify in writing the Chief of the Bureau of Building Inspection the time at which he intends to begin the placing of concrete.

SECT. 2. Before the reinforced concrete work has started the owner shall name in writing a special in-

spector, who shall pass such examination as may be required by the Chief of the Bureau of Building Inspection to determine his competency.

SECT. 3. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby revoked.

## APPENDIX No. 182.

### OFFICE OF THE MAYOR.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return to you herewith, without my approval, Common Council Ordinance No. 284, entitled:

“An Ordinance selecting and appropriating certain property as an extension of Pleasant Hill Park, authorizing the placing of the same upon the City plan, and directing the Commissioners of Fairmount Park to assume the custody and maintenance of the same.”

After a careful investigation and a hearing of those in favor of, and of those opposed to the ordinance, I feel compelled to withhold my approval.

Parks are needed in many parts of the City as breathing places for our people, especially in congested districts, and to expend a large amount, such as is appropriated in this ordinance, for an additional park, where all the surrounding country is open and where many of the private estates are parks in themselves, is unnecessary.

The main reason I have heard for taking this property for park purposes is that sometimes on Saturdays and Sundays undesirable parties come to this locality and make things unpleasant for the neighborhood. At my request Director Porter had the Police Department make an investigation. Their report to him is as follows:

"In compliance with your orders, we visited the above location on Saturday and Sunday afternoons and evenings, for the purpose of ascertaining if there were any conditions of a disorderly nature existing in or around the above locality, or in the bungalows located there.

"We found that there are about 20 houses in the above vicinity (not boat houses but actual residences), 15 of which are occupied permanently and 5 are occupied occasionally by such people as Frank Kilroy, ex-Lieutenant of Police, Wm. McCay, and a man by the name of Carson, an ex-member of Council.

"In conclusion, we desire to state that we found no disorderly conduct; no rowdyism; no drunkenness amongst any of those persons in or around any of the above houses; in fact, we have seldom seen or come in contact with a better class of people than those who occupy the houses in the vicinity referred to.

"One of the houses permanently occupied is frequented Sundays by the Morris City Club; the members were there Sunday for the greater portion of the day and left about 7 P. M. in an auto bus. During the entire day or during the time that we were in the vicinity there was not the slightest appearance of anything wrong in or about the club house."

This report confirms me in my disapproval of this ordinance. I am sure your Honorable Bodies will not wish to deprive respectable and reputable citizens of their humble homes in view of the report received from the Police Department.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## APPENDIX No. 183.

## OFFICE OF THE MAYOR.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I request your Honorable Bodies to withdraw from me Common Council Ordinance No. 100, entitled:

“An Ordinance to enlarge Logan Square, and to place said square and other grounds under the care and management of the Commissioners of Fairmount Park.”

This ordinance, though a brief one, contains three distinct propositions. First, it would enlarge Logan Square by extending its westward boundaries to Twentieth street. Second, it would place the Parkway under the care of the Commissioners of Fairmount Park. Third, it would place Logan, Rittenhouse, Washington and Independence Squares under the care of the Commissioners of Fairmount Park.

These are utterly distinct propositions, and the reasons that can be alleged for or against any one of them are quite distinct from those that apply to the others. They should not have been tied up in a single ordinance.

(1) I desire to make no comment upon the plan to enlarge Logan Square. In transmitting the following extract of a report by the City Solicitor, I do so without expressing my own view:

“This condemns sixteen properties on West Logan Square, two on Race street, and eighteen on Twentieth street. The assessments alone amount to more than \$550,000 and the cost would, of course, be greatly in excess thereof. In front of these properties is Logan Square, which contains seven acres, and

the present width of the Parkway at the Logan Square end is ample for any possible use. In my opinion, the ordinance should not be approved."

(2) I can see no objection to placing the Parkway in charge of the Commissioners of Fairmount Park, as it is practically an entrance to the Park.

(3) Almost a year ago your Honorable Bodies passed an ordinance placing four of the five central squares in charge of the Fairmount Park Commission, and I returned it to you, without my approval, with a message under date of September 17, 1914. The reasons set forth for my action at that time apply with equal force now. In order that your Honorable Bodies may have full information before you in taking action on this subject to-day, I quote two of the more important paragraphs from my previous message:

"The Bureau of City Property is well equipped to care for these squares in connection with the sixty or seventy other squares and small parks now under its control. It gives equal attention to all these and tries to see that an equitable apportionment is made of the appropriations provided by your Honorable Bodies. If the selection of only four from this large number of squares for transfer to the Fairmount Park Commission means that it is proposed to devote more attention and larger expenditures to these central squares at the comparative neglect of others of less prominent location, I must register my objection to the adoption of such a policy. Poor administration would certainly result from a division of the responsibility for the care of the public squares and the placing of the four prominent ones in the control of one Department and sixty or more of others in the control of another. While citizens generally would be glad to see these central squares improved and beautified as generously as the finances of the City will permit, I am sure they would not approve of this being done by the proposed method, which is so likely to result in a comparative neglect

of the large number of other squares throughout the City, in which all of them have particular local interest.

“The transfer of the custody of these grounds would place the appointment of their superintendents, gardeners, laborers, etc., in the hands of the Fairmount Park Commission instead of the City authorities. This would remove them from the protection of the Civil Service laws. Their appointment thereafter would be made not with reference to merit, determined competitively after Civil Service tests, but solely at the discretion of the appointing officers. This would be a distinct backward step. Our efforts should be not to restrict the operation of the merit system in an indirect manner such as this, but to extend its scope and make it applicable to an increasing number of departments.”

Is it patriotic to place Independence Square, one of the most sacred in our City, under the absolute control of an appointed body, when the jurisdiction over it has been in the hands of the authorities duly elected by our freemen for many years? It seems to me such action would be utterly undemocratic and indefensible, and would justly arouse public sentiment against those favoring such transfer.

Another objection to the ordinance, made last year, was that it would give park guards jurisdiction in these squares and that the doubt as to whether their authority was concurrent with or exclusive of the City policemen would cause trouble as to the respective authority of the two, and would, moreover, introduce a dual and therefore objectionable and inefficient arrangement. The present ordinance seeks to avoid this difficulty by providing that it shall not interfere with the “jurisdiction of the police to enforce criminal laws in any of the said grounds.” This seems to me entirely insufficient. It does not expressly exclude the park guards from jurisdiction, and unless this were done the troubles already described might arise, due to two concurrent jurisdictions.

For all of these reasons, I suggest that your Honorable Bodies withdraw this ordinance for further consideration with a view to dividing it into two or three separate ordinances, each dealing with a single subject.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

APPENDIX No. 185.

OFFICE OF THE MAYOR.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval,  
Common Council bill No. 131, entitled:

"An Ordinance to condemn as a recreation center property bounded by Twenty-fourth, Twenty-fifth and Jackson streets and Snyder avenue."

This is precisely the same ordinance as the one, then known as Common Council bill No. 60, which I returned to your Honorable Bodies without my approval on April 1, 1915. The message I sent you at that time was accompanied by a copy of a careful report from the Board of Recreation in which they urged me to veto the ordinance. In order that your Honorable Bodies may be in no danger of acting now upon this ordinance without full information before you, I quote the following most essential portions from their report:

"The ordinance provides that payment for the land shall be made out of the loan moneys heretofore appropriated to the Board of Recreation. The Board of Recreation has already agreed to expend this loan money on the improvement and development of several playground sites, which will remain useless if the present ordinance is allowed to stand.

"It is evident that as a general principle the loan moneys appropriated to the Board of Recreation must be used in developing as playgrounds, at the earliest possible moment, the sites already owned by the City. If this were not done, the City would be in possession of idle land and the progress of the development of playgrounds would be stopped.

"The site just acquired for a playground, bounded by Twenty-sixth, Twenty-seventh, Morris and Moore streets, is within six blocks of the site under discussion. The site already acquired should be developed and in operation before any other site in such close proximity is acquired. The Board looks forward to the Twenty-sixth, Twenty-seventh, Morris and Moore site as likely to be one of the most successful playgrounds in Philadelphia, as the neighborhood interest is very great."

I entirely agree with the wisdom of the position taken by the Board of Recreation. It would be but a poor use

of public funds to use them in purchasing new playground sites at the expense of additional delay in improving other sites long since acquired.

Respectfully yours,

RUDOLPH BLANKENBURG,

APPENDIX No. 186.

OFFICE OF THE MAYOR.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval,  
Common Council bill No. 132, entitled:

“An Ordinance to condemn for park purposes  
property bounded by Twenty-fourth, Twenty-fifth,  
Jackson and Wolf Streets.”

This bill, in precisely the same form, but then known as Common Council Ordinance No. 59, was passed by your Honorable Bodies in March. On April 1st I sent a message calling attention to the improvidence of the ordinance, and asking you to withdraw it. I pointed out that the ordinance proposed to pay for this new park out of Loan Item No. 160, and that the whole of that item was greatly needed for the improvement of older parks and squares, and suggested that you try to see whether the cost of the new square could not be provided for out of other funds. Your Honorable Bodies apparently approved of this suggestion and withdrew the ordinance.

I regret to see that the ordinance has now been re-passed without any change and without any effort to save the funds in Loan Item 160 for more important purposes. The Bureau of City Property and the Department of Public Works again strongly criticise the ordinance upon

this one point. While the proposed new square would be a desirable one, many other parks and squares long since acquired by the City are still waiting for needed improvements, and it would be an unbusinesslike waste of public funds to buy new properties and thereby postpone still longer the time when older squares can be made available for public use. Surely the public is entitled to have developed some of the properties we now hold, before we undertake to buy new grounds which will add to our responsibilities without adding anything whatever to the public convenience.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

APPENDIX No. 187.

OFFICE OF THE MAYOR.

*Philadelphia, May 18, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval,  
Common Council resolution entitled:

“Resolution placing the custody and control of and authorizing the County Commissioners to immediately enter upon and take possession of premises situate at the northeast corner of Twenty-first street and Race street, selected and appropriated for the use of the Municipal Court for juvenile and other purposes, under ordinance approved September 17, 1914, and directing the Clerks of Councils to present this resolution to the Mayor for his approval or disapproval.”

Under date of September 17, 1914, I gave what seemed to me irrefutable reasons why the City should not be in-

volved in an expenditure of a very large amount of money to give a palace home to the new Municipal Court. The unwisdom of expending a large, and, at this time, an unknown amount of money to give quarters to a court that has been in existence only about a year, must be apparent to every taxpayer. While the present quarters of the court are not everything that could be desired, the members of the court certainly will be able to get along for a few years until complete and adequate accommodations can be secured for them in the City Hall.

The mistake that has been made in Philadelphia for years is to commence and not to finish many needed improvements. Now to add another one to the list is too improvident to consider. Let us finish the Parkway, and thus secure at an early date a resultant increase in real estate taxes which will largely pay interest and sinking fund charges. Let us build an art museum. Failing to do this, we may lose splendid art collections, now privately owned, which, with prompt action on our part, may naturally find a permanent home in a municipal art museum. Let us use the money that has been idle in the City Treasury for years to build a convention hall and make Philadelphia attractive for the very large number of conventions that are going to other cities for lack of central accommodation and proper facilities in our City. Let us build the Free Library and the Soldiers' Monument. Let us complete the work of abolishing dangerous grade crossings. Last, but not least, let us provide for the much-needed improvements at the Philadelphia General Hospital in West Philadelphia, where the sick and others dependent on public help are cared for. It is a crying shame that the City of Brotherly Love should show so little brotherly consideration for the poor and destitute who are crying to Heaven for amelioration of their sad lot. All these, and many other important improvements, too numerous to mention, should have business-like attention before we plan to build elaborate quarters for the Municipal Court.

I ask your Honorable Bodies to give me your support in this plea for vital improvements. The interests of the

whole City of Philadelphia demand that we should husband our resources and not expend large amounts of money at this time for a palace of justice for a court that has only fairly begun its work. The Judges of the Courts of Common Pleas and of the Orphans' Court have long and justly complained of a lack of proper accommodations. They should be given primary consideration—some of them have served for decades with quiet complaints only as to their quarters.

If we build at all, let us do so at the proper time, on a comprehensive plan, and give first consideration to the long established courts.

Respectfully yours,

RUDOLPH BLANKENBURG,  
*Mayor.*

#### APPENDIX No. 188.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred the bill entitled "An Ordinance to authorize the creation of a loan or loans by the City of Philadelphia in the sum of six million (6,000,000) dollars, to be used toward the construction of a subway railway in Broad street, from League Island to Olney avenue, with the necessary branch lines northeast and northwest from Broad street, and the construction of an elevated railway from Front and Arch streets to Rhawn street, via Front street, Kensington avenue and Frankford avenue to Rhawn street," respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation, accompanied with a resolution to publish a loan bill, and request their passage.

John P. Connelly (*Ch'n*), Chas. Seger, John F. Flaherty, Robert Smith, Morris E. Conn, William J. Mc-

Closkey, Wm. J. Crawford, George H. Kelley, John H. Baizley, E. Buchholz, Wm. E. Finley, G. P. Darrow, Henry R. Shoch, E. B. Gleason, Fred. Schwarz, Jr.

### AN ORDINANCE

To authorize the creation of a loan or loans by the City of Philadelphia in the sum of six million (6,000,000) dollars, to be used toward the construction of a subway railway in Broad street, from League Island to Olney avenue, with the necessary branch lines northeast and northwest from Broad street, and the construction of an elevated railway from Front and Arch streets to Rhawn street, via Front street, Kensington avenue and Frankford avenue to Rhawn street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor, City Controller and City Solicitor, or any two of them, be, and are hereby authorized to borrow, at such times and in such proportions as in their judgment the best interests of the City demand, either by popular subscription or from the highest bidder or bidders, by advertisement, at not less than par, on the faith and credit of the City of Philadelphia, a sum or sums which in the aggregate shall not exceed six million (6,000,000) dollars, to be expended as provided for in the second section of this ordinance.

SECT. 2. The said sum of six million (6,000,000) dollars, authorized to be borrowed by the first section of this ordinance, shall be used toward the construction of a subway railway in Broad street, from League Island to Olney avenue, with the necessary branch lines northeast and northwest from Broad street, and the construction of an elevated railway from Front and Arch streets to Rhawn street via Front street, Kensington avenue and Frankford avenue to Rhawn street.

SECT. 3 Interest on said loan at a rate not exceeding four per centum per annum shall be paid by the City of Philadelphia, half yearly, on the first days of the months of January and July, at the office of the fiscal agency of

the City of Philadelphia. Certificates of the said loan shall be in usual form, in such amounts as the lender may require, in the sums of one hundred (100) dollars and its multiples, in registered or coupon form, and it shall be expressed in the said certificates that the loan therein mentioned is payable in thirty years after date thereof, and that the principal and interest on said loan are payable in lawful money of the United States, free from all taxes.

SECT. 4. Whenever any loan shall be created by virtue of this ordinance, there is, by force of this ordinance, an annual tax levied of six per centum on the par value of such certificates so issued to pay the interest, also the principal, of such loan within thirty years, and there is hereby annually appropriated to the Commissioners of the Sinking Fund, out of the tax so collected, a sum sufficient to pay the interest on said loan, also the principal thereof, within thirty years and as the same become payable. The appropriation for interest to be paid semi-annually, and for the Sinking Fund quarterly, to the said Commissioners.

---

## RESOLUTION

To publish a loan bill.

*Resolved, By the Common Council of the City of Philadelphia,* That the Chief Clerk of Common Council be authorized to publish in three of the newspapers of the City of Philadelphia, daily for four weeks, the draft of the ordinance introduced this day in Common Council by the Committee on Finance entitled "An Ordinance to authorize the creation of a loan or loans by the City of Philadelphia in the sum of six million (6,000,000) dollars, to be used toward the construction of a subway railway in Broad street, from League Island to Olney avenue, with the necessary branch lines northeast and northwest from Broad street, and the construction of an elevated railway, from Front and Arch streets to Rhawn street, via Front street, Kensington avenue and Frankford avenue to

Rhawn street," and that the said Clerk at a meeting of Common Council, after the expiration of four weeks from the first day of publication, shall present to Common Council one of each of said newspapers for every day in which said publication shall have been made.

and the Baltimore and Ohio Railroad Company, for the free and unrestricted use by the City for municipal development of the water front, within the limitations stated in the agreement of March 23, 1913 (ordinance approved February 14, 1914), of certain real estate north of the north line of Snyder avenue, along the Delaware river, providing for an appraisement of property so taken, and authorizing the execution of a lease for the southern half of pier to be constructed on property referred to, and authorizing the Department of Wharves, Docks and Ferries to construct a pier in front of the property so acquired, and providing for the costs of such construction," respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch'n*), Chas. Seger, John F. Flaherty, Robert Smith, Morris E. Conn, William J. McCloskey, Wm. J. Crawford, George H. Kelley, John H. Baizley, E. Buchholz, Wm. E. Finley, G. P. Darrow, Henry R. Shoch, E. P. Gleason, Fred. Schwarz, Jr.

### AN ORDINANCE

Authorizing the City of Philadelphia to enter into a certain agreement with the Schuylkill River East Side Railroad Company and the Baltimore and Ohio Railroad Company, for the free and unrestricted use by the City for municipal development of the water front, within the limitations stated in the agreement of March 23, 1913 (ordinance approved February 14, 1914), of certain real estate north of the north line of Snyder avenue, along the Delaware river, providing for an appraisement of property so taken, and authorizing the execution of a lease for the southern half of pier to be constructed on property referred to, and authorizing the Department of Wharves, Docks and Ferries to construct a pier in front of the property so acquired, and providing for the costs of such construction.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain, That the Mayor of the*

City of Philadelphia be, and he is hereby authorized, on behalf of the City of Philadelphia, to enter into the following agreement between the City of Philadelphia and the Schuylkill River East Side Railroad Company and the Baltimore and Ohio Railroad Company:

### AGREEMENT.

THIS AGREEMENT, made this \_\_\_\_\_ day of \_\_\_\_\_ 1915, by and between the City of Philadelphia, herein referred to as the City, and the Schuylkill River East Side Railroad Company and the Baltimore and Ohio Railroad Company, herein called the Baltimore Companies, WITNESSETH:

WHEREAS, Under an agreement dated March 23, 1914, the execution of which was authorized by ordinance approved February 14, 1914, the City of Philadelphia agreed (*inter alia*) to purchase and the Baltimore Companies agreed to sell, for municipal development of the water front, the real estate, piers, terminal facilities and appurtenances situate between McKean street and Jackson street, and between the east line of Delaware avenue and the pierhead line, and that there should be paid and received therefor the appraised value of the said real estate, to be determined as therein provided;

AND WHEREAS, It is claimed by the Baltimore Companies that they are not bound to perform said agreement of sale until after there shall have been provided new real estate and yard facilities equal to those abandoned;

AND WHEREAS, The present plans of the City for municipal development at this point can be carried out without substantial interference with such part of said real estate as is now in active use by said Baltimore Companies, and said Baltimore Companies are desirous of co-operating in said plans of municipal development in the way and to the extent hereinafter stated; *Now, therefore*, As a compromise settlement it is hereby agreed as follows:

*First.* The Baltimore Companies hereby waive any and all objection to the free and unrestricted use by the City for purposes of municipal development of the water front, within the limitations stated in said agreement of March 23, 1914, of so much of said real estate agreed to be purchased and sold as lies north of the north line of Snyder avenue, the front thereof along the bulkhead being approximately three hundred and seventy feet, including all riparian and other rights appurtenant thereto; said tract being hereinafter referred to as "Tract A."

*Second.* When an appraisement shall hereafter be made of said real estate of the Baltimore Companies, as provided in said agreement of March 23, 1914, there shall be made a separate appraisement of the present value of said "Tract A," and interest upon the value of said "Tract A" at the rate of six per cent. per annum from the date of this agreement to the date of the payment of said award shall be added to the amount thereof, and paid by the said City.

*Third.* It is the intention of the City to construct on said site, and other land adjoining on the north, a double-decked pier planned to be approximately two hundred and fifty feet in width and nine hundred feet in length, and so located that the southerly side thereof shall be at least two hundred and twenty-five feet north of the northerly side of Pier 80. Upon the completion of said pier the City will execute and deliver to the Baltimore Companies, on their request, a lease, in form attached hereto and made part hereof, of the southern half thereof, the rental therefor not to exceed \$20,000 per annum with a reduction in proportion as the area of the pier may be less than 900 x 250 feet; said lease shall be for the term of five years from date of completion of said pier, with such further extensions of the term from year to year as the lessee may desire, until the provision of the new real estate, piers and yard facilities and the occupation and operation thereof by the Baltimore Companies provided for in said agreement of March 23, 1914, but if said new real estate, piers and yard facilities are provided and be-

come ready for occupation and operation by the lessee before the expiration of said period of five years, the lessor shall have the right to terminate this lease upon then giving to the lessee written notice of such termination at a date sufficiently in the future as will enable the lessee to remove from the demised premises to said new facilities without interference with the performance by the lessee of its corporate functions and duties to the public. The City may at any time after the completion of the pier require the Baltimore Companies to signify their desire for said lease, and in case they fail to do so within sixty days after such request in writing, all right to desire such lease shall cease.

*Fourth.* If the Baltimore Companies desire to improve Pier 80 for their own purposes, instead of taking a lease from the City under the preceding paragraph, the City hereby agrees that such improvement may be made by said companies, without prejudice to the rights of the parties respectively to claim and to oppose payment of the cost of such improvements under the provisions of said agreement of March 23, 1914.

*Fifth.* It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair, or in any wise affect, the exercise by said Commission of any of the powers vested in it by the Public Service law, approved July 26, 1913.

## APPENDIX No. 199.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred the bill entitled "An Ordinance authorizing and directing the City Solicitor to examine the title to property located along the Delaware river, at the foot of McKean street, and to take title thereto in the name of the City of Philadelphia," respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch'n*), Chas. Seger, John F. Flaherty, Robt. Smith, Morris E. Conn, William J. McCloskey, Wm. J. Crawford, George H. Kelley, John H. Baizley, E. Buchholz, Wm. E. Finley, G. P. Darrow, Henry R. Shoch, Fred. Schwarz, Jr., E. B. Gleason.

## AN ORDINANCE

Authorizing and directing the City Solicitor to examine the title to property located along the Delaware river, at the foot of McKean street, and to take title thereto in the name of the City of Philadelphia, and authorizing and directing the expenditure for such purposes

of the sum of one hundred and eighty thousand (180,000) dollars out of the moneys appropriated to the Department of Wharves, Docks and Ferries of the City of Philadelphia by Act of Assembly approved July 25, 1913.

WHEREAS, The Director of the Department of Wharves, Docks and Ferries has entered into an agreement with Marriott C. Morris and Asa S. Wing, executors of the estate of Elliston P. Morris et al., to purchase all that certain lot or piece of ground situate in the Thirty-ninth Ward of the City of Philadelphia, located along the Delaware river at the foot of McKean street, for the price or sum of one hundred and eighty thousand (180,000) dollars, which is at the rate of approximately sixty cents per square foot, and which is to include and cover all claims against the City for damages to said premises by reason of the widening of Delaware avenue to the full width of 200 feet, as now upon the confirmed plan of the City of Philadelphia; the said premises to be conveyed clear of all incumbrances; possession to be given at the time of settlement; taxes, water rent and rent, if any, to be apportioned to the date of settlement; title to be good and marketable, and such as will be insured by any title and trust company of Philadelphia;

AND WHEREAS, The Act of Assembly, approved July 25, 1913, provided that the moneys appropriated by said Act for the improvement of the maritime port facilities of the State of Pennsylvania at Philadelphia, should only be expended as authorized and directed by the Councils of the City of Philadelphia; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the City Solicitor is hereby authorized and directed to examine the title to All that certain lot or piece of ground, situate in the Thirty-ninth Ward of the City of Philadelphia and State of Pennsylvania, beginning at a point on the northeasterly side of Delaware avenue 200 feet wide, as is now laid out on the City plan and legally opened, and in the center line of McKean street 50 feet wide, as is now laid out on the

City plan but not legally opened; thence extending eastward along the said center line of McKean street 138.468 feet, thence extending northward 25 feet to the north side of said McKean street 50 feet wide; thence extending eastward along the northerly side of said McKean street 588.380 feet to a point; thence extending northward at right angles to McKean street 179.132 feet to a point; thence extending eastward on a line parallel with McKean street 297.785 feet to the bulkhead line established by the Secretary of War August 9, 1909; thence extending along the said bulkhead line in a southerly direction 298.523 feet to a point; thence westward on a line parallel with McKean street 137.521 feet to the center line of old Delaware avenue, now vacated; thence southwardly along the center line of said old Delaware avenue 406.327 feet to the center line of Snyder avenue; thence westward along the center line of Snyder avenue 55.755 feet to the westerly side of said old Delaware avenue; thence northward along the westerly side of said old Delaware avenue 41.817 feet to the northerly side of Snyder avenue; thence westward along the northerly side of Snyder avenue 289.08 feet to a point; thence northwestward 331.189 feet to a point; thence westward along a line parallel with McKean street 608.122 feet to a point on the northeasterly side of said Delaware avenue 200 feet wide; thence northwestward along the northeasterly side of said Delaware avenue 200 feet wide 124.454 feet to the first mentioned point or place of beginning; including all wharves, docks and bulkheads, and every and all riparian or other rights appurtenant or incident to the said land, and including, also, any and all damages which may or could arise by the opening of Delaware avenue to the full width of 200 feet as is now laid down on the City plan, to such extent as said avenue is opened or is to be opened in front of said strip of ground for the length of 124.454 feet along the same, not intending, however, to dedicate to the City or to waive claim for damages for or by reason of the opening of said avenue through or over any part of any other property belonging to the estate; and if he shall approve the title to the same, then to cause a conveyance thereof to be made to the City of Philadelphia in fee simple.

SECT. 2. The Department of Wharves, Docks and Ferries of the City of Philadelphia is hereby authorized and directed to expend the sum of one hundred and eighty thousand (180,000) dollars, and the Director of said Department is authorized to draw a requisition upon the Auditor General of the State of Pennsylvania for the sum of one hundred and eighty thousand (180,000) dollars against the appropriation made by the State of Pennsylvania to the Department of Wharves, Docks and Ferries of the City of Philadelphia by said Act of July 25, 1913, which funds he shall deposit with the City Treasurer; and the said Director is hereby authorized and directed to draw, and the City Controller to countersign, a warrant or warrants in favor of Marriott C. Morris and Asa S. Wing, executors of the estate of Elliston P. Morris et al., for the purchase price of the property above mentioned.

## AN ORDINANCE.

To permit the David Berg Distilling Company to construct and maintain a pipe line from their property on Vandalia street, about 180 feet south of Tasker street to a point on the northeast side of Delaware avenue, about 100 feet south of Moore street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission is hereby granted to the David Berg Distilling Company to construct and maintain a pipe line from their property on the west side of Vandalia street, at a point about 180 feet south of Tasker street, extending southwardly under the west side of Vandalia street to the intersection of said street with Delaware avenue; thence along and under Delaware avenue to a point on the northeast side of Delaware avenue about 100 feet south of Moore street. The said pipe line shall not exceed twelve inches in diameter and be laid under the supervision and to the satisfaction of the Department of Public Works, and so as not to interfere with any municipal or other structures in the said streets. Before a permit shall be issued for the work hereby authorized, the said David Berg Distilling Company shall enter into an agreement, satisfactory to the City Solicitor, to be responsible for all damages arising from the construction and maintenance of said pipe, and to repave and keep in good order so much of the streets now paved as shall be disturbed by laying the said pipe. The permission hereby granted shall be revocable at any time upon the passage of an ordinance to that effect. Before exercising any privilege under this ordinance, the said David Berg Distilling Company, shall pay into the City Treasury the sum of fifty (50) dollars for the publication of this ordinance.

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to strike Elwyn street, from Kennedy to Fraley street; and Fraley street, from Eadom to Elwyn street, from the plan, respectfully report that these streets intersect the property of Kneedler & Company, who desire to improve and extend their plant. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Harry Keene, Geo. Connell, James H. McGurk, Fred. Schwarz, Jr., Bernard J. McGuigan, William D. Asnip, George D'Autrechy, Henry J. Klos, Henry R. Shoch, James M. Neely, John J. Conroy, Geo. Mitchell, Wm. H. Quigley.

## AN ORDINANCE

To strike from the City plan Elwyn street, from Kennedy to Fraley street; Fraley street, from Eadom to Elwyn street; and Kennedy street, from Elwyn street southwest of Kennedy street to Elwyn street northeast of Kennedy street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to strike from the City plan Elwyn street, from Kennedy to Fraley street; Fraley street, from Eadom to Elwyn street; and Kennedy street, from the northwest side of Elwyn street (30 feet wide) running southwest from Kennedy street to Elwyn street (40 feet wide) running northeast from Kennedy street: *Provided*, That an agreement, satisfactory to the City Solicitor, be filed, within one year from the approval of this ordinance, indemnifying the City from all damages by reason of the striking of the said streets from the plan.

## APPENDIX No. 222.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to strike from the City plan Foust street, from Frankford avenue to Dark Run lane, respectfully report that this revision is to provide a more direct line of travel between Torresdale avenue and Frankford avenue, and thence westward to Rising Sun avenue. By placing Dark Run lane upon the City plan will complete this plan and afford a better continuous street. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Harry Keene, Geo. Connell, James H. McGurk, Fred. Schwarz, Jr., Bernard J. McGuigan, William D. Asnip, George D'Autrechy, Henry J. Klos, Henry R. Shoch, James M. Neely, John J. Conroy, Geo. Mitchell, Wm. H. Quigley..

## AN ORDINANCE

To revise the lines and grades of Foust street, from Frankford avenue to Torresdale avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to revise the lines and grades of Foust street, from Frankford avenue to Torresdale avenue, by striking Foust street from the City plan, from its present location between Frankford avenue and Dark Run lane, and to place it on the City plan, sixty feet wide, on the line of Dark Run lane, between Frankford avenue and the present line of Foust street, southeast of Charles street, and to increase the width of Foust street, from said point to Torresdale avenue, so as to make it sixty feet wide, and to

make the necessary adjustment of grades of adjacent streets; also, to vacate that portion of Dark Run lane embraced between the northeast line of Foust street and Erdrick street: *Provided*, It shall not be closed to public travel until Foust street is opened.

## APPENDIX No. 223.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to strike from the City plan Springer street, from Wayne avenue to Wissahickon avenue, respectfully report that this street is not legally or physically opened. There are eleven separate properties abutting on this street the title deeds of which recite to the center line. Ten of the property owners have signified their willingness to have this street stricken from the plan, and as there will be no damages to the City we return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Harry Keene, Geo. Connell, James H. McGurk, Fred. Schwarz, Jr., Bernard J. McGuigan, William D. Asnip, George D'Autrechy, Henry J. Klos, Henry R. Shoch, James M. Neely, John J. Conroy, Geo. Mitchell, Wm. H. Quigley.

## AN ORDINANCE

To authorize the striking from the City plan of West Springer street, from Wayne avenue to Wissahickon avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to

strike from the City plan West Springer street, from Wayne avenue to Wissahickon avenue, in the Twenty-second Ward: *Provided*, That an agreement, satisfactory to the City Solicitor, be filed within one year from the approval of this ordinance, indemnifying the City from all damages by reason of the striking of the said street from the plan.

#### APPENDIX No. 224.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to revise the lines of Harrison street, between Leiper street and Oxford avenue, and the north intersection of Oxford avenue and Harrison street, respectfully report that this revision provides a more direct line of travel, and opens up a desirable vista of the new High School and offers an opportunity for beautifying the intersection. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Harry Keene, Geo. Connell, James H. McGurk, Fred. Schwarz, Jr., Bernard J. McGuigan, William D. Asnip, George D'Autrechy, Henry J. Klos, Henry R. Shoch, James M. Neely, John J. Conroy, Geo. Mitchell, Wm. H. Quigley.

#### AN ORDINANCE

To revise the lines of Harrison street, between Leiper street and Oxford avenue, and the north intersection of Oxford avenue and Harrison street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to re-

• vise the northeast line of Harrison street, between Leiper street and Oxford avenue; also to revise the lines of the northerly corner of Oxford avenue and Harrison street so as to curve the intersection, and to make the necessary adjustment of grades.

*Philadelphia, May 20, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to change the names of certain streets, respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Harry Keene, Geo. Connell, James H. McGurk, Fred. Schwarz, Jr., Bernard J. McGuigan, William D. Asnip, George D'Autrechy, Henry J. Klos, Henry R. Shoch, James M. Neely, John J. Conroy, Geo. Mitchell, Wm. H. Quigley.

## AN ORDINANCE

To change the names of certain streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to change the names of the following streets: Cambridge street, from Lewis street to Wakeling street, to Milnor street; Fisher avenue, southeast of Bustleton avenue, to Kohl street (in Bustleton); Harvey street, from Cresson street to Ridge avenue, and from Righter street to Fairmount Park, to Salaignac street; Jefferson street, from Lincoln avenue to Pelham road, to Westview street; Jefferson street, from Washington lane to West

/

Hortter street, and from Ellet street to Gowen avenue, to Conrad street; Tucker street, from Glenloch street to Bermuda street, to Buckius street; Walnut lane, from Main street to Ridge avenue, to Shurs lane; Carpenter street, from Germantown avenue to Wissahickon avenue, to Carpenter lane; Ludlow street, from Fifty-first to Fifty-second street, to Ludlow terrace.

APPENDIX No. 226.

RESOLUTION

Of request to the Director of the Department of Public Works to permit the Model Building Company to lay a temporary drain in Limekiln pike, between Sixty-sixth avenue north and Sixty-seventh avenue north.

*Resolved by the Select and Common Councils of the City of Philadelphia,* That the Director of the Department of Public Works be requested to permit the Model Building Company to lay a temporary drain in Limekiln pike, between Sixty-sixth avenue north and Sixty-seventh avenue north. The said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys), without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said street.

Philadelphia, June 1, 1915.

## APPENDIX No. 228.

## OFFICE OF THE MAYOR.

*Philadelphia, June 3, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Permit me to ask your earnest attention to a letter I have received, under to-day's date, from the Director of the Department of Public Health and Charities, from which the following is quoted:

“I desire again to call attention to the crying need for the rebuilding of the Philadelphia General Hospital. The people endorsed this humanitarian project when they voted for the loan bill last November. In the early part of February I presented to Councils well-considered plans for a new Blockley, but up to the present they have failed to appropriate the \$1,000,000 set apart for this purpose.

“We owe a debt to the sick poor of our City which should be squarely and promptly met. I would ask, therefore, that you again urge Councils to pass the ordinance enabling us to proceed with this important public improvement.”

The members of your Honorable Bodies who were elected in the autumn of 1913, on the Republican ticket, stood upon a platform drawn by a Platform Committee, two of whose members, one of them the Chairman, were Chairmen of the Committee on Finance and Sub-Committee on Finance of Councils. The platform contained the following statement:

“The Republican party appeals to the people of Philadelphia to support the party nominees at the coming election, and submits a platform upon which its nominees stand.”

One of the planks in this platform was the following:

“8. Provisions in the next loan bill for the placing of the Philadelphia Hospital in first-class condition and completion of the Byberry Farm Hospital.”

The platform also made the following statement:

“Councils have in no way interfered with the Administration, but every help has been accorded to it, and no official could have been more fairly treated.”

In spite of these explicit pledges, no money has yet been provided for the rebuilding of the Philadelphia Hospital. One million dollars was included in the loan authorized by popular vote last November. Appropriation ordinances for the rest of this loan have been passed by your Honorable Bodies, but there has been a persistent refusal to provide this money for the Philadelphia Hospital.

The Directors of the Departments of Public Works and of Public Health and Charities join with me in requesting that when you make this appropriation you make it to the Department of Public Works. The following quotation is taken from Article IV, Section 1, of the Act of June 1, 1885, commonly known as the Bullitt Bill:

“The construction, protection, and repair of public buildings, bridges, and structures of every kind for public use, public squares, real estate (except such as now or hereafter may be used for educational or police purposes), \* \* \* \* \* shall be under the direction, control and administration of the Department of Public Works.”

The delay that has already occurred in providing for the needs of the Philadelphia Hospital is inexcusable. If the present disgraceful conditions at the Hospital are allowed to continue and the indigent sick are still compelled to suffer through the overcrowding of the present Hospital, it must be understood that the responsibility is not upon the administrative, but upon the legislative branch of the City government.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## APPENDIX No. 229.

OFFICE OF THE MAYOR.

*Philadelphia, June 3, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Legislature has passed an Act requiring cities of the first class to establish a pension fund for employees of said cities. This Act was approved by the Governor on May 20, 1915, and has been certified to me by the Deputy Secretary of the Commonwealth. Under its provisions a Pension Board is constituted, consisting of the Mayor, the City Treasurer, the City Controller, one member of Select Council and one member of Common Council; the last two to be selected annually by the respective bodies.

Will you kindly appoint the member from Common Council at your earliest convenience, so the full Board may meet and begin its work before July 1.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## APPENDIX No. 230.

OFFICE OF THE MAYOR.

*Philadelphia, June 3, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval, Common Council Bill No. 112, entitled:

“An Ordinance to authorize the opening of Mifflin street, from Twenty-fourth to Twenty-eighth street.”

The following is quoted from a careful report received from the Chief Engineer of the Bureau of Surveys, bearing the approval of the Director of the Department of Public Works:

"I do not know of any urgent necessity for the opening of this street at public expense, as it seems to be of use only for the purpose of the development of private property, and should, therefore, be dedicated, and I therefore recommend the disapproval of the ordinance. The land taken by the opening is estimated to be worth \$10,000."

The Department of Law also is of the opinion that when the opening is made "it should be by deed of dedication with waiver clause."

I concur in these views and am obliged to withhold my approval from the ordinance.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

APPENDIX No. 231.

OFFICE OF THE MAYOR.

*Philadelphia, June 3, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return to you herewith Common Council Bill No. 149 entitled:

"An Ordinance to make appropriations to the various Bureaus in the Departments of Public Safety, Public Works, Supplies, Board of Recreation, County Prisons, and City Commissioners, out of the four million three hundred and twenty-five thousand (4,325,000) dollar loan, authorized to be borrowed by ordinance approved May 6, 1915."

with my approval except as to the following:

## "CITY COMMISSIONERS

"Item 170. Improvement of property Twenty-first and Race streets, taken for Municipal Court purposes, and the employment of an architect to prepare plans and specifications for such work, fifty thousand (50,000) dollars."

thereby reducing the amount appropriated by this ordinance from four million three hundred and twenty-five thousand (4,325,000) dollars to four million two hundred and seventy-five thousand (4,275,000) dollars.

In messages under dates of September 17, 1914, and May 18, 1915, I laid before your Honorable Bodies very fully the reasons that led me to disapprove of the taking of this property for Municipal Court purposes. Let me also call your attention to the following sentence quoted from Governor Brumbaugh's veto of a bill proposing to enlarge the powers of the Municipal Court:

"Let this new Court continue its present duties until the entire community has had time to understand its jurisdiction and to judge of the quality of its service, then, and not until then, is it necessary, if at all, to seek new fields of endeavor for it."

I see no reason to change my views on this matter, and am, therefore, obliged to withhold my approval from the present item.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

APPENDIX No. 232.

OFFICE OF THE MAYOR.

*Philadelphia, June 3, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval, Common Council Bill No. 162, entitled:

“An Ordinance to permit the Powers-Weightman-Rosengarten Company to erect and maintain wires over and across Ridge avenue, west of Calumet street, for the transmission of electric current exclusively for their own use.”

I am in receipt of a careful report from the Chief of the Electrical Bureau, bearing the approval of the Director of the Department of Public Safety, from which the following is quoted:

“Powers & Weightman Company, under the authority of this ordinance, proposed to carry wires across Ridge avenue from one of their buildings to another on the other side of the street above the existing wires on Ridge avenue.

“Ordinarily I should have no objection to offer to this, but there is a line along Ridge avenue belonging to the Philadelphia Electric Company having 13,000 volts pressure. The consensus of engineering opinion is that no other wires should be carried above the wires having this pressure. I do not think that the wires could be carried below the other wires without some rather expensive reconstruction which the Powers & Weightman Company would naturally be obliged to pay for.

“I therefore recommend that the ordinance be disapproved, and I suggest that a substitute be passed giving the Powers & Weightman Company the right to construct conduits under the street for the purpose of carrying these wires.”

For these reasons I am obliged to withhold my approval from the present ordinance.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## AN ORDINANCE

Recognizing and approving the compromise and adjustment of the claims of John Adams, William F. Deakyne and James Johnston, for nine thousand dollars, three thousand dollars each, for services as real estate experts, and claim of Francis Shunk Brown for five thousand two hundred and twenty-four dollars and twenty-nine cents, for professional services and expenses rendered a Joint Special Committee of Councils appointed to in-

vestigate the valuation of taxable real estate in the City of Philadelphia, and directing the payment of eleven thousand five hundred dollars in full settlement of said claims and making an appropriation to the Clerks of Councils therefor.

WHEREAS, By a resolution approved the twelfth day of May, A. D. 1910, the appointment of a Joint Special Committee of three members of each branch of Councils to investigate the valuation of taxable real estate in the City of Philadelphia was authorized;

AND WHEREAS, By said resolution said Committee was authorized to employ the services of three competent men, two of whom shall be possessed of expert knowledge of the fair and just value of real estate in the City of Philadelphia and the third to be a builder of established reputation and experience, competent to fix the fair and just value of buildings, and also to employ the services of other experts and witnesses and such stenographers and clerks and other employees as may be required;

AND WHEREAS, In pursuance of the authority so in them vested, the said Committee did employ John Adams and William F. Deakyne, as the said real estate experts, and James Johnston, as said builder, and Francis Shunk Brown, Esq., as their legal adviser and attorney, and the said John Adams, William F. Deakyne and James Johnston appraised for the committee all of the property from the north side of Arch street to the south side of Walnut street and from the east side of Tenth street to the west side of Sixteenth street in the City of Philadelphia, amounting to several hundred millions of dollars, and the said Francis Shunk Brown gathered information for the Committee from all cities in the United States having a population of thirty thousand or more, and generally advised the Committee and the real estate experts covering the period of their service, including numerous conferences, etc., etc.;

WHEREAS, The said John Adams, William F. Deakyne and James Johnston have rendered bills to the Committee in the sum of three thousand dollars each and the said Francis Shunk Brown has rendered a bill to the Committee

for services and incidentals in the sum of five thousand two hundred and twenty-four dollars and twenty-nine cents, and the said John Adams, William F. Deakyne and James Johnson have agreed to accept the sum of two thousand five hundred dollars each in full settlement of their claim, and the said Francis Shunk Brown has agreed to accept the sum of four thousand dollars in full settlement of his claim for services and incidentals.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the offer of John Adams, William F. Deakyne and James Johnston to accept the sum of two thousand five hundred dollars each in full settlement of their claim of three thousand dollars each for expert services, and the offer of Francis Shunk Brown to accept the sum of four thousand dollars in full settlement of his claim for services and incidentals be, and the same are hereby accepted.

SECT. 2. That the sum of eleven thousand five hundred dollars be and the same is hereby appropriated to Item 9 in the annual appropriation to the Clerks of Councils for the purpose of settling the claims of John Adams, William F. Deakyne, James Johnston and Francis Shunk Brown.

SECT. 3. That the Clerks of Councils are hereby authorized and directed to issue, the City Controller to countersign, and the City Treasurer to pay warrants as follows: in favor of John Adams in the sum of two thousand five hundred dollars; William F. Deakyne, in the sum of two thousand five hundred dollars; James Johnston, in the sum of two thousand five hundred dollars, and Francis Shunk Brown, in the sum of four thousand dollars, in full payment, settlement and discharge of their claims for services rendered the Joint Special Committee of Councils to investigate the valuation of taxable real estate in the City of Philadelphia, appointed under resolution approved the twelfth day of May, A. D. 1910.

*Philadelphia, June 3, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill to amend an ordinance entitled “An Ordinance to authorize and regulate the erection and construction of iron awnings over the sidewalks, and authorizing the Chief of the Bureau of Highways to issue permits therefor,” approved March 22, 1900, respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

George H. Kelley (*Ch’n*), Fred. Schwarz, Jr., Robert Smith, David G. Frankenfield, Thomas S. T. Mackleer, George E. Dorwart, C. Walter Glasgow, Thomas J. Morton, Frank J. Ryan, Wm. C. Williams, Wm. J. Harrington, Henry R. Shoch, H. J. Trainer, Wm. D. Bacon.

## AN ORDINANCE

To amend an ordinance entitled “An Ordinance to authorize and regulate the erection and construction of iron awnings over the sidewalks, and authorizing the Chief of the Bureau of Highways to issue permits therefor,” approved March 22, 1900.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the ordinance entitled “An Ordinance to authorize and regulate the erection and construction of iron awnings over the sidewalks, and authorizing the Chief of the Bureau of Highways to issue permits therefor,” approved March 22, 1900, is hereby amended by striking out Sections 1, 2, 3, 4 and 5, and inserting in lieu thereof the following:

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That no one shall erect or maintain a metal or glass awning over a sidewalk without

obtaining a permit therefor from the Chief of the Bureau of Highways.

SECT. 2. No such awning shall extend more than four (4) feet from the building line except in front of railroad stations, theatres and hotels, which may have one such awning extending to the curb in front of one door of the building facing on each street from which it may have an entrance. Every such awning shall leave at least ten (10) feet clear head room over the sidewalk, and no sign of any kind shall be displayed thereon.

SECT. 3. The Chief of the Bureau of Highways may issue a permit for the erection of such an awning if the plans and specifications thereof are approved by him and are in conformity with the provisions of this ordinance, and the proposed awning appears to him to be otherwise desirable at the location selected.

SECT. 4. Permits shall also be required for all repairs or alterations to existing metal or glass awnings, which may be granted if the proposed repairs or alterations are satisfactory to the Chief of the Bureau of Highways.

SECT. 5. Every applicant shall pay to the Receiver of Taxes for every permit issued for the erection or the repair or alteration of such awnings, before such permit is issued, the sum of three (3) dollars.

## APPENDIX No. 255.

OFFICE OF THE MAYOR.

*Philadelphia, June 10, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Recent loans have contained a number of items for the improvement of police and fire stations. In the appropriation ordinances, however, your Honorable Bodies have included the proviso, “subject to future legislation by Councils.” This has greatly hampered the Department of Public Safety in the use of this money, and has left many police and fire stations sadly in need of repairs and improvements that might have been made long since had the Director not been prevented from starting the work by this proviso.

He has called the situation to the attention of your Finance Committee in a letter under to-day’s date, of which a copy is attached. He asks that this hampering proviso be removed in order that this money may not lie idle during the summer. The interest that your Honorable Bodies feel in the upkeep and improvement of the City’s property will no doubt lead you to comply promptly with this suggestion.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

---

JOHN P. CONNELLY, Esq.,

Chairman of the Finance Committee.

MY DEAR SIR:—With the near approach of the adjournment of Councils over the summer season, I am writing to call your attention to the necessity for prompt action on a matter which is of vital importance to nearly all of the various wards.

In the last two City loans there were included items for the improvement of police and fire stations, with the proviso attached, "subject to future legislation by Councils."

This proviso, in its present form, ties up the funds to such an extent that this Department will be unable to do any of the work necessary and important during the summer season in order to care for the needs of the coming winter.

The City Architect is busily engaged in the preparation of plans and specifications for a large number of improvements which are vitally necessary, but because of the limited force at his disposal he will be unable to furnish sufficient data which will enable action by Councils before their adjournment.

In view of the fact that a large number of Councilmen in the various wards are interested in the improvements which we contemplate, I write to earnestly request that the restriction above referred to be removed, in order that the police and fire stations may be put in habitable condition before the winter season.

The loans referred to are as follows:

- 50 L in the Bureau of City Property.
- 160 L in the Bureau of Police.
- 170 L in the Bureau of Police.
- 160 L in the Bureau of Fire.
- 170 L in the Bureau of Fire.

Awaiting your favorable decision in the matter, I remain,

Yours very truly,

(Signed) GEO. D. PORTER,

*Director.*

## APPENDIX No. 256.

OFFICE OF THE MAYOR.

*Philadelphia, June 10, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Permit me to ask the attention of your Honorable Bodies to the accompanying copy of a letter from the Director of the Department of Public Works, recommending an appropriation of \$5,506.50 to pay a bill of the Philadelphia Rapid Transit Company for sprinkling country roads along the line of their tracks during August, September and October, 1913. From the Director's statement it is clear that this is a just obligation and one which should receive early and favorable attention at your hands.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

—

DEPARTMENT OF PUBLIC WORKS.

*Philadelphia, June 9, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of Philadelphia.

MY DEAR MR. MAYOR:—I wish to call to your attention the matter of failure of Councils to pass an ordinance presented to them February 26, 1914, dealing with the payment of \$5,506.50 to the Philadelphia Rapid Transit Company for sprinkling country roads along the line of their tracks during August, September and October, 1913, under an agreement dated June 20, 1913.

I feel that unless Councils make this appropriation the City is not acting in good faith with the Philadelphia Rapid Transit Company. It seems at the time this ordinance was called up in Councils some of the members

were under the impression that the contract entered into between the City and the Philadelphia Rapid Transit Company under date of July 1, 1907, did not cancel the obligation of the Philadelphia Rapid Transit Company to sprinkle the roads along its tracks, and in this connection I desire to call your attention to the following abstract from an opinion rendered under date of May 29, 1913, by the City Solicitor:

“If there is an appropriation available for the purpose, and if the circumstances are such that the Rapid Transit Company alone can furnish the sprinkling cars desired, you would be justified in entering into a contract without advertising for bids.”

There was an appropriation available for this purpose at the time, but when the bills reached the City Controller he refused to countersign the warrant for this service, claiming that there should be a special ordinance passed by Councils.

To my mind this is a perfectly legitimate expenditure made through the Bureau of Highways, and I am asking you to endeavor to have Councils take the necessary action in order that the Philadelphia Rapid Transit Company may be reimbursed for these services, which you will note were incurred nearly two years ago.

Very truly yours,

(Signed) M. L. COOKE,  
*Director.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—The accompanying copy of a letter under to-day's date, from the Director of the Department of

Public Health and Charities, calls attention to transfers and additional appropriations greatly needed for carrying on the work at the Philadelphia Hospital. The suggested appropriations for repairs, for auto ambulances and other purposes, are modest in amount, but are full of meaning for the improvement of the service in the Bureau of Charities. I hope they will have your early and favorable attention.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

*Philadelphia, June 10, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—I have several times asked for an additional appropriation to carry on the work at Blockley, in order to increase its efficiency and better the condition of the unfortunate inmates.

The auto ambulances are of a wholly obsolete type, and so old as to be almost worn out. I would ask, therefore, for authority to dispose of these and to have appropriated an additional sum for the purchase of new ambulances.

There are so many small repairs needed to the buildings, wards and internes' quarters that I would ask for an adequate sum to cover these necessary expenditures.

With the suggested transfer of \$5,000 from this year's schedule, if the balance of \$5,000 appropriated for auto trucks is transferred, to be used for ambulances, an additional sum of \$31,350 will be required to cover the expenditures as included in the accompanying schedule.

Very truly yours,

## OFFICE OF THE MAYOR.

*Philadelphia, June 10, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Allow me to ask the attention of your Honorable Bodies to the enclosed copy of a letter received under to-day's date from the Director of the Department of Public Health and Charities. This points out clearly the necessity for the organization of a Division of Child Hygiene and recommends what is believed to be a minimum schedule of its requirements for the next six months.

I trust that his recommendations will have your early and favorable attention.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

*Philadelphia, June 10, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of the City of Philadelphia.

DEAR SIR:—I have previously called to your attention the necessity for a Division of Child Hygiene. I herewith enclose a minimum schedule for the requirements of such an organization during the ensuing six months.

I am glad to report that the transfer of the item for recreation piers has enabled us for the first time to appoint sufficient City nurses for "field work" among poor children of this City. We now have a full quota of forty nurses, with funds to carry them until September 1, 1915. It will, therefore, require but a small additional sum to make this organization a permanent one, the total amount being \$15,946.68 to carry this schedule through until December 31, 1915.

Among these items are two assistant dentists for the Dental Dispensary of the Baldwin School, who will not be required to go on duty until some time in September. With a Chief of Division and four Assistant Supervising Nurses we will be able to obtain an efficient result.

I have previously asked for an adjustment in the salary of the Supervising Nurse. This practically means an equalization of her salary with the salary of the other Supervising Nurses of the City at Blockley and the Municipal Hospital, who receive a salary of \$1,400 per annum, but have this augmented by their living expenses, which overhead charge would probably amount to more than the additional \$600 requested for the salary of the Supervising Nurse. The responsibilities of the three Supervising Nurses are practically alike.

As Philadelphia is seventh on the list in a table of the comparative mortalities of the nine largest cities of this country, it behooves us to do something to increase the efficiency of our administration, and I think that the arrangement herewith outlined would promptly accomplish that result. I would, therefore, strongly urge that the

small additional amount required to establish the Division of Child Hygiene should be at once appropriated and made available for use from July 1, 1915.

As no uniforms are supplied to "summer" nurses, this also will require adjustment if these nurses should become permanent City nurses.

We are so near the proper correction of long standing evils that I sincerely hope this new Division may be promptly established.

Very truly yours,  
(Signed) S. LEWIS ZIEGLER,  
*Director.*

### OFFICE OF THE MAYOR.

*Philadelphia, June 10, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Permit me to ask the attention of your Honorable Bodies to the accompanying copy of a letter received under date of June 5, from the Director of the Department of Public Health and Charities, transmitting resolution adopted by the Board of Health. These refer to the depressed area in the Fortieth Ward and declare that the lack of adequate drainage causes a condition that is a nuisance having a tendency to be prejudicial to the public health.

I earnestly hope your Honorable Bodies will take action promptly to correct this condition.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

*Philadelphia, June 5, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of Philadelphia.

DEAR SIR:—At a meeting of the Board of Health on May 25, 1915, resolutions affecting the depressed area of the Fortieth Ward were adopted, and I have been requested to bring them to the attention of City Councils. These resolutions are as follows:

WHEREAS, Reports of Medical and Sanitary Inspectors have directed attention of this Board to the insanitary conditions prevailing in the depressed area of the Fortieth Ward, due to the lack of adequate drainage facilities in the said area;

AND WHEREAS, A Committee of this Board made a visit to that area on May 18th, and inspected the conditions arising from the present methods of disposing of sewage, and noted the increasing building operations now carried on in said area; now, therefore, be it

*Resolved*, That lack of adequate drainage in the depressed area of the Fortieth Ward is hereby declared a nuisance having a tendency to be prejudicial to the public health; and be it further

*Resolved*, That the Director of the Department of Public Health and Charities call the attention of the Director of the Department of Public Works and of the City Councils to the urgent need for providing adequate drainage in the section of the City cited.

I would appreciate it if you would forward this communication to City Councils that they may be informed, through official channels of conditions in the Fortieth Ward that are prejudicial to public health.

Very respectfully yours,

(Signed) S. LEWIS ZIEGLER,

## RESOLUTION

Of request to the Committee on Law relative to legislation regulating the running of jitneys.

WHEREAS, Considerable complaint is current as to the action of jitney drivers in refusing to take passengers only to certain locations, leaving the public uncertain as to what can be expected from this service; therefore

*Resolved, By the Select and Common Councils of the City of Philadelphia,* That the Committee on Law be requested to insert in the ordinance now being considered by that Committee for the regulation of jitneys a provision that when the license is issued it shall be issued for a specific route, which route shall not be altered or changed by any driver or owner of cars without a previous permit from the proper authorities.

## OFFICE OF THE MAYOR.

*Philadelphia, June 17, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Permit me to ask the attention of your Honorable Bodies to the accompanying copy of a letter from the Director of the Department of Public Health and Charities, transmitting a schedule for the organization of the Division of Housing and Sanitation, under the Act of Assembly approved by the Governor on June 11, 1915. It is understood that the necessary appropriation ordinances will be passed at once, so that the organization of the Division may be made effective as of July 1st.

Respectfully yours,

RUDOLPH BLANKENBURG,

## DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

*Philadelphia, June 17, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of the City of Philadelphia.

DEAR SIR:—I herewith present a schedule for the organization of the Division of Housing and Sanitation provided for by Act of Assembly approved June 11, 1915. This schedule shows the existing positions and the positions requested, with the amounts required for administration during the six months beginning July 1, 1915.

At a conference held in my office on June 8, 1915, between Mr. John P. Connelly, Chairman of the Committee on Finance of Councils; Mr. Charles Seger, member of same Committee, and myself, it was agreed that the Division of Housing and Sanitation should be organized at once with a corps as outlined in the accompanying schedule, the major portion, amounting to \$44,390, to be appropriated as of July 1, 1915, and the minor portion, amounting to \$8,791.78, to be appropriated October 15, 1915. The agreement as above stated was transmitted to the Governor at his request before the Act was signed. This will establish the Division on a firm basis with the minimum of expense and number of employees compatible with an efficient administration.

This schedule should be written into an ordinance which will transfer the present Divisions of Sanitary Inspection and Tenement House Inspection into the new Division of Housing and Sanitation.

Very truly yours,

(Signed) S. LEWIS ZIEGLER,

*Director.*

## APPENDIX No. 268.

## OFFICE OF THE MAYOR.

*Philadelphia, June 17, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—The accompanying copy of a letter from the Director of the Department of Public Works points out a number of important matters of legislation that have been too long neglected. Some of them have been brought before you repeatedly without receiving any attention. Please do not adjourn for the summer until you have taken some action on each of these, whether affirmative or negative. It is a public wrong to have important business of this kind neglected, thus leaving your constituents in the dark as to what your views upon these subjects may really be.

The ordinance authorizing the exchange of thousands of gasoline for gas lamps may not be the most important of this group, but it is one which has been brought to your attention on six previous occasions. The President of the United Gas Improvement Company, in a letter to your Finance Committee, has stated that they are ready to make this exchange. It will improve the street lighting and effect an annual saving of \$70,000 for the City. In spite of repeated messages, there has never been one public word uttered of opposition to this ordinance, nor one word of explanation of the inaction of Councils. I think I now have a right to ask your Honorable Bodies to instruct the Committee on Finance to hold at once a public hearing as repeatedly requested by citizens and business organizations, and to report this ordinance with either a favorable or unfavorable recommendation, in time for it to receive final action before your adjournment for the summer.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## DEPARTMENT OF PUBLIC WORKS.

*Philadelphia, June 16, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of the City of Philadelphia.

MY DEAR MR. MAYOR:—As there will be but two or three more meetings of City Councils before the summer adjournment, you are reminded that there is before them a great mass of legislation important to this Department, much of which has been before them for a long time.

One of the most important of these measures is the ordinance authorizing the exchange of gasoline for gas on 11,000 street lamps. I am informed that this matter has never even been discussed in committee, although it will involve a saving to the City of \$70,000 a year and an acquisition without any expense of nearly \$400,000 worth of property. Through Councils' failure to act the City has already lost over \$100,000.

We have approximately \$1,400,000 available for building a convention hall. The Department has negotiated for a site at Twenty-fourth and Chestnut streets, which, everything considered, is almost ideal for this purpose. Merchants, business men's associations, hotel keepers, and our citizens generally are demanding that means be provided for housing the great national conventions and exhibitions which are used so effectually by other cities as municipal prosperity builders. The largest and most important of these gatherings and shows have never come to Philadelphia simply because we had no place to house them adequately. This site is the only one thus far suggested which is without fatal weakness. If the necessary ordinance is passed, we can book some of these events for next year.

You have requested in more than one message that moneys be appropriated for carrying on the case against the Philadelphia Electric Company before the Public Service Commission. Judged by engineering and business standards, it would be a relatively easy matter, if we had the support of Councils, to cut at least \$1,000,000 annually from the charges now levied by this company

against our citizens. This reduction could be made to the great advantage of the company itself. At the lower rates the increased revenue due to increased use of electricity would lead to an increase in net earnings. Unfortunately, the electrical utility companies have built up a system of making inventories that is not only extremely expensive, but is almost useless from a business standpoint. It can be definitely stated that the motive back of the making of the present type of inventory is to discourage cities from raising rate cases. The inventories cover up instead of develop the facts. This method is being used in the preparation of the Philadelphia Electric Company's inventory, and the City officials, if they are to be put in a position to cope with the Philadelphia Electric Company, must be given funds.

The plans for the reorganization of the Bureau of City Property, by which we could get a great deal more work done and at no increase in expense, remain unacted upon. It has been months since we submitted plans for a comprehensive system of curb markets and for standardized practice in the matter of sidewalks and curbs.

The citizens of the northeast have a right to complain about the miserable condition of the streets over which the Frankford, Tacony and Holmesburg Railway operates its tracks. In the effort to avoid litigation and delay, an ordinance was negotiated providing what seems like a fair adjustment of this matter and which would have put these many miles of dilapidated roads in first class condition. No action has followed.

Perhaps no more important matter remains unacted upon than the request for \$15,000 for an engineering study into the City's future water supply. Everybody admits that in the matter of water supply it is impossible to look too far ahead. Cities abroad look forward seventy to eighty years in making their preparations. New York City at the present time has provisions made for at least twenty-five years of growth. Philadelphia is even at the present time without an adequate supply. To give our residents and manufacturers the volume and pressure they require puts an undue burden on the filtering and pumping plant.

Trusting that you may see your way clear to bring some or all these matters to the attention of City Councils, in the hope that action may be taken prior to adjournment, I am,

Very sincerely yours,

OFFICE OF THE MAYOR.

*Philadelphia, June 17, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Permit me once more to urge upon your Honorable Bodies the propriety of making a suitable appropriation to the Department of Public Safety for the expenses of the police in securing evidence in criminal cases. The accompanying copy of a letter from the Director points out the situation clearly.

It is a shame that these officers should be obliged to advance their own expense money and wait for reimbursement for a deficiency ordinance the following year. A prompt appropriation by your Honorable Bodies will lift this unjust burden from these faithful men and will improve public service.

Respectfully yours,  
RUDOLPH BLANKENBURG,

DEPARTMENT OF PUBLIC SAFETY.

*Philadelphia, June 17, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of the City of Philadelphia.

DEAR SIR:—I regret again the necessity for calling to your attention the fact that Councils have failed to pro-

vide adequate appropriations to Item 9 (a) "for the securing of evidence and the carfare of special officers."

The work of this Department has been seriously handicapped and interfered with by reason of the fact that this fund has only been provided for by piecemeal appropriations, and then only after the bills for services rendered have accumulated.

At the beginning of the present year only \$2,000 was appropriated where \$12,000 was required to see us through the year. Up to the present time we owe the men in the service for moneys advanced by them for February, March, April, May and to the present date in June nearly \$4,000. There is a balance on hand in the fund of \$81.58.

Police officers are now arranging to take their vacations, and it is a hardship for them to advance these funds, especially at this season, and I am writing to you to ask if you will urge upon Councils the necessity for a substantial appropriation to this fund before their summer adjournment. These men are entitled to a prompt return of funds advanced by them in order that they may better enjoy their vacations and that the Department may more properly prosecute its work.

Yours very truly,

OFFICE OF THE MAYOR.

*Philadelphia, June 17, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I enclose copy of letter received under date of June 15th from Robert Smith, Esq., Chairman of the Reconstructed Fourth Association, giving reasons why that Association feels it necessary to ask for an ap-

propriation of \$1,000 in addition to that already made to them for Fourth of July celebrations in various parts of the City.

I agree with Mr. Robert Smith and Mr. E. J. Lafferty, Chairman of the Publicity Committee, that, owing to the depressed business conditions that have been prevalent for a long while, it is impossible to raise money by private subscription, and therefore gladly endorse the request for an additional appropriation of \$1,000 for the Reconstructed Fourth Association.

Respectfully yours,

RUDOLPH BLANKENBURG,

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—Referring to the interview with Mr. E. J. Lafferty, Chairman of the Publicity Committee of the Reconstructed Fourth Association, I beg to state that I have carefully gone into the needs of the various sections for the coming celebration. I find where many of the sections a few years ago were able to raise considerable money, business depression at the present moment stands in the way. I would, therefore, suggest to you making a request to City Councils for an additional appropriation of \$1,000. With this, I believe, we can do much good for the children and the citizens at large.

Thanking you in advance, I am,

Very truly yours,

(Signed) ROBERT SMITH,

GENTLEMEN:—Herewith I hand you a resolution authorizing the Director of the Department of Public Works to draw, and the City Controller to countersign, warrants in favor of Olmstead Brothers, landscape architects, for work done in connection with the improvement of the Plaza, South Broad Street Boulevard and League Island Park, under authority granted by ordinance of Councils passed July 1, 1912. With them I send explanatory letters from the Director of the Department of Public Works and Chief of the Bureau of Highways together with copies of the bills. May I ask your prompt action upon this resolution?

## DEPARTMENT OF PUBLIC WORKS

## OFFICE OF THE DIRECTOR.

*Philadelphia, June 17, 1915.*

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

MY DEAR MR. MAYOR:—I am attaching hereto a resolution "Authorizing the Director of the Department of Public Works to draw, and the City Controller to countersign, warrants in favor of Olmstead Brothers, landscape architects, for work done in connection with the improvement of the Plaza, South Broad Street Boulevard and

League Island Park," together with copies of bills covering the same.

This work was authorized by ordinance of Councils passed July 1, 1912.

Your attention is called to the fact that the plans submitted by Olmstead Brothers, and the advice given by them, have been very important factors in connection with all recent South Philadelphia developments. They have entirely remodeled the plans for League Island Park, the Boulevard, and the Plaza, and, of course, have outlined the design for the portion of the Boulevard over the railroad crossings. Some of the suggestions made in connection with the treatment of League Island Park really made the South Philadelphia grade crossing agreement possible. We believe that when this work is completed, as outlined by Olmstead Brothers, it will be equal to, if not better than, any landscape work of a similar character in this country. I would urge that Councils be earnestly requested to pass the attached resolution at the meeting to be held Thursday, June 17, 1915, which provides for payment on account for services rendered.

This resolution is necessary and is submitted at the suggestion of the City Controller, who states that it would not be proper, under the circumstances, to countersign the warrants in payment to Olmstead Brothers for expert advice, which was authorized under an ordinance of Councils of July 1, 1912, without this additional resolution authorizing him to make these specific payments, as explained in letter from the Chief of the Bureau of Highways, copy of which is hereto attached.

Very sincerely yours,

(Signed) M. L. COOKE,

*Director.*

## RESOLUTION

Authorizing the Director of the Department of Public Works to draw, and the City Controller to countersign, warrants in favor of Olmstead Brothers, landscape

architects, for work done in connection with the improvement of the Plaza, South Broad Street Boulevard and League Island Park.

WHEREAS, An ordinance was approved July 1, 1912, authorizing the Director of the Department of Public Works to employ expert landscape architects to advise with the Department in the preparation of plans and specifications for the completion of the improvement of the Plaza, South Broad Street and League Island Park, to provide for the supervision of the carrying out of the same, and to provide for the payment of the said experts;

AND WHEREAS, Olmstead Brothers have been employed by the Director of the Department of Public Works in connection with the aforesaid work; therefore,

*Resolved, By the Select and Common Councils of the City of Philadelphia,* That the Director of the Department of Public Works be, and he is hereby authorized and directed to draw, and the City Controller to countersign, warrants in favor of Olmstead Brothers on account of bills rendered for services in connection with these improvements, as follows: For the Plaza, two thousand nine hundred and nineteen (2,919) dollars and thirteen (13) cents; for the South Broad Street Boulevard, two thousand one hundred and eighty-four (2,184) dollars and sixty-five (65) cents; and for League Island Park, six thousand one hundred and seventy-two (6,172) dollars and forty-four (44) cents, the said warrants to be drawn against the respective loan items appropriated to the Department of Public Works (Bureau of Highways) for these improvements, and that Joint Rule No. 30 of Select and Common Councils be, and the same is hereby suspended so that the Clerks of Councils may present this resolution to the Mayor for his approval or disapproval.

*Philadelphia, June 16, 1915.*

DIRECTOR, DEPARTMENT OF PUBLIC WORKS.

DEAR SIR:—Bills were recently submitted to the City Controller to pay Olmstead Brothers, Brookline, Mass.,

expert landscape architects, for services performed in connection with the improvement of the Plaza, the South Broad Street Boulevard and League Island Park. These bills were submitted to the Controller under authority of the following ordinance, which was passed by Councils on July 1, 1912:

“Authorizing the Director of the Department of Public Works to employ expert landscape architects to advise with the Department in the preparation of plans and specifications for the completion of the improvement of the Plaza, South Broad Street and League Island Park, to provide for the supervision of the carrying out of the same, and to provide for the payment of the said experts.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be authorized to employ expert landscape architects to advise with the Department in the preparation of plans and specifications for the completion of the Plaza, South Broad Street and League Island Park. Upon the approval of the said plans and specifications, the Director is further authorized to employ the said landscape architects to supervise the carrying out of the said improvements under his direction.

SECT. 2. The compensation of the said expert landscape architects for the services herein provided for shall be paid from such sums as are now available, or may hereafter be appropriated, for the carrying on of said improvements.”

Under date of April 12, 1915, the Controller wrote this office to the effect that, in the absence of a contract and detailed vouchers, his Department was unable to audit, as required by law, or countersign the warrants for payment.

It is my understanding of this matter that the Controller's position is that these bills cannot be paid without a specific resolution of Councils to that effect, and as Councils have already authorized you, under the ordinance

approved July 1, 1912, to employ expert landscape architects, I am now attaching herewith a draft of a resolution specifically authorizing you to make the following payments on account to Olmstead Brothers, and also authorizing the Controller to countersign these warrants. The amounts to be paid under this resolution are as follows:

For the Plaza .....	\$2,219 13
For the South Broad Street Boulevard	2,184 65
For League Island Park.....	6,172 44

Copies of bills are attached herewith.

APPENDIX No. 272.

*Philadelphia, June 17, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred the bill entitled “An Ordinance recognizing and approving the compromise and adjustment of the claims of John Adams, William F. Deakyne and James Johnston for services as real estate experts, claim of Francis Shunk Brown for professional services and expenses, and claim of the Manufacturers’ Appraisal Company of Cleveland, Ohio, for services rendered a Joint Committee of Councils appointed to investigate the valuation of taxable real estate in the City of Philadelphia, and directing the payment of certain sums in full settlement of said claims, and authorizing a certain transfer to provide therefor,” respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch’n*), William J. McCloskey, Wm. J. Crawford, Robert S. McElroy, G. P. Darrow, John F. Flaherty, E. Buchholz, Wm. D. Bacon, John H. Baizley, Morris E. Conn, George H. Kelley, Thos. J. Morton, George D’Autrechy, H. J. Trainer (for report), Wm. E. Finley, Fred. Schwarz, Jr.

## AN ORDINANCE

Recognizing and approving the compromise and adjustment of the claims of John Adams, William F. Deakyne and James Johnston for services as real estate experts, claim of Francis Shunk Brown for professional services and expenses, and claim of the Manufacturers' Appraisal Company of Cleveland, Ohio, for services rendered a Joint Special Committee of Councils appointed to investigate the valuation of taxable real estate in the City of Philadelphia, and directing the payment of certain sums in full settlement of said claims, and authorizing a certain transfer to provide therefor.

WHEREAS, By a resolution approved the twelfth day of May, A. D. 1910, the appointment of a Joint Special Committee of three members of each branch of Councils to investigate the valuation of taxable real estate in the City of Philadelphia was authorized;

AND WHEREAS, By said resolution said Committee was authorized to employ the services of three competent men, two of whom shall be possessed of expert knowledge of the fair and just value of real estate in the City of Philadelphia and the third to be a builder of established reputation and experience, competent to fix the fair and just value of buildings, and also to employ the services of other experts and witnesses and such stenographers and clerks and other employees as may be required;

AND WHEREAS, In pursuance of the authority so in them vested, the said Committee did employ John Adams and William F. Deakyne as the said real estate experts, and James Johnston as said builder, and Francis Shunk Brown, Esq., as their legal adviser and attorney, and the said John Adams, William F. Deakyne and James Johnston appraised for the Committee all of the property from the north side of Arch street to the south side of Walnut street and from the east side of Tenth street to the west side of Sixteenth street in the City of Philadelphia, amounting to several hundred millions of dollars, and the said Francis Shunk Brown gathered information for the Committee

from all cities in the United States having a population of thirty thousand or more, and generally advised the Committee and the real estate experts covering the period of their service, including numerous conferences, etc.

AND WHEREAS, The said John Adams, William F. Deakyne and James Johnston have rendered bills to the Committee in the sum of three thousand dollars each, and the said Francis Shunk Brown has rendered a bill to the Committee for services and incidentals in the sum of five thousand two hundred and twenty-four dollars and twenty-nine cents, and the said John Adams, William F. Deakyne and James Johnston have agreed to accept the sum of two thousand five hundred dollars each in full settlement of their claim, and the said Francis Shunk Brown has agreed to accept the sum of four thousand dollars in full settlement of his claim for services and incidentals;

AND WHEREAS, The Manufacturers' Appraisal Company of Cleveland, Ohio, with whom a contract was originally made, under authority of a resolution of Councils dated May 12, 1910, for the sum of eighty-five thousand (85,000) dollars, have agreed to accept in full settlement of its claim, as stated in a message from the Mayor under date of October 15, 1914, the sum of thirty thousand (30,000) dollars.

SECTION 1. • *The Select and Common Councils of the City of Philadelphia do ordain*, That the offer of John Adams, William F. Deakyne and James Johnston to accept the sum of two thousand five hundred (2,500) dollars each in full settlement of their claim for expert services, and the offer of Francis Shunk Brown to accept the sum of four thousand (4,000) dollars in full settlement of his claim for services and incidentals, and of the Manufacturers' Appraisal Company of Cleveland, Ohio, to accept the sum of thirty thousand (30,000) dollars in full settlement of its claim for services rendered a Joint Special Committee of Councils be, and the same are hereby accepted.

SECT. 2. That the sum of forty-one thousand five hundred (41,500) dollars be, and the same is hereby trans-

ferred from Item 4 (c), Department of City Treasurer, for sinking fund on new loans to Item 9 in the annual appropriation to the Clerks of Councils for the purpose of settling the claims of John Adams, William F. Deakyne, James Johnston, Francis Shunk Brown, and the Manufacturers' Appraisal Company.

SECT. 3. That the Clerks of Councils are hereby authorized and directed to issue, the City Controller to countersign and the City Treasury to pay warrants as follows: In favor of John Adams, William F. ## AN ORDINANCE

To provide for the more economical construction and maintenance of streets, and a more uniform method of placing street improvements, by authorizing the adoption and approval of standard plans and cross-sections and requiring that street improvements be constructed in accordance with the locations shown thereon, and providing a method of enforcing compliance with the same.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) is hereby authorized and empowered to adopt, approve and place on file in the Bureau of Surveys standard plans and cross-sections of streets showing the locations and widths for footways, roadways, planting spaces and rows of trees.

SECT. 2. No improvement of any kind, for which a location is shown upon the said plans and cross-sections, or upon the plans filed as provided for in Section 4 hereof, shall be placed in any street except in the location so pro-

vided, and no Department or Bureau of the City, or public service or other corporation, company or individual shall place any such improvement in any street without first having obtained the proper location and the lines and grades from the Surveyor and Regulator of the District.

SECT. 3. In the event of the failure upon the part of any owner of abutting property to conform to the said plans in the setting of curb, the laying of footwalks, or the making of other improvements, for the cost of which said owner may be liable, the Bureau of Highways shall notify the said owner to reconstruct said improvement in accordance with the approved plan within thirty days, and upon failure to comply with said notice the improvement shall be reconstructed under contract by the Bureau of Highways, and the cost of the same shall be charged against the abutting property and collected by the contractor in the manner now provided by law for the collection of assessment bills for street improvements.

SECT. 4. Whenever any street is to be improved by grading, curbing, paving, repaving, macadamizing, or other approved surfacing, or by the planting of trees, if, in the judgment of the Board of Surveyors, the full width of the roadway, as then confirmed, is not immediately required and will not be required to accommodate travel, and a temporary reduction in the width of said roadway is advisable and will result in economy of construction and maintenance, the said Board of Surveyors shall direct that a plan be prepared for its approval showing the proposed widths and locations of roadways, footways and other surface improvements in accordance with a standard cross-section, for a street of that width, adopted as authorized in Section 1 hereof and on file in the Bureau of Surveys, which plan, upon approval by the Board of Surveyors, shall be filed in the Bureau of Surveys as a supplement to the records of the confirmed plan, and a copy of same shall be filed with the Bureau of Highways, and the said plan shall be followed in making all street improvements.

SECT. 5. When, by reason of increase of travel, the roadway of any street previously improved of the minimum width under the provisions of this ordinance, shall

be required of a greater width than that shown on the aforesaid plan in the Bureau of Surveys, the Board of Surveyors is empowered to authorize and direct, by resolution, that the said roadway shall be widened to the lines as originally confirmed, the date of said resolution to be placed upon the plan. As soon as practicable thereafter the Bureau of Highways, when authorized by ordinance of Councils, shall regrade, reset curb, pave or repave and rebuild inlets, on the confirmed lines; the additional new paving to be assessed against abutting property where legally chargeable.

SECT. 6. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

## APPENDIX No. 291.

*Philadelphia, June 17, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to authorize the construction of intercepting sewer along Frankford creek, the necessary grit chamber and other appurtenant work, respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Fred. Schwarz, Jr., William D. Asnip, J. H. Shaw, Harry Keene, Wm. D. Bacon, George D'Autrechy, James M. Neely, Henry J. Klos, Wm. Boal, Geo. Mitchell, John J. Conroy, James H. McGurk, James A. Humphrys.

## AN ORDINANCE

To authorize the construction of intercepting sewer along Frankford creek, the necessary grit chamber and other appurtenant works, and authorizing the Mayor to enter security for damages to private property.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized to enter into contracts for the construction of intercepting sewer along Frankford creek across private

property along a line about one hundred (100) feet southeast of and parallel to Pike street as now upon the City plan, from the Delaware river to Richmond street; in Wheatsheaf lane, from Richmond street to Amber street; thence on the old line of Wheatsheaf lane under the right-of-way of the Philadelphia and Trenton Railway and the Connecting Railway, and in Wheatsheaf lane to northwest side of Frankford avenue; in Pike street, from Frankford avenue to the northwest side of Kensington avenue; in O street, from Kensington avenue to Lycoming street, across private property to N street and Hunting Park avenue; thence in N street to Cayuga street; in Cayuga street to a point about opposite Lawndale street; thence through Juniata Park south of Frankford creek to Ramona avenue and I street; in I street and through Tacony Creek Park to Loudon street; in Loudon street and through Tacony Creek Park west of Tacony creek to Bingham and Chew streets; together with the necessary grit chamber upon private property situate north of Lycoming street and west of O street with a storm water sewer from Torresdale avenue and Frankford creek; in Hunting Park avenue to Lycoming street and in Lycoming street to the said grit chamber to be located north of Lycoming street and west of O street; and a sewer in Ramona avenue, from Frankford creek to G street; together with all other appurtenant works necessary for the proper construction of the intercepting sewer herein authorized.

SECT. 2. The cost of said work to be taken from Item 171 (loan) in the appropriation to the Department of Public Works (Bureau of Surveys). The Director of the Department of Public Works shall advertise for proposals and award contracts in accordance with existing laws and ordinances, and plans and specifications prepared by the Department of Public Works (Bureau of Surveys): *Provided*, That the Director of the Department of Public Works is authorized to appoint assistants and inspectors and employ expert service as may be requisite, and pay all expenses for salaries, inspection, borings, transportation, and expenses incidental to the work from the aforesaid item.

SECT. 3. That the Mayor is hereby authorized to enter security, on behalf of the City of Philadelphia, for the payment of any damages by reason of the construction of the herein authorized sewer or appurtenances upon or through private property.

## APPENDIX No. 292.

*Philadelphia, June 17, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to revise the lines and grades of territory bounded by Roxborough street, Frankford creek, Frankford avenue, Adams avenue, Cayuga street, N street, Erie avenue and Delaware river, and the widening of certain streets, respectfully report that this bill revises certain streets to provide proper location for the sewage disposal works and sufficient earth covering for the intercepting sewer that it will be necessary to construct in Wheatsheaf lane. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Fred. Schwarz, Jr., William D. Asnip, J. H. Shaw, Harry Keene, Wm. D. Bacon, George D'Autrechy, James M. Neely, Henry J. Klos, Wm. Boal, Geo. Mitchell, John J. Conroy, James H. McGurk, James A. Humphrys.

## AN ORDINANCE

To revise the lines and grades of the territory bounded by Roxborough street, Frankford creek, Frankford avenue, Adams avenue, Cayuga street, N street, Erie avenue and the Delaware river, and to widen certain streets.

WHEREAS, The Department of Health of the Commonwealth of Pennsylvania, under authority of the Act of As-

sembly of April 22, 1905, has required the City of Philadelphia to adopt a comprehensive plan for the collection, treatment and disposal of the sewage of the entire City;

AND WHEREAS, The pending loan bill contains an item of five hundred thousand (500,000) dollars for the construction of intercepting sewer along Frankford creek, and in order to lay the necessary sewer to conduct the sewage from the Frankford creek drainage area to suitable sites for treatment and for discharge into the Delaware river, it is necessary to make certain revision in the street lines and grades on this territory in order to provide proper location and sufficient earth cover for the conduits; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of that part of the City bounded by Roxborough street, Frankford creek, Frankford avenue, Adams avenue, Cayuga street, N street, Erie avenue and the Delaware river, and to widen the following streets to a width of seventy (70) feet: Wheatsheaf lane, from Richmond street to Amber street, and from the Connecting Railway to Frankford avenue; Pike street, from Frankford avenue to Kensington avenue.

The other of them beginning at the point of intersection of the center line of Pine road as now open and the southwest line of Bloomfield avenue, produced, as shown upon the confirmed plan of Pennypack Park; thence extending along the line of the said Bloomfield avenue the following courses and distances: South  $36^{\circ} 57' 59''$  east 705.790 feet; thence along a line curving to the eastward with a radius of 580 feet, 462.348 feet; thence south  $82^{\circ} 38' 24''$  east 1,282.707 feet, and thence along a line curving to the southward and westward with a radius of 700 feet to the center line of Verree road as now open; thence southwestward along the same, being also the boundary line of ground selected and appropriated for similar purposes by ordinance approved the 26th day of April, 1915, the various courses and distances thereof to a point in the arc of a curve having a radius of 286.670

feet and joining the east line of Tabor avenue with the north line of Grant avenue; thence westward along the said arc of curve to a point in the north line of Grant avenue; thence along the same the following courses and distances: North  $88^{\circ} 26' 19''$  west 1,061.114 feet; thence along a line curving to the northward with a radius of 750 feet, 381.640 feet, and thence north  $59^{\circ} 17'$  west 937.240 feet to a point in the center line of Shady lane as now open; thence along the same north  $77^{\circ} 1' 4''$  west 945.326 feet to a point in the center line of Pine road as now open, and thence along the same the following courses and distances: North  $3^{\circ} 41' 26''$  west 326.530 feet; thence north  $76^{\circ} 6' 44''$  east 395.633 feet; thence north  $70^{\circ} 40' 9''$  east 188.654 feet; thence north  $47^{\circ} 25' 9''$  east 252.606 feet; thence north  $52^{\circ} 45' 19''$  east 1,802.804 feet, and thence north  $42^{\circ} 32' 1''$  east 340.170 feet to the place of beginning; containing 178 acres, more or less: *Provided*, That the appropriation by the City of the first herein described tract of ground shall not interfere with or abridge the existing franchises of the Connecting Railway Company or the New York Short Line Railroad Company to construct, maintain and operate their lines of railroad over, across or through the same.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security, in the name of the City of Philadelphia, for the payment of any damages that may be awarded by reason of the taking of said ground, and thereupon possession of the same shall be taken for public use.

SECT. 3. As soon as the City shall become legally possessed of the two certain tracts of ground herein described the same shall be placed under control of the Commissioners of Fairmount Park, subject to such rules and regulations as have been, or shall from time to time be, established by the said Commissioners for the care, management and maintenance of Fairmount Park: *Provided, however*, That such control shall not extend over streets or roads now upon the City plan or hereafter placed thereon as public highways over, across or through the said tracts.

SECT. 4. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

## APPENDIX No. 294.

*Philadelphia, June 17, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to place on the City plan as a public park a tract of land situated in the Forty-second Ward, respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Fred. Schwarz, Jr., William D. Asnip, J. H. Shaw, Harry Keene, Wm. D. Bacon, George D'Autrechy, James M. Neely, Henry J. Klos, Wm. Boal, Geo. Mitchell, John J. Conroy, James H. McGurk, James A. Humphrys.

## AN ORDINANCE

To place on the City plan as a public park a tract of land situated in the Forty-second Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Bureau of Surveys) be authorized to place on the City plan as a public park the following described tract of ground in the Forty-second Ward: Beginning at the point of intersection on the north side of Duncannon avenue (80 feet wide) with the west side of Rising Sun avenue (50 feet wide); thence extending westwardly along the north side of Duncannon avenue to the east side of Mascher street (50 feet wide); thence south along the same to the north side of Ashdale street, and thence northeast along the same about 350 feet to a point; thence eastwardly about 240 feet to the east side of Front street; thence southward along the same about 155 feet to a point; thence northeastwardly parallel with The Boulevard about 600 feet to Rising Sun avenue; thence northward along the same about 430 feet to the place of beginning; containing 17 acres, more or less.

## APPENDIX No. 295.

*Philadelphia, June 17, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to authorize the construction of a main sewer in Packer street, from the Schuylkill river to Twenty-ninth street, respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Fred. Schwarz, Jr., William D. Asnip, J. H. Shaw, Harry Keene, Wm. D. Bacon, George D'Autrechy, James M. Neely, Henry J. Klos, Wm. Boal, Geo. Mitchell, John J. Conroy, James H. McGurk, James A. Humphrys.

## AN ORDINANCE

To authorize the construction of a main sewer in Packer street between the Schuylkill river and Twenty-ninth street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized to enter into a contract for the construction of a main sewer in Packer street, between the Schuylkill river and Twenty-ninth street.

SECT. 2. The Director of the Department of Public Works shall advertise for proposals and award contract in accordance with existing laws and ordinances and plans and specifications prepared by the Department of Public Works. Any excess over assessment of property for the construction of said sewer shall be charged to Item 170 (loan) for the construction of main sewers in the appropriation to the Department of Public Works (Bureau of Surveys): *Provided*, No such assessment shall be

charged for said sewer when it is built upon undedicated streets and where the abutting property is not assessed at full City rates, but no permit shall be issued for the drainage of properties on the line of said sewer until the regular frontage charges shall have been paid. And the sum of sixty-five thousand (65,000) dollars is hereby set aside for the construction of the said sewer herein authorized: *Provided also*, That the Director of the Department of Public Works is authorized to appoint assistants and inspectors as may be requisite, and pay all expenses for salaries, inspection, borings, transportation and expenses incidental to the work from the aforesaid item.

SECT. 3. That the Mayor is hereby authorized to enter security, on behalf of the City of Philadelphia, for the payment of any damages by reason of the construction of the herein authorized sewer through private property.

#### APPENDIX No. 296.

*Philadelphia, June 17, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to revise the lines and grades of those portions of City Plans Nos. 242 and 243, bounded by Broad street, Spencer street, Church lane, Ogontz avenue and Sixty-seventh avenue north, respectfully report that this revision will provide a direct thoroughfare from the east side of Germantown, Mt. Airy and Chestnut Hill to Broad street and thence to the central portions of the City. It will also remove a basin in the grades at the intersection of York road and Medary avenue, and remove the steep grades upon Cheltenham avenue east and west of York road, and on York road north of Cheltenham avenue.

We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Fred. Schwarz, Jr., William D. Asnip, J. H. Shaw, Harry Keene, Wm. D. Bacon, George D'Autrechy, James M. Neely, Henry J. Klos, Wm. Boal, Geo. Mitchell, John J. Conroy, James H. McGurk, James A. Humphrys.

### AN ORDINANCE

To revise the lines and grades of those portions of City Plans Nos. 242 and 243, bounded by Broad street, Spencer avenue, Church lane, Ogontz avenue and Sixty-seventh avenue north.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be, and is hereby authorized to revise the lines and grades of those portions of City Plans Nos. 242 and 243, bounded by Broad street, Spencer avenue, Church lane, Ogontz avenue and Sixty-seventh avenue north, and lay out on said plans such parking places and small parks as may be necessary to complete the City plans.

### APPENDIX No. 297

*Philadelphia, June 17, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill selecting and appropriating a certain lot of ground bounded by O street, Lycoming street, N street and Hunting Park avenue for sewage purposes, respectfully report that the ground contains about 7.4 acres of an assessed valuation of about \$15,000. It is necessary for the City to acquire this property in order to carry out the plans of construction and develop-

ment of the sewage disposal work in this district. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Fred. Schwarz, Jr., William D. Asnip, J. H. Shaw, Harry Keene, Wm. D. Bacon, George D'Autrechy, James M. Neely, Wm. Boal, Henry J. Klos, Geo. Mitchell, John J. Conroy, James H. McGurk, James A. Humphrys.

### AN ORDINANCE

Selecting and appropriating a certain lot or piece of ground bounded by O street, Lycoming street, N street and Hunting Park avenue in the Thirty-third Ward for sewage disposal purposes.

SECTION. 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That by virtue and in pursuance of the authority vested in them by the Acts of Assembly approved March 26, 1903, and March 14, 1907, they do select and appropriate for sewage disposal purposes all those certain tracks or pieces of ground in the Thirty-third Ward, with the buildings and improvements thereon erected, described as follows: Beginning at the point of intersection of the center line of O street and the center line of Lycoming street, thence westward along the center line of Lycoming street five hundred and fifty (550) feet to the center line of N street, thence northward along the center line of N street five hundred and eighty-five (585) feet to the center line of Hunting Park avenue, thence eastward along the center line of Hunting Park avenue five hundred and fifty (550) feet to the center line of O street, thence southward along the center line of O street five hundred and eighty-five (585) feet to the center line of Lycoming street, the first mentioned point and place of beginning.

SECT. 2. The City Solicitor is hereby directed to institute the proper proceedings, in behalf of the City of Philadelphia, for the taking of said property.

SECT. 3. The Mayor of the City is hereby authorized and directed to enter security, in the name of the City of Philadelphia, for the payment of any damages that may be awarded by reason of the taking of the said ground, and thereupon possession of the same shall be taken for public use.

## APPENDIX No. 298.

*Philadelphia, June 17, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to strike from the City plan Yocum street, from Fifty-fourth to Fifty-fifth street, and to place on the plan in lieu thereof Yewdall and Conestoga streets, from Greenway avenue to Woodland avenue, respectfully report that Yocum street is upon the City plan forty feet wide and under existing conditions cannot be dedicated. The block of ground bounded by Fifty-fourth and Fifty-fifth streets, Greenway and Woodland avenues, is composed of several irregular pieces of property, upon which the owners can come to no agreement as to development with Yocum street upon the plan. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Fred. Schwarz, Jr., William D. Asnip, J. H. Shaw, Harry Keene, Wm. D. Bacon, George D'Autrechy, James M. Neely, Wm. Boal, Henry J. Klos, Geo. Mitchell, John J. Conroy, James H. McGurk, James A. Humphrys.

## AN ORDINANCE

To strike from the City plan Yocum street, from Fifty-fourth to Fifty-fifth street, and to place on the plan in lieu thereof Conestoga and Yewdall streets, from Woodland avenue to Greenway avenue.

SECT. 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to strike from the City plan Yocum street, from Fifty-fourth to Fifty-fifth street, and to place on the plan in lieu thereof Conestoga and Yewdall streets, each of the width of forty feet, from Woodland avenue to Greenway avenue.

*Provided*, That before said Yocum street is stricken from the plan, an agreement or bond satisfactory to the City Solicitor shall, within one year from the approval of this ordinance, be filed to indemnify the City against all claims for damages by reason of striking said street from the plan, and that the owners of property within the lines of said Conestoga and Yewdall streets shall, within one year from the approval of this ordinance, dedicate the beds of the same to the City upon the lines and grades to be confirmed by the Board of Surveyors.

## OFFICE OF THE MAYOR.

*Philadelphia, June 23, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Allow me to ask the attention of your Honorable Bodies to the accompanying copy of a letter received from the Director of the Department of Public Safety, calling attention to excessive amounts appropriated in the ordinance of May 29th, to pay back salaries of policemen recently reinstated. These men should be paid the amounts really due them. Director Porter's letter points out the excessive amount of the appropriations to a number of them, and these should, of course, be corrected as indicated. As some of these men have recently brought suit to compel the payment to them of the larger and improper amounts, it is important that your Honorable Bodies should pass an ordinance correcting these figures before your adjournment for the summer.

Respectfully yours,

RUDOLPH BLANKENBURG,  
*Mayor.*

—

DEPARTMENT OF PUBLIC SAFETY.

*Philadelphia, June 23, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of the City of Philadelphia.

DEAR SIR:—In the ordinance approved May 29, 1915, an appropriation was made to pay the salaries of one police lieutenant and a number of patrolmen who had been discharged from their positions and whose reinstatement had recently been ordered under a decision of the Supreme Court.

The amounts appropriated for each of these men respectively were based upon figures furnished to the Finance Committee of Councils from this office. In furnishing these figures the fact was overlooked that inquiries should first have been made as to the earnings of these men in other employment while out of the service of the City.

Even assuming that these men were unlawfully deprived of their employment, as patrolmen, from the date of their attempted reinstatement to the time of their actual reinstatement under the order of the Court, yet it is clear that the measure of the amount that they can justly claim from the public treasury is the same as under similar circumstances in private employment; that is, the amount of their salaries during that period as patrolmen, less the amount they had been able to earn in other employment.

Since the appropriation ordinance referred to was passed, I have had inquiries made of each of these men as to the approximate amount he was able to earn while out of the City's service. The result of the statements taken from them is shown in the accompanying table. This indicates, with reference to each of those affected, the date of his discharge, the date of his attempted reinstatement, the amount of his proper salary, the amount of his outside earnings and the net amount properly due to him from the public treasury. It is thus clear that the appropriation in the ordinance of May 29, 1915, has been excessive in the case of almost every patrolman affected.

I should, therefore, be glad if you would call this situation to the attention of City Councils, suggesting that they should reduce the appropriation by some such amounts as those indicated in the accompanying table. Since, however, this was prepared as the result of only one interview with each of the men, a better course might be to repeal that appropriation and to request the Finance Committee at once to make more careful inquiry as to the precise amount of earnings of each of these men and as to the resultant balance of salary now due to them.

Yours very truly,

(Signed) GEO. D. PORTER,

*Director.*

## APPENDIX No. 302.

## OFFICE OF THE MAYOR.

*Philadelphia, June 23, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I am returning to you herewith Common Council ordinance No. 234, entitled:

“An Ordinance to make additional appropriations to the various Bureaus in the Departments of Public Safety, Public Works, Public Health and Charities, Supplies, Mayor, Board of Recreation, City Commissioners, Clerks of Councils, Recorder of Deeds, and Register of Wills, for the year 1915,”

with my approval, except for the following:

“Clerks of Councils, Item 10. To pay bill of the Bellevue-Stratford Hotel for dinner on the anniversary of the State Fencibles, May 23, 1913, one thousand eight hundred and ninety-eight (1,898) dollars and forty (40) cents.”

Thereby reducing the total amount appropriated by this ordinance from forty-six thousand five hundred and twenty-seven (46,527) dollars and ninety-five (95) cents to forty-four thousand six hundred and twenty-nine (44,629) dollars and fifty-five (55) cents.

I have already sent you, under date of June 21st, formal notice that I had approved portions of this ordinance and withheld my approval from this item.

The item from which I withhold my approval is intended to pay a bill in connection with the celebration two years ago of the Centennial Anniversary of the State Fencibles. That organization appointed a Citizens' Committee to aid them in their arrangements, and, partly through their efforts, public subscriptions were secured to meet a portion of the expenses. This was added to by

an appropriation made by your Honorable Bodies to the Clerks of Councils in the ordinance of May 13, 1913, "toward the expenses of the celebration of the Centennial Anniversary of the State Fencibles, Philadelphia, from May 21st to 25th, inclusive, two thousand (2,000) dollars; said amount to be expended under the supervision of the Committee on Finance."

The present appropriation is intended to relieve the State Fencibles and their Committee of the deficit they incurred. I cannot approve the policy of imposing deficiencies of this kind upon the public treasury. When an appropriation had been made by your Honorable Bodies, it was the duty of those incurring the bills to limit themselves to this amount. When deficiencies occur under such circumstances, they should be met by those contracting the obligations and not unloaded upon the taxpayers.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

APPENDIX No. 303.

OFFICE OF THE MAYOR.

*Philadelphia, June 23, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return to you herewith, without my approval, Common Council bill No. 102, entitled:

"An Ordinance to condemn the premises situate at the northwest corner of Twentieth and Race streets for the use of the Juvenile and Domestic Relations Divisions of the Municipal Court."

This ordinance adds to the property already condemned for Municipal Court purposes and, if passed, would provide the Court with the entire block bounded by Twentieth,

Twenty-first, Race and Summer streets. I object to it for reasons fully set forth in my message of September 17, 1914, to your Honorable Bodies, when the ordinance taking the first portion of this block was before me. This is an extravagant and unnecessary provision for a new Court whose needs could be provided for with comparatively little cost in other ways. I have already pointed this out to you and am surprised that you should take no heed of my urgent request to husband the taxpayers' money and not to waste untold sums for the gratification of a new judicial tribunal that runs far ahead in its extravagances over all actual needs.

At about the time the first condemnation ordinance was passed last fall, a plan was given out by the Court and published in the newspapers showing that the real project was to take a much larger area than was condemned then or than is even now to be taken. To judge from this plan, the ultimate purpose is to take the property to either Winter or Vine street, rather than to the northern line of the present ordinance, which is Summer street. Though I have requested it, I have been able to secure no authoritative statement from the Court upon this subject.

It will really be a gratification to me if you will not treat my messages and vetoes in the cavalier fashion which has too often been your custom. In all my messages I am earnest and sincere in my statements of fact and in the position I finally assume, and they deserve at least some consideration at your hands. If, after discussion, my position is deemed untenable, the overcoming of my vetoes by a vote of Councils would have real merit; but when you merely use the steam-roller, it places your Honorable Bodies in the unpleasant light of having no facts nor arguments, but simply using brute force to overcome my objections.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

*Philadelphia, June 23, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred the bill entitled “An Ordinance to regulate and determine the fee for licenses or permits in the Department of Wharves, Docks and Ferries, as authorized by Section 1 of the Act of Assembly, approved May 29, 1913,” respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

## AN ORDINANCE

To regulate and determine the fee for licenses or permits in the Department of Wharves, Docks and Ferries, as authorized by Section 1 of the Act of Assembly, approved May 29, 1913.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That where any person or persons shall be desirous of constructing, extending, altering, improving or repairing any wharf or other building in the nature of a wharf or other harbor structure situated within the City limits, for which the Acts of Assembly and ordinances of Councils require the issuance of a license or a permit from the Department of Wharves, Docks and Ferries, such person or persons shall pay for such privilege the sums as follows:

SECT. 2. For the issuance of a license (requiring public advertising) to construct, extend, alter, or improve

any wharf or other building in the nature of a wharf or other harbor structure, a fee of \$20 for advertising, to be paid at the time of application for license, and in case the license is granted a further charge for checking over plans, issuance of license, and supervision of construction of \$1 per thousand dollars of the estimated cost of construction up to \$100,000, and 50 cents per thousand dollars for any amount of estimated cost in excess of \$100,000, but provided that no license be issued for a cost less than \$10.

SECT. 3. For the issuance of a permit (not requiring advertising) to construct, alter, improve, or repair any wharf or other building in the nature of a wharf, or other harbor structure, a fee of \$1 per thousand dollars of the estimated cost of construction up to \$100,000, and 50 cents per thousand dollars for any amount of estimated cost in excess of \$100,000, but no permit shall be issued for less than \$2.

SECT. 4. This ordinance shall be in full force and effect on and after July 1, 1915.

SECT. 5. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

#### APPENDIX No. 322.

*Philadelphia, June 23, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance au-

thorizing the vacation of Old Second street road, from Fifth street northeastwardly a distance of one hundred and eighty feet, more or less, on the northeast side, and one hundred and thirty feet, more or less, on the northwest side," respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Daniel Cahill, Geo. Connell, Fred. Schwarz, Jr., James H. McGurk, Bernard C. McGuigan, James A. Humphrys, J. H. Shaw, Wm. J. Harrington, George D'Autrechy, Henry J. Klos, Geo. Mitchell, Henry R. Shoch, Wm. E. Finley, A. M. Waldron.

### AN ORDINANCE

Authorizing the vacation of Old Second street road, from Fifth street northeastwardly a distance of one hundred and eighty feet, more or less, on the northeast side, and one hundred and thirty feet, more or less, on the northwest side.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to vacate Old Second street road, from Fifth street northeastwardly a distance of one hundred and eighty feet, more or less, on the northeast side, and one hundred and thirty feet, more or less, on the northwest side: *Provided*, That an agreement or bond, satisfactory to the City Solicitor, be first filed protecting the City of Philadelphia from all damages by reason of the vacation of said street.

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to revise the lines and grades of a portion of City Plan No. 215, to revise the grades of

Allens lane and to place Emlen street on the City plan, respectfully report this will furnish a connection between Emlen street south of Allens lane and Cresheim Valley drive and Lincoln avenue north of Mermaid lane. There will be no expense to the City. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), Daniel Cahill, Geo. Connell, Fred. Schwarz, Jr., James H. McGurk, Bernard C. McGuigan, James A. Humphrys, J. H. Shaw, Wm. J. Harrington, George D'Autrechy, Henry J. Klos, Geo. Mitchell, Henry R. Shoch, Wm. E. Finley, A. M. Waldron.

### AN ORDINANCE

To revise the lines and grades of a portion of City Plan No. 215; to revise the grades of Allens lane, and to place Emlen street on the City plan.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of that portion of City Plan No. 215, bounded by Lincoln avenue, Allens lane, McCallum street, the line of St. Martins lane and Mermaid lane; to revise the grades of Allens lane between Lincoln avenue and Jefferson street, and to place on the City plan Emlen street, sixty (60) feet wide, between Allens lane and Cresheim Valley Drive: *Provided*, That the trustees of the estate of Henry H. Houston, deceased, shall, within one year from the date of the approval of this ordinance, dedicate to the City of Philadelphia the bed of the said Emlen street between Allens lane and Cresheim Valley Drive so far as the same extends through the property of the estate of Henry H. Houston; and also, shall, within one year from the date of the approval of this ordinance, enter into an agreement, satisfactory to the City Solicitor, to grade, lay water pipe, construct house drainage and storm water sewers, and pave the cartway of the said Emlen street with bituminous macadam, with water-

bound macadam shoulders and brick gutters, at the sole expense of the said estate, upon the portion of Emlen street owned by the said estate.

OFFICE OF THE MAYOR.

*Philadelphia, June 30, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Your action regarding my message of June 24th, taking me to task for transmitting it to you, calls for a reply on my part.

Let me cite but one fact justifying that message. As early as March 5, 1914, an ordinance was introduced authorizing the substitution of gas for 11,000 gasoline lights. I have referred to this important subject in at least seven messages since that time, the first of which was sent you on June 18, 1914, but up to date you have assigned no reason for the failure to pass the necessary ordinance.

The proposed change would save the City approximately \$70,000 a year and would vastly improve the lighting. Your delay has already cost the City about \$100,000. The United Gas Improvement Company has been ready to proceed with the work, and even last fall, when thousands of men were out of employment, you neglected to take favorable action on this proposition and thus deprived men who were anxious for work from an opportunity of earning a livelihood.

The proposition is too plain to need any further elucidation. You can save the City \$70,000 a year, improve the lighting very materially, add \$400,000 to the value of the Philadelphia Gas Works and give employment to many men now out of work. I again ask for action. If you further decline, the people of Philadelphia will know upon whom the responsibility rests.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## OFFICE OF THE MAYOR.

*Philadelphia, June 30, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—Permit me to ask the attention of your Honorable Bodies to the accompanying copy of a letter from the Director of the Department of Public Works, urging that your Honorable Bodies take prompt action to provide for the opening of Broad street, between Olney avenue and Grange street, and between Oak Lane and a point 282 feet northwest of Cheltenham avenue. You will see from the Director's letter that these openings are of the utmost importance, and I think you will agree with me that the necessary ordinance should be passed before your adjournment for the summer.

DEPARTMENT OF PUBLIC WORKS.

*Philadelphia, June 30, 1915.*

HON. RUDOLPH BLANKENBURG,  
Mayor of the City of Philadelphia.

DEAR MR. MAYOR:—I call your attention to the very dangerous conditions existing on York Road, between Olney avenue and the County Line, due to the absence of sidewalks for almost the entire distance of one and one-half miles. The trolley tracks are, for the most part, on the sides of the road, and owing to the absence of sidewalks the people are forced to walk in the middle of the road. This road is the main road from Philadelphia north, and the automobile traffic is ever increasing. A

number of people have been killed and injured by automobiles within the past few years, and it is a matter of pressing necessity that some action should be taken by the City to relieve these conditions. As an indication of the temper of the public demand for relief, I quote the following from a letter addressed to you by the East Germantown Improvement Association:

"We also call your attention to the very dangerous condition existing along York Road, caused by the absence of sidewalks on the greater part of this highway. Women, children and men must walk on the roadway, which is also extensively used by speeding automobiles; result, many people killed or injured. This is a disgrace to the City. We believe it is of far more importance to give the people a safe place to walk than to build boulevards. When we take into consideration the number of people who have been killed on York Road, it proves unquestionably the City's duty to take such action as will, without further delay, place sidewalks on both sides of York Road at all points within the City limits. This association is situated in both of the above wards and appeals in behalf of the residents thereof."

We have similar complaints from the Stenton, Fern Rock and the Tabor Improvement Associations.

The road is legally opened 60 feet wide. It has never been graded, and we cannot force the trolley company to place their tracks in the center of the road until it is graded. The center line of the tracks is on the confirmed curb line, and there is not sufficient space between the inner rail and the house line to place sidewalks, even if we could force the property owners to do so on an ungraded street.

We have an ordinance to grade between Oak Lane and the County Line, for which we are about to advertise for bids. Conditions will, therefore, be relieved between those points, but the most dangerous conditions exist between Olney avenue and Oak Lane.

The Bureau of Highways have agreed that conditions may be greatly bettered on York Road if traffic were deflected to Broad street, between Oak Lane and Olney ave-

nue, pending the necessary legislation to provide for the grading of York Road, and revision of grade proceedings, which will consume about six months. Broad street is now graded between Grange street and a point 282 feet northwest of Cheltenham avenue. It is not legally opened between Olney avenue and Grange street and between a point northwest of Cheltenham avenue and Oak Lane.

One of the most dangerous points on York Road is at the corner of Olney avenue, which is a transfer point for two trolley lines, and where, on account of the absence of sidewalks, it has been necessary to station traffic policemen.

If Broad street were opened and graded between Olney avenue and Grange street it would mean the construction of sidewalks on both York Road and Broad street between these limits, as Broad street includes York Road between Olney avenue and Grange street. On May 21, 1914, I forwarded to Councils an ordinance to open Broad street, between Olney avenue and Grange street, but no action was taken by the Highway Committee until June 23, 1915. On December 22, 1914, the Bureau of Surveys furnished estimates and plans for the opening of Broad street, between Cheltenham avenue and Oak Lane. This ordinance was not reported out of Committee until June 23, 1915. The delay in the passage of these ordinances has blocked our plans for this improvement, which is so obviously in the interest of public safety.

The opening between Olney avenue and Grange street will involve an amount not exceeding \$25,000. The opening between Cheltenham avenue and Oak Lane will not exceed \$20,000.

I, therefore, request that these facts be placed before Councils to-day, and that they be urged to provide for the opening of Broad street, between Olney avenue and Grange street, and between a point 282 feet northwest of Cheltenham avenue and Oak Lane, before the close of the present session.

Very truly yours,

(Signed) M. L. COOKE,

*Director.*

## APPENDIX No. 335.

OFFICE OF THE MAYOR.

*Philadelphia, June 30, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith Common Council bill  
No. 276 entitled:

“An Ordinance to authorize certain transfers in the  
annual appropriations to the Departments of Public  
Safety, Public Works, Public Health and Charities,  
Supplies, City Commissioners, Clerk of Quarter Ses-  
sions, Coroner and City Treasurer, for the year  
1915,”

with my approval except for the following item:

“CORONER.

“Item 5. Filing cases, racks, lockers, etc., one  
thousand five hundred (1,500) dollars.”

I approve the above item in the sum of one thousand  
four hundred and forty-five (1,445) dollars and withhold  
my approval from the balance thereof.

Thereby reducing the amount transferred from Item  
15 (d), general repairs to Morgue, Bureau of City Prop-  
erty, Department of Public Works, from five hundred  
(500) dollars to four hundred and forty-five (445) dollars.

There is a balance of only \$445 in Item 15 (d), Bureau  
of City Property, from which this ordinance attempts to  
transfer \$500. I have, therefore, been obliged to reduce  
this to the proper sum and to deduct the same amount of  
\$55 from the transfer to Item 5 in the Coroner's Office,  
since the latter appropriation was being provided, in part,  
by the incorrect transfer from the Bureau of City Prop-  
erty.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## APPENDIX No. 336.

## OFFICE OF THE MAYOR.

*Philadelphia, June 30, 1915.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I respectfully request your Honorable Bodies to withdraw from me, for purposes of amendment, Common Council bill No. 278, entitled:

“An Ordinance to authorize a transfer in the appropriation to the Department of Public Works under ordinance approved January 31, 1905, for the improvement of the Parkway.”

I have received from the Chief of the Bureau of Highways a careful report, bearing the approval of the Director of the Department of Public Works, from which the following is quoted:

“This ordinance was introduced and passed at the request of the Department, but the ordinance as drafted by this Bureau authorized the expenditure of the balance of the funds available on this item over the entire length of the Parkway, whereas the ordinance as passed limits this expenditure between Sixteenth and Seventeenth streets.

“While it was desired to spend the greater part of this item on the improvement of the Parkway, between Sixteenth and Seventeenth streets, certain of the funds must be used on other portions of the Parkway, where buildings are to be demolished and other minor work to be performed. It, furthermore, will be necessary to charge the salaries of the inspection force now engaged on the construction of the Parkway, between Nineteenth and Twenty-second streets, against this item, and the ordinance, as drafted, might prevent this.

“I would, therefore, suggest that the ordinance be returned to Councils, with the request that it be

amended by changing the last line, which reads, 'for the improvement of the Parkway, between Sixteenth and Seventeenth streets,' to 'for the improvement of the Parkway, from City Hall to Fairmount Park.' This will enable the Bureau to expend the major portion of the balance upon the improvement between Sixteenth and Seventeenth streets, but will at the same time permit the expenditure of a certain portion of these funds for the minor improvements along the line of the Parkway previously mentioned."

From this it is clear that it would be improvident to pass the ordinance in its present form. I trust, therefore, that your Honorable Bodies will withdraw the ordinance and pass it again speedily with the amendment suggested.

Respectfully yours,

RUDOLPH BLANKENBURG,

*Mayor.*

## AN ORDINANCE

Amending an ordinance approved April 12, 1909, authorizing the Director of the Department of Public Works to permit owners of property to pave or repave streets in front of their property where the City will be at no expense.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the ordinance approved April 12, 1909, authorizing the Director of the Department of Public Works to permit owners of property to pave or repave streets in front of their property where the City will be at no expense, be hereby amended by striking out the words "sheet asphaltum" and substituting the words "sheet asphalt, asphalt blocks, Filbertine or Bitulithic," and by inserting the words "Filbertine or Bitulithic" after "in suburban sections with macadam," and further by striking out the words "to grant

permission" and inserting in place thereof the word "and," also inserting the words "to enter into a contract with competent pavers" after the words "when desired by owners of property," and also by inserting the words "by the paving contractor" after the words "be first filed," so that the ordinance will read:

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Director of the Department of Public Works be authorized and directed, whenever he deems it for the best interest of the City of Philadelphia, and when desired by owners of property, to enter into a contract with competent pavers to pave or repave the street in front of their properties with granite or other stone blocks, sheet asphalt, asphalt blocks, Bitulithic or Filbertine, vitrified fire clay or shale bricks, and in suburban sections with macadam, Filbertine or Bitulithic, with brick or rubble gutters, under the terms and conditions hereinafter set forth: *Provided,* That such work shall extend for not less than one block or square in length, from curb to curb, and include all necessary intersections to connect with a paved street, and be at the sole cost of the owners of the property, and shall be done under the direction, supervision and to the satisfaction of the Department of Public Works, under specifications to be furnished by said Department, which shall contain all the usual requirements for like contracts with the City: *And provided,* That a bond, satisfactory to the City Solicitor, be first filed by the paving contractor, covenanting and agreeing to keep said pavement in good order and repair for five years after the work is completed: *And provided further,* That all ordinances requiring gas and water pipe to be first laid and sewer constructed in the streets before being repaved shall be strictly complied with: *Provided, however,* That no such work shall be given to any contractor not in good standing.

SECT. 2. That the ordinance approved September 12, 1905, relative to paving streets at private cost, and all other ordinances or parts of ordinances inconsistent herewith, be and the same are hereby repealed.

## APPENDIX No. 366.

In addition to the general and loan funds available for appropriation at January 1, 1915, there were park funds available amounting to \$8,009.73, being the receipts in 1914 for park purposes only.

A summary of the funds available for appropriation at January 1, 1915, follows:

General fund surplus .....	\$ 1 406 424 82	
Balance of 1915 estimate unappropriated.....	43 347 40	
		\$ 1 449 772 22

Special and trust fund:		
Park fund .....		8 009 73
Total funds available for appropriation January 1, 1915..		\$ 1 472 241 28

The moderate decrease in the general fund surplus compared with that of a year ago is due to smaller merging appropriation balances. The excess of actual receipts over the estimate was \$92,711.01 greater in 1914 than in the year previous.

The funds available for appropriation would have been further increased if the estimated receipts from current and delinquent taxes had been realized, whereas the actual receipts from these sources were \$571,-903.75 less than the estimate.

The decrease in receipts of delinquent taxes during 1914, compared with the estimate based on the five years' average, arises from the fact that the year 1913 was the first year in which delinquent City tax and delinquent school tax existed independently and went into separate treasuries. The total of delinquent City tax and delinquent school tax collected in 1914, \$ 1,616,898.56, is an increase of \$ 124,360.65 over the similar receipts in 1913.

The non-merging balance of general fund appropriations carried forward to the books of 1915 is \$ 912,936.29, compared with \$ 836,125.97 for the year previous. This is an increase of \$ 76,810.32. These non-merging balances of general fund appropriations brought forward are as available for the prosecution of the work of the new year as are the annual appropriations.

A large reduction of the unencumbered balances of both the general fund and loan funds was made in November and December, 1914, by the departments entering into several hundred contracts at a time when it was impossible to enter into, or initiate any of the constructive work thereon. By this means, the general fund was mortgaged in 1914 for the benefit of 1915, and the general fund surplus correspondingly reduced in a manner that would appear at variance with the intent of the Pay-as-you-go-Act of 1879.

*Loans Authorized and Unissued, January 1, 1915.*

3,160,000.00 loan of June 22, 1914 .....	1 660 000 00
Total .....	<u>\$5 085 000 00</u>

The ordinance of your Honorable Bodies authorizing the sale of the \$ 11,300,000 loan approved by the people at the November, 1914, election was approved by His Honor, the Mayor, on January 7, 1915.

On March 30, 1914, the Supreme Court of Pennsylvania handed down a decree declaring illegal the \$ 8,600,000 loan which had been submitted

to the people at the November, 1913, election and favorably voted upon by them, as well as the \$ 12,900,000 loan which your Honorable Bodies had directed should be submitted to the electors at a special election to be held early in 1914. These loans were declared illegal because they were based upon a borrowing capacity ascertained by deducting from the total funded debt the net school debt, in accordance with the decision of the Court of Common Pleas No. 4 of April 12, 1913. The decree of the Supreme Court of March 30, 1914, was confirmed by its final decree of May 12, 1914. The net school debt at January 1, 1914, was \$ 6,382,842.88, and the borrowing capacity was consequently to that extent decreased.

*Appropriation of Authorized Loans before Negotiation and Issue.*

During 1914 the City has been operating under the provisions of the Act of Assembly of July 24, 1913, earnestly advocated by the Department of City Controller for a number of years, which made it lawful for appropriations to be made, contracts entered into, and work done, and materials furnished under such contracts when funds for the purposes thereof shall have been, or have been authorized to be borrowed, without awaiting the issue of such loans or the receipt by the City treasury of the money to be so borrowed. As a result we have reduced the large balances of loan cash in the treasury which, on January 1, 1914, amounted to \$ 10,955,481.88, to \$ 6,971,398.54 at the close of the year. A saving of \$ 180,000 was thereby effected in 1914, which saving is the difference between the sinking fund and interest that the City must pay on outstanding loans, and the interest allowed by the banks for City moneys on deposit. I do not believe it practicable or desirable to further reduce the loan cash balance, as the disbursements of loan moneys are considerable, and sufficient working balances must be kept in the several depositories at all times.

*Inactive Appropriations of Loan Funds*

I desire to respectfully call your attention to page 10 of my budget statement to your Honorable Bodies under date of October 1, 1914, in which I urge that the City Controller have authority to merge inactive appropriations of loan funds in excess of \$ 500, where, in his judgment, and after due examination, the best interests of the City would be served thereby. Under the provisions of the ordinance of June 17, 1914, the

City Controller now has authority to merge loan balances of less than \$500 for this reason.

In these days of high interest rates, I believe it to be extremely important to make the loan funds that we have already authorized as active as possible in order that work may be afforded to the greatest number of the City's inhabitants, and any unemployment that may exist reduced to the minimum. Considerable amounts of loan moneys have remained idle in the City treasury for many years, and if the authority asked for is given to the City Controller, it would then be possible for him to merge loan moneys and make them available for other purposes.

I would respectfully suggest that this matter be carefully considered by your Honorable Bodies and referred to your legislative committee now having in charge pending legislation at Harrisburg relating to the municipality.

#### BORROWING CAPACITY.

The borrowing capacity of the City for general purposes on January 30, 1915, based upon the actual assessment of real estate certified by The Board of Revision of Taxes to the Receiver of Taxes for the collection of City and County taxes in 1915 thereon, which assessment for loan purposes is available under the decision of the Supreme Court of Pennsylvania in the case of Elliott, appellant, *vs.* Philadelphia (229, Pa. 215), is \$ 7,072,665.46. Of this borrowing capacity, \$ 4,491,287.15 is available for Councilmanic loans under the two per cent. provision of the State Constitution.

The borrowing capacity of the City for transit facilities and other permanent improvements, under the Acts of Assembly of June 17, 1913, and July 21, 1913, based upon the actual assessment of personal property certified by The Board of Revision of Taxes to the Receiver of Taxes for the collection of City and County taxes in 1915 thereon is \$ 40,781,752.74.

If arrangements could be made with the School District of Philadelphia, as provided in Section 121 of the School Code approved May 18, 1911, to issue a sufficient amount of debt to pay to the City the net school indebtedness now outstanding, the borrowing capacity would be thereby increased approximately \$ 6,000,000.00, as the money thus received by the City could be paid into the sinking fund and used to purchase City loans, thereby reducing to that extent the net funded debt.

## THE CITY'S FINANCIAL CONDITION.

Owing to a very large increase in current expenses in 1914 over 1913, the elimination of an operating deficit, which was anticipated in my annual report for the year 1913, was not realized. The 1913 deficit of \$787,443.51 was over a million dollars less than the deficit of the year 1912, which amounted to \$1,829,967.50 and it was hoped that further economies would be effected during 1914 that would result in an operating surplus. The increase in current expenses, however, kept even pace with the increase in revenues; in fact, slightly exceeded them, and as a result there is an operating deficit for the year slightly in excess of the deficit shown for the year 1913.

It can hardly be said that the financial stringency through which the City passed following the segregation of the school finances has been entirely eliminated. Though the finances are recuperating therefrom, there is an ever-growing demand for the City to take on new functions and activities, and there should be a corresponding effort made to eliminate the operating deficit, which threatens to be larger next year instead of smaller, if the \$1.00 tax rate for all municipal purposes other than schools, is to continue.

The securing from the Sinking Fund Commissioners of the refund of excess appropriations of \$407,140.63 prevented the 1914 operating deficit from being much greater. This reduction in the cost of debt service during 1914 was an important factor in financing the general operations, and, of course, the appropriations to the sinking fund each year will be reduced by this excess and the amount saved for general purposes. With the large issues of loans that will be necessary to finance contemplated public improvements, the rise in the cost of debt service should first occupy the attention of your Honorable Bodies. Some of the proposed improvements, for which money has been advanced, will, in all probability, be revenue-producing, and provide income to offset any increase in the debt service. On the other hand the City will be called upon to make many non-revenue-producing improvements, which will directly increase the cost of debt service with no direct income return. Careful consideration of the demand for these improvements is necessary when it is realized that it is impossible under present conditions to use any revenue moneys for improvements because the ordinary revenues of the City are barely sufficient at the present tax rate to meet current expenses.

## SINKING FUND.

Detailed calculations of the reserve required at December 31, 1914, to meet the funded debt at maturity have been made for each sinking fund loan. These calculations have shown that the reserve required at the close of 1914 to meet the funded debt at its respective maturities, based upon investments of the sinking fund earning  $3\frac{1}{2}$  per cent. is \$17,433,605.95. The actual earnings of the investments of the sinking fund at present are at the rate of 3.81 per cent. per annum. In order to provide for the contingency of sinking fund investments earning less than  $3\frac{1}{2}$  per cent. a further reserve of \$929,783.54 has been set up, which places the fund upon a 3 per cent. earning basis.

In addition to these reserves, the sinking fund had at December 31, 1914, a surplus reserve of \$1,617,000.92 and besides this surplus reserve a free surplus of \$1,295,297.54.

The receipts of the sinking fund in 1914 were \$3,089,187.25 from the general account to the reserve required to meet funded debt at maturity, \$4,212,921.50 from the general account for interest upon sinking fund loans, \$420,500 from the general account for maturing City loans held as investments of the sinking fund, \$765,419.78 from the general account for interest on City loans held as investments of the sinking fund and for interest on bank deposits, and \$8,167.25 of unclaimed matured loans and unclaimed interest from the fiscal agent of the City.

The disbursements of the sinking fund in 1914 were \$1,057,800 for principal of City loans maturing during the year, \$4,114,582.08 for interest on sinking fund loans, \$2,259,594.74 for securities purchased, \$400 for unclaimed matured loans, and \$786.50 for unclaimed interest.

## REVENUES ACCRUED AND EXPENSES INCURRED.

Expenses incurred for administration, operation, maintenance and debt service, including payments on principal of funded debt, payments to sinking funds and interest, for the year ended December 31, 1914, exceeded revenues accrued from all sources by \$804,164.77, which is the year's operating deficit. The operating deficit for 1913 was \$787,443.51. There was an increase of \$1,174,901.59 in the revenues accrued of 1914 over those of the previous year and an increase of \$1,191,622.85 in the expenses incurred and payments of funded debt.

### *Revenues.*

Revenues accrued for the years ended December 31, 1914 and 1913 are shown in detail by source of revenues in Schedule No. 22, page 180. The principal increases in revenue were from the United Gas Improvement Company, from current tax levy and from current personal property taxes, because the City received 4 mills instead of 3 mills, as in the previous year.

### *Expenses.*

Expenses incurred and payments of funded debt for the year 1914 are analyzed in detail by department and bureau and by character of expense in Schedule No. 19, page 103; by object of expense, page 106; by character and object, page 108; and by department and bureau and character and object beginning on page 112. In all of the schedules the figures are shown in comparative form, the figures for the year 1913 having been placed beside those for 1914.

Substantial increases in expenses are noted in the following departments, viz.: Mayor's Office (\$99,000), which arose through the appropriation to that office of \$82,000 to pay for services in connection with the plans for the proposed Convention Hall in Fairmount Park, and through increased expenditures for contributions to institutions; Receiver of Taxes (\$18,000); City Commissioners (\$240,000); Clerk of Quarter Sessions (\$21,000); Prothonotary (\$20,000); Sheriff (\$41,000); Police (\$84,000); Fire (\$106,000); Correction (\$23,000); Charities (\$348,000); Surveys (\$27,000); Water (\$62,000); Lighting (\$70,000); Park Commission (\$73,000); Board of Recreation (\$42,000), and City Transit (\$91,000). The increases in City Commissioners, Clerk of Quarter Sessions, Prothonotary and Sheriff are principally due to the organization of the Municipal Court early in 1914. The increase in the Bureau of Charities arose from increased payments for the support of dependents in institutions. Appreciable decreases in expenses occurred in the Director's Office, Public Works (\$44,000), because the 1913 figures included large items accruing from the transit investigation, which in 1914 were charged to the Department of City Transit; Highways (\$108,000), and City Property (\$32,000). There is a reduction in the expenses of the Pennsylvania Nautical School because no appropriation was made by the City for such a school in 1914.

The recapitulation by character of expense shows that the increase in costs of administration amounted to \$395,000, due largely to the organization of the Municipal Court and general increases in the administrative offices noted above. The increase in the staff of the Department of City Transit during 1914 caused a large increase in the administrative costs of that department.

Operation costs for the year 1914 increased approximately \$900,000, arising from increases in the Bureau of Charities (\$320,000); Police (\$50,000); Highways (\$380,000); Lighting (\$70,000); Park Commission (\$90,000), and Wharves, Docks and Ferries (\$35,000). Important decreases in operating expenses occurred in City Commissioners—House of Detention (\$53,000); Electrical (\$80,000), and Water (\$52,000). Maintenance cost \$312,000 less in 1914 than in 1913, the largest reductions occurring in Highways (\$495,000) and City Property (\$30,000). Debt service cost only slightly more in 1914 than in 1913, due to the refund by the Sinking Fund Commissioners of the \$407,140.63 excess appropriation in 1914 for sinking fund purposes, resulting from the much higher interest return that the Commissioners of the Sinking Fund are

now receiving over that received by them a few years ago, as set forth in my 1913 Annual Report, page 9.

The recapitulation by object shows that personal services increased \$650,000; services other than personal, \$274,000; supplies, \$181,000; equipment replacements, \$75,000, and fixed charges, \$290,000. Materials decreased \$210,000.

#### PERMANENT PROPERTIES ACQUIRED.

Permanent properties and equipment acquired during 1914, together with the 1913 acquisitions, for comparative purposes, are as follows:

	1914	1913
Land .....	\$ 534 742 87	\$ 1 009 359 79
Structures and other improvements...	5 438 498 19	6 254 202 65

Net Acquisitions .....	<u><u>\$ 6 314 891 61</u></u>	<u><u>\$ 7 658 264 09</u></u>

Schedule No. 32, beginning page 183, shows in detail the acquisitions of each department and bureau by kind of property as well as the inventory value (cost) of all permanent property of the City as of January 1, 1914, and the book value (cost) as of December 31, 1914.

#### *Property Inventory.*

An inventory was taken by each department and bureau as of March 31, 1914, of all land, structures, other improvements and equipment belonging to the City. This inventory was taken upon forms designed by the Department of City Controller, which forms provide for listing each kind of property and equipment at cost and for classifying it by the function of government for which used and by kind of property in accordance with the object of expenditure and kind of property classification, published by this department March 31, 1914.

These inventory forms also provided for obtaining actuarial information as to the years of usefulness of each kind of property and equipment, together with the elapsed life of each piece of property and equipment. The purpose of this data is to lay the basis for charging current expenses

and for setting up a sufficient reserve currently each year for maintenance and for replacements. Actual expenditures for repairs and replacements would then be charged as made to the reserves thus created. While it will probably take some time to accumulate sufficient experience as to the life of all the varieties of City-owned property and equipment to develop just the proper amount of reserve to set aside, each year's experience in this regard will make possible a greater degree of accuracy. As soon as this method of reserve accounting is well established it will be wise, in my opinion, for your Honorable Bodies to consider making appropriations for repairs and replacements to each department and bureau with non-merger provisions attached. Then appropriations will always be available for expenditures for repairs and replacements and in years when maintenance expenditures are light the appropriation balances would accumulate and be carried forward for use in subsequent years when heavy expenditures would be required. The amount appropriated each year would be governed by the reserve requirements, which would be based on experience, as I have indicated. One appropriation in each bureau for repairs and replacements might be found to be sufficient.

The figures shown in the first column of schedule No. 32, beginning on page 183, viz.: "inventory value (cost) as of January 1, 1914," were obtained by deducting from the figures of the inventory of March 31, 1914, the acquisitions from January 1 to March 31. By this method the inventory value of all property and equipment was established as of the beginning of 1914, and the full year's acquisitions shown in the next column.

The total inventory of property and equipment as of January 1, 1914, is an increase of \$61,705,020.31 over the book value at December 31, 1913, as shown in my 1913 Annual Report. This difference can be very largely traced to the inclusion in the 1914 inventory of the cost value of street and road surfacings, etc., which was not included when the first inventory was taken. The reserve for depreciation of property and equipment has been increased by the difference between the cost value and the estimated present value of this class of improvement.

The inventory of all the property and equipment of the City and County was a very considerable task, and I wish to say that it was prepared with great credit by the many individuals in the various departments and bureaus to whom the work was delegated.

## INTER-ACCOUNT ADVANCES.

There was an encouraging decrease in the use of loan moneys for current purposes in the year 1914, the net amount used being only \$347,655.16, compared with \$1,746,855.34 in the year 1913. The net use of loan moneys for current purposes and the total advances between the general and the capital accounts are shown in detail on pages 98 and 99.

The departments and bureaus which made the largest use of loan moneys for current purposes were:

Bureau of Water .....	\$ 331 611 32
City Treasurer .....	259 597 86
Bureau of Highways .....	194 831 58
Bureau of Surveys .....	118 579 67
Mayor .....	93 392 20
Park Commission .....	82 445 65
Bureau of Charities .....	81 854 10
Bureau of Fire .....	64 498 77

The departments and bureaus which made the largest use of revenue moneys for permanent improvements or capital purposes were:

Bureau of Highways .....	\$ 199 965 16
Bureau of City Property .....	137 660 21
City Treasurer .....	113 912 66
Electrical Bureau .....	96 118 66
Bureau of Surveys .....	95 211 85
Bureau of Water .....	81 589 77
Bureau of Charities .....	68 102 25
Free Library .....	45 464 78

## STORES ON HAND.

Stores on hand in the various departments and bureaus of the City decreased during the year 1914 from \$640,018.26 at the beginning of the year to \$630,082.75 at December 31st, a reduction for the year of \$9,935.51. Stores represents a very large item of the City's capital tied up, and it is hoped that a very much better accounting for this large asset than has been in vogue in the past will be gradually established by all the departments and bureaus having stores on hand. This department is now allowing some of the bureaus to charge invoices to stores account, and in those cases is receiving a report of the distribution of stores issued by function, character and object of expenditure. The schedule of stores on hand is shown on page 93.

## DISTRIBUTION OF EXPENDITURES.

#### MANUAL OF ACCOUNTING AND OBJECT OF EXPENDITURE CLASSIFICATION.

The edition of the manual of accounting, reporting and business procedure for the City and County of Philadelphia, published by the Department of City Controller December 29, 1913, has been exhausted, and during 1914 I have been revising the text and preparing illustrations of all forms for the publication of a second edition during 1915. The requests for copies that were made upon this department by officials in other cities of this and foreign countries have been very numerous. It has seemed to me that in view of the recognition thus accorded to the City of Philadelphia this department was justified in complying with these requests.

In order that there should be available a standard classification that could be recognized and used in analyzing the expenditures of the City, the Department of City Controller published March 31, 1914, the Object of Expenditure Classification. This classification of expenditures *by objects* (or things purchased) is very largely based upon the similar classification prepared by President Taft's Commission on Economy and Efficiency, and I have prescribed its use in the accounts of the City and County of Philadelphia for the reason that it is by far the most complete, comprehensive and usable classification of expenditures for Federal, State and municipal government that has come to my notice.

#### MONTHLY REPORT TO CITY COUNCILS.

The monthly report to your Honorable Bodies from the appropriation ledgers of this department showing transactions in and unencumbered balances of appropriations of general, loan and special and trust funds for every department and bureau by item number and title of appropriation was continued during the year 1914. In addition to a recapitulation of totals by departments and bureaus, this monthly report contained the title of each item of appropriation and in the loan funds the name and date of each loan under which an appropriation was made. This information was in addition to that furnished during 1913 and 1912 and made this report much more valuable to the members of your finance committee.

## RECEIPTS.

The total receipts from all sources for the year ended December 31, 1914, amounted to \$ 49,015,934.87, of which the general account receipts were \$32,536,565.01; the capital account receipts, consisting of grade crossing receipts on balance, loans sold and sinking fund receipts, \$ 11,314,864.03; and the special and trust account receipts, \$ 5,164,505.83.

The most important of the general account, capital and special and trust account receipts are as follows:

Current taxes .....	\$ 14 932 417 92
Delinquent taxes .....	1 186 376 50
Personal property taxes .....	2 249 410 52
Water rents, etc. ....	5 193 930 30
City and County Departments and offices (other than Bureau of Water) .....	4 047 780 53
Long term (30-year) loans .....	2 625 000 00
United Gas Improvement Company .....	1 953 342 96
School District of Philadelphia:	
Sinking fund and interest charges on school loans..	522 048 00
Interest on City deposits .....	258 124 41
Philadelphia Rapid Transit Company:	
For repairing streets occupied by passenger railways	500 000 00

During the year 1914 the tax rate was \$1.00 per \$100.00 of assessed valuation. The amount stated above for receipts from current taxes is an increase of \$ 448,388.74 over 1913. For a statement of increases and decreases in comparing 1914 receipts applicable to City Controller's estimate with similar receipts in 1913 and with 1914 estimate of receipts see the tables on pages 14 and 15.

The Act of Assembly of June 17, 1913, under the provisions of which the 4 mills personal property taxes were retained by the counties, resulted in an appreciable increase in the receipts from that source. Comparing the 4 mills received in 1914 with the 3 mills reverting to the county from the Commonwealth in 1913, there is an increase of \$ 420,385.08. This increase would have been considerably greater were it not for the proviso in above-mentioned Act exempting from its application certain classes of organizations and mutual associations, including life or fire insurance corporations having no capital stock. During 1914 the current collections (4 mills) amounted to \$ 2,249,410.52, and in 1913, \$ 1,829,025.44 (or 3 mills) was received from the Commonwealth from current collections.

During 1914 the county collected and paid to the Commonwealth \$ 505,844.95, receiving from the latter \$ 379,383.71 (3 mills), on account of delinquent State tax (personal property tax) in litigation for the years 1912 and 1913. This was paid in accordance with a decision in the case of Provident Life and Trust Company *vs.* McCaughn, appellant, 245 Pa. 370, dissolving injunction granted by the Court of Common Pleas No. 2, Philadelphia County, restraining collection of the tax. The 1914 personal property tax under this decision is still due and payable.

The non-receipt of anything from the Commonwealth during the year 1913 for primary election expenses was pointed out to your Honorable Bodies in my annual report for that year. I desire to say that the year 1914 also passed without a settlement by the Commonwealth of any of these claims. There was due on December 31, 1914, from the Commonwealth the following amounts on account of primary election expenses:

Primary election expenses of 1907, 1908, 1909 and 1910.....	\$ 35 763 57
Primary election expenses of 1911 .....	47 893 94
Primary election expenses of 1912 .....	45 318 95
Primary election expenses of 1913 .....	168 466 68
Primary election expenses of 1914 .....	156 915 27
Total amount due .....	<u>\$454 358 41</u>

which I would also suggest be referred to your legislative committee for appropriate action, as these sums are urgently needed for the use of the City.

There was an increase of \$ 241,685.81 in receipts of the Bureau of Water in 1914 over 1913. This may be compared with an increase in 1913 over 1912 of only \$ 56,687.48. The status of water receipts in the past few years is illustrated by the following table:

Year	Increase over pre- ceding year
1914 .....	\$241 685 81
1913 .....	56 687 48
1912 .....	87 277 98
1911 .....	264 248 64

In 1914, \$ 44,730.00 was received from the receiver of the Tradesmen's Trust Company on account of the City's deposit at the time of the failure. On December 31, 1914, there was still due from receivers \$ 58,491.18.

There was a still further reduction in 1914 of the interest on City deposits, the decrease under 1913 being \$ 66,022.79, due to a large reduction

in the balances carried. The practice commented upon elsewhere in this report of appropriating authorized loans but deferring their sale until the money is needed to replenish cash balances already in the treasury causes a reduction in the balances. On the other hand, it results in a much larger saving of interest and sinking fund payments on the loans issued. The ordinance of your Honorable Bodies approved December 24, 1914, increasing the interest on City funds deposited with banks and trust companies from two (2) to two and one-half ( $2\frac{1}{2}$ ) per cent. will considerably increase the income from this source. This increase in the interest rate is in line with the two and one-half ( $2\frac{1}{2}$ ) per cent. rate established by the Board of Education January 1, 1912, and is justified by the much higher rates for money that have obtained in recent years than formerly. The desirability of the increase has been brought to your attention in many of my former reports.

As a direct result of the operation of the Act of July 24, 1913, which permits the appropriation of authorized loans before negotiation, there was a reduction of \$ 3,750,000.00 in the amount of long term loans sold in 1914, compared with 1913. In the former year \$ 2,625,000.00 of loans were issued, compared with \$ 6,375,000.00 in the latter. No temporary loans were issued in 1914, while in the previous year a temporary loan of \$ 600,000.00 was negotiated.

There was negotiated of the \$ 3,160,000.00 loan, authorized June 22, 1914, \$ 1,500,000.00, and of the \$ 7,000,000.00 loan, authorized February 25, 1913, \$ 1,125,000.00. The sale of the former was in July at a premium slightly in excess of two per cent. The high bids and the fact that bids to the amount of \$ 20,000,000.00 were received is another indication of the high credit of the City. There was further demonstration of this in the sale of the \$ 1,125,000.00 of the \$ 7,000,000.00 (1913) loan. It was originally intended to sell \$ 825,000 over the counter at par. This sale occurred in November, three months after the outbreak of the European War, and at a time when depression of business was keenly felt throughout the whole country. The hard times, however, seemed to have little effect upon small investors, and when bids had been received to the extent of \$ 1,125,000, it was decided to sell bonds to that amount. Both of these issues were put out at four (4) per cent. interest at a time when many other cities were paying four and one-half ( $4\frac{1}{2}$ ) and five (5) per cent. for money, and when one of the largest cities in the country borrowed at six (6) per cent.

*Actual Receipts Applicable to City Controller's Legal Estimate of  
Receipts—General Fund.*

The actual general account receipts applicable to the City Controller's legal estimate of receipts for 1914 and for 1913 are shown in the following table:

GENERAL FUND	1914	Per Cent.	1913	Per Cent.
Receipts Applicable .....	\$ 31 755 932 66	102.4%	\$ 30 023 186 95	102.2%

Excess of Actual Receipts over City Controller's Legal Estimate (see page 33).....	\$ 740 728 44	2.4%	\$ 648 017 43	2.2%

Though the City Controller's estimate for 1914 was \$ 1,640,034.70 greater than for 1913, the increased collections were such that the estimate was not only realized, but the excess of actual receipts over the estimate was greater than that of the previous year, which excess is available for the fund surplus as shown on page 6.

The receipts from the United Gas Improvement Company, under the terms of the lease of the City's gas works to the said company, showed an increase in 1914 compared with 1913 of \$ 233,855.21. The five-year period during which the City receives from the company twenty (20) cents upon every dollar's worth of gas sold began in 1913. Beginning January 1, 1918, the City will receive from the company twenty-five (25) cents upon every dollar's worth of gas sold, in accordance with the terms of the lease.

\* Prior to 1914 the four (4) mill personal property tax was a State tax; three-quarters of it, however, was paid by the State to the City and is included in those years in miscellaneous receipts.

† Five (5) mills, or fifty (50) cents on \$100 of valuation appropriated to Board of Public Education in 1911; School District of Philadelphia levied a tax of five (5) mills in 1912, 1913, 1914 and 1915, which tax was in addition to the City tax of \$1.

‡ The City Treasurer's estimate of mandamus expenditures for 1915 is \$1,200,000, of which it is estimated \$200,000 will be required for running expenses and \$1,000,000 for capital outlay. It is estimated that only the mandamus requirements for running expenses will be met out of the general fund, and that the capital outlays will be met from loan funds.

## DISBURSEMENTS.

The total disbursements for the year 1914 were \$ 52,641,851.92, consisting of \$ 32,348,054.33 from the general account; \$ 14,643,651.79 from the capital account, which is made up of loan and sinking funds; and \$ 5,650,145.80 from the special and trust accounts.

Of the general account disbursements, there was expended on account of the funded debt \$ 8,774,802.46, against which must be set off the refund by the commissioners of the sinking funds of \$ 407,140.63 of excess appropriations for the year 1914. The net disbursements for the funded debt is, therefore, \$ 8,367,661.83. This was still further reduced by the receipt from the School District of Philadelphia of \$ 522,048.00.

The disbursements on account of general account warrants of 1914 was \$ 22,221,452.21, and warrants of 1913 and prior years \$ 1,174,648.80. Mandamuses to the amount of \$ 177,150.86 were paid from general fund moneys.

Of the capital account disbursements \$ 5,360,703.78 was on account of warrants of 1914, and \$ 942,632.00 warrants of 1913 and prior years, and \$ 325,012.06 was expended for mandamuses. In addition, \$ 175,000.00 was transferred to the general account to refund the mandamus expenditures from that account, making a total expenditure of loan funds for mandamuses of \$ 500,012.06, the \$ 500,000.00 being from the \$ 3,160,000 (1914) loan, authorized June 22, 1914, and the \$ 12.06 a balance of the \$ 7,000,000.00 (1913) loan available at the beginning of the year.

Sinking fund disbursements totaled \$ 7,840,303.95, of which \$ 1,057,800.00 was for principal of maturing loans; \$ 4,114,582.08 for interest on sinking fund loans; \$ 2,259,594.74 for new investments by the commissioners of the sinking funds in city loans; \$ 400.00 for unclaimed matured loans, and \$ 786.50 for unclaimed interest.

In addition, the commissioners paid to the general account \$ 407,140.63 mentioned above on account of excess appropriation received in 1914.

The attention of your Honorable Bodies is called to the insufficient provision in 1914 of unappropriated funds to meet mandamus executions on the City treasury. The unappropriated funds available for mandamus executions were exhausted in July, 1914, and since that time there have been no funds in the hands of the City Treasurer available for these expenditures, and as a result there is now outstanding \$ 368,562.30 of unpaid mandamus executions, all bearing interest at the rate of six (6) per cent. per annum. Of these mandamuses payable, \$ 61,477.91 were charged to expenses of 1914 and \$ 307,084.39 to capital outlay for permanent improvements.

The \$ 800,000.00 set aside for mandamuses in the loan of \$ 11,300,000.00 will be available when a portion of this loan is negotiated in January, 1915, but this amount is inadequate to provide for the mandamus executions that will undoubtedly be made upon the City treasury during 1915.

## FIRE INSURANCE FUND.

The balance in the hands of the commissioners of the sinking fund to the credit of the fire insurance fund as security against loss by fire on property owned by the City amounts to \$ 439,769.80, of which \$ 410,000.00 is invested in City loans and \$ 29,769.80 is in cash.

The 12 cents remaining to the credit of the laundry fire at the Philadelphia Hospital has been returned to the general reserve for losses by fire account.

The balance of \$ 2,974.32 remaining to the credit of the Kreiger barn fire has been exhausted by the payment during the year 1914 of \$2,974.28, and return of .04 cents to the general reserve.

The amount of \$ 2,043.00 allowed for damages to Fire Station No. 6, Montgomery avenue, southeast of Girard avenue, has not yet been claimed.

The loss by fire from an unknown origin, on November 12, 1913, of a barn known as the "Old Piggery," on the farm grounds of the House of Correction, has been adjusted by the award of \$ 4,195.61, upon which no drafts have yet been made.

The loss by fire from lightning of that part of the main building known as the laundry at the House of Correction, on May 27, 1914, has been ad-

justed by the award of \$ 4,669.91, for damages to building, for temporary repairs and for contents, upon which no drafts have yet been made.

The slight fire occurring November 24, 1913, in the store and building belonging to the City, at No. 37 North Fifteenth street, still awaits adjustment.
